## Message Of Upanisads:

**The Message of the Upanishads** Swami Ranganathananda, The Message of the Upanishads is a study verse by verse of three of the principal Upanishads namely Isha Kena and Katha in the light of modern thought and modern needs Though constituting a small portion of the total Upanishadic literature they yet contain a lucid exposition of all the essential ideas of this immortal literature The spiritual insights of the Upanishads are an exception to the tyranny of time Subsequent scientific advances have not only affected their truth value but have on the contrary only helped to reveal the rational basis of their insights and enhanced their spiritual appeal This is no wonder because these insights are the products of an equally scientific investigation into a different field of experience namely the world of man s inner life Published by Advaita Ashrama a publication house of Ramakrishna Math Belur Math *Message of the Upanishads* Sankaran Ranganathananda,1971-11-01

**The Story of Rama (A Mythological Novel)** Narendra K. Sinha,2006      *Tat Tvam Asi* Dr.Michael

Puthenthara,2013-05-21 Tat tvam asi is an extraordinary book enveloping the gamut of the Upanishadic insights in all their profundity and splendour Its author is a literary genius with about 40 books and compositions to his credit The book which has received over 12 awards from various institutions in India is written in a style that is quite Upanishadic and not easily comprehensible to the ordinary man It also uplifts the imagination of the reader This translation is an attempt to make Tat tvam asi reach a global audience unfamiliar with Upanishadic terms and concepts It could not have been achieved without a background in Philosophy both Indian and Western Nevertheless it was an arduous exercise to find suitable words to convey the correct meaning intended by the author I am grateful to the author for giving me freedom to accomplish it in my own way as well as for accepting the translation as authentic Undertaking the work of translation was a highly satisfying and enriching experience This translation one hopes will generate a renaissance in Upanishadic knowledge at an international level as Tat tvam asi did in Kerala when it was first published

**The Monk Without Frontiers** A Birth Centenary Tribute, This is a compilation of 134 reminiscences of Swami Ranganathananda presenting his multi faceted personality in an inspiring as well as interesting manner The Swami in his long monastic career of about eight decades had contributed in diverse fields of which the most significant and notable one for which he was reputed all over the world was his contribution as the cultural and spiritual ambassador of India to the world A very colourful picture of the Swami thus emerges out of the pages of this book Published by Advaita Ashrama a publication house of Ramakrishna Math Belur Math India      *India Of My Dreams* Pt. V.K. Sharma,2009      *Two Gurus One Message* Savinder Kaur Gill,Sonam Wangmo,2019-01-01

Buddhism and Sikhism founded by the Lord Buddha and Guru Nanak respectively are both religions of India with a two thousand year gap between the two faiths Tarungpa Tulku in his 1966 article Guru Nanak in Tibet A Buddhist view point wrote that Tibetan Buddhists have a special connection with Sikhism due to the belief that Guru Nanak was a manifestation of Guru Padmasambhava It is with this curiosity that the idea for this book was conceived leading to the discovery of an astonishing number of similarities between the two spiritual traditions This comparative study the first major attempt of its kind scoured the entire Sikh Scripture Shri Guru Granth Sahib and found numerous parallels with the Buddhist Canon especially Pali ranging from the life stories of the founding fathers of the two faiths their social agenda and core tenets to articles of faith including religious symbolism It is hoped that this research can in some way help to blur the divisions between religious labels and bring out pure spirituality devoid of fixation on religious externalities which leads to much dissent especially in this degenerate era While acknowledging the rich diversity and uniqueness of each spiritual tradition this book eventually comes to the conclusion that spirituality transcends religious labels We have come to appreciate that although the

externalities of religion may differ vastly spiritual insights remain universal

### **VEDANTA OF**

**VIVEKANANDA: Studies and Experiments** Arunabha Banerjee, 2020-08-30 One question that has been bothering mankind since time immemorial is what happens to us where do we go once our body is dissolved Various theories have been proposed by systems after systems the dualists speak of threefold eschatology where when a man dies he goes to heaven or goes to the sphere of the wicked persons to roam as ghosts and demons or falls back to earth only to be reborn as animals here the non dualists or Advaitists ask how can one come and go and to what place especially when one is infinite The very question of birth and death concerning this soul turns out to be nonsensical as the soul or the self of the man is omnipresent and everywhere and the talks of birth and death of havens and higher havens are a childish dream and vanishes the moment one realizes the truth

*The Oneness of the Eastern Heart and the Western Mind* Sri Chinmoy, 2014-03-22 This historic collection of all of Sri Chinmoy's university lectures in eBook form has been released to commemorate the 50th anniversary of Sri Chinmoy's arrival in the West on 13 April 1964 Sri Chinmoy's very first university lecture was given at the University of the West Indies in Kingston Jamaica on 10 January 1968 It was entitled Spirituality What It Is and What It Is Not This inaugurated a whole era of talks which saw Sri Chinmoy travelling ceaselessly across the length and breadth of America and around the world to address the youth of each country He would spend countless hours travelling by car or train to reach far flung universities sometimes visiting two or even three in the course of a single day After many of these sublimely inspiring discourses he would answer questions from the audience or spend time instructing sincere seekers in the age old practices of concentration meditation and contemplation By the mid seventies Sri Chinmoy had spoken volumes and he began to include longer and longer periods of silent meditation in his lectures Then in 1984 in a significant departure from the spoken word he introduced the theme of Peace Concerts At these concerts Sri Chinmoy would play his own soulful and devotional compositions on a variety of instruments of both Eastern and Western origin meditating between each instrument and sometimes giving aphorisms on peace and related themes In 2003 yet another form of Sri Chinmoy's self offering unfolded when he travelled to a number of universities to honour distinguished professors for their significant contributions to the betterment of humanity by physically lifting them overhead This remarkable endeavour was part of his Lifting Up the World

With a Oneness Heart award programme Thus through words silence music and a combination of physical and spiritual upliftment Sri Chinmoy has shared his profound spiritual message with the aspiring Truth seekers and God lovers of the university world for four decades Sri Chinmoy s words are mantras for the modern age reverberating in our hearts with their timeless and truly life transforming wisdom In his exquisite prose which is suffused with the very breath and cadence of poetry Sri Chinmoy has revealed all the many stages of the seeker s journey towards the Golden Shores of the ever transcending Beyond For generations to come these three volumes will awaken the inner mounting cry of seekers everywhere to achieve the highest Goal of Yoga union with God in this life
