sociology political science anthropology and ethics      *Bahá'í Ethics in Light of Scripture: Virtues and divine commandments* Udo Schaefer, 2007 There is a fundamental discrepancy between man as he is and man as he could be if only he recognized his true being and purpose Ethics is the discipline by which man can understand how he can pass from the first condition to the second Udo Schaefer's *Bahá'í Ethics in Light of Scripture* is an attempt to analyse the underlying structures and detect the interior architecture of the Bahá'í moral system and is a step towards developing a Bahá'í moral theology Doctrinal Fundamentals the first of two volumes provides a historical overview of the Bahá'í Faith a systematic survey of its doctrines and an overview of the origin and derivation of moral values It considers the metaphysical nature of human beings and human responsibilities looks at reason and conscience and explores liberty and its limits Schaefer's second volume deals with concrete values the virtues divine commandments and principles of social ethics from a Bahá'í perspective      **History of the Bahá'í Faith in South Carolina, A** Louis Venters, 2019 The Bahá'í Faith is increasingly acknowledged as South Carolina's second largest religion part of the social fabric of the state The earliest mentions of the distinctively interracial theologically innovative faith community in the state date back to the Civil War Black white and indigenous South Carolinians defied racial and religious prejudices to join the religion during the tumultuous civil rights era From the visit of the first Bahá'í teacher in 1910 to the Carolinian Pentecost of the 1970s and beyond the faith has deep roots in the Palmetto State Author and Bahá'í historian Louis Venters provides for the first time an overview of the first century of the Bahá'í Faith in a state with one of its strongest followings      Abraham and the Secular Simone Raudino, Uzma Ashraf Barton, 2021-11-01 This volume offers both theoretical approaches and case studies on the relationship between religion and the secular world Bringing together contributions from seasoned authors religious leaders and brilliant new scholars it frames the long standing debate on how to structure a comparative representation of any religion on the one side and the secular world on the other Often the very act of comparing religions exposes them to an assessment of their role in history and politics and risks leading to some sort of grading and ranking which is highly unproductive By candidly discussing the relation between religion and the secular and providing concrete examples from four case studies Christianity Islam Judaism Bahá'í this book provides an important reference on how this can be achieved in a neutral way while keeping in mind the normative finality of seeking conciliation to existing fractures both within and among religions      **Eve Nicklin: She of the Brave Heart** Boris Handal, 2011-10-10 Eve Nicklin was among the first American Bahá'í pioneers to South America Armed with an unreserved love for humanity for five decades she spread the all embracing teachings of the Bahá'í Faith with unswerving dedication and zeal settling in twelve cities within six South American countries A gifted educator Eve attracted people from all walks of life from the university professor to the peasant and simple folk whether a dignitary or a commoner rich or poor both the young and the old Whenever someone was required to settle in the southernmost and freezing tip of the continent or in the very heart of the Andes Eve was always the first to joyfully accept the call Her life was characterised by a strong belief that the Bahá'í teachings

were the means to achieve world unity universal peace and the brotherhood of all faiths

**No Jim Crow Church** Louis Venters, 2016-09-20 A richly detailed study of the rise of the Bah Faith in South Carolina There isn't another study out there even remotely like this one Paul Harvey coauthor of *The Color of Christ: The Son of God and the Saga of Race in America* A pioneering study of how and why the Bah Faith became the second largest religious community in South Carolina Carefully researched the story told here fills a significant gap in our knowledge of South Carolina's rich and diverse religious history Charles H. Lippy coauthor of *Religion in Contemporary America* The emergence of a cohesive interracial fellowship in Jim Crow era South Carolina was unlikely and dangerous However members of the Bah Faith in the Palmetto State rejected segregation broke away from religious orthodoxy and defied the odds eventually becoming the state's largest religious minority The religion which emphasizes the spiritual unity of all humankind arrived in the United States from the Middle East at the end of the nineteenth century via urban areas in the Northeast and Midwest Expatriate South Carolinians converted and when they returned home they brought their newfound religion with them Despite frequently being the targets of intimidation and even violence by neighbors the Ku Klux Klan law enforcement agencies government officials and conservative clergymen the Bah's remained resolute in their faith and their commitment to an interracial spiritual democracy In the latter half of the twentieth century their numbers continued to grow from several hundred to over twenty thousand In *No Jim Crow Church* Louis Venters traces the history of South Carolina's Bah community from its early origins through the civil rights era and presents an organizational social and intellectual history of the movement He relates developments within the community to changes in society at large with particular attention to race relations and the civil rights struggle Venters argues that the Bah's in South Carolina represented a significant sustained spiritually based challenge to the ideology and structures of white male Protestant supremacy while exploring how the emergence of the Bah Faith in the Deep South played a role in the cultural and structural evolution of the religion

**Trudy and the Baha'Is' Spiritual Path in South Carolina** Annette Reynolds, 2015-10-07 The 2010 Religion Census lists the Bahai faith as the second largest religious tradition in South Carolina So according to the census South Carolina has a higher percentage of Baha'is than in any other state Christianity remains the largest religious tradition in every state To many this will come as a surprise This true story gives a glimpse into South Carolina Bahai activities beginning in the mid 1960s It is told by personal narratives news stories and archival research This is the story of peaceful evolution toward building spiritual communities Spiritual community building can happen in South Carolina anywhere and everywhere in the world The story revolves around memories of Trudy a selfless and devoted Bahai pioneer Bahais in South Carolina and from around the world contributed stories of traveling with Trudy and sharing the Bahai Faith Bahais from around the world were interested in and visited South Carolina throughout the story's time frame The author's experiences as a native of South Carolina as well as other South Carolinians add local flavor What is the Bahai faith Who are the Bahais Who is Bahau'llah In her later years Trudy suffered from Alzheimer's However there were

two things Trudy never forgot her granddaughters green eyes and that Bahauallah is who he says he is

**The Baha'i Faith** William S. Hatcher, James Douglas Martin, 2002 Explore the history teachings structure and community life of the world wide Baha i community what may well be the most diverse organized body of people on earth through this revised and updated comprehensive introduction 2002 Named by the Encyclopedia Britannica as a book that has made significant contributions to the knowledge and understanding of religious thought The Baha i Faith covers the most recent developments in a faith that in just over 150 years has grown to become the second most wide spread of the independent world religions

**Who Are the Authoritative Interpreters of Sacred Writings?** Reynaldo Pareja, 2019-03-09 Authentic sacred books possess a compelling interior force that seems to open a channel of communication between this dimension of human existence and the transcendent They have been for thousands of years the depositories of a divine wisdom and language that is not found in other type of literature Their imperishable richness is not void of an individual and collective effort of interpretation of what those texts authentically mean How much of the literal text is a historical account of events that happened beyond recorded time How much of it is symbolic language that defies literal interpretation What ethical and moral foundation do they offer as guidance for humanity s spiritual development The ultimate question to find answers to these questions is Who has an authoritative interpretation of those sacred texts that is truthful and accurate This is the objective of this book an exploration on who has such authority and how it has been manifested in past religions

*Citizens of the World* Margit Warburg, 2018-08-14 Citizens of the World deals with the Baha is and their religion While covering the historical development in sufficient detail to serve as a general monograph on Baha i emphasis is laid on examining contemporary Baha i with the Danish Baha i community as a recurrent case The book discusses Baha i religious texts rituals economy everyday life demographic development mission strategies leadership and international activism in analyses based on primary material such as interview studies among the Baha is fieldwork data from the Baha i World Centre in Israel and field trips around the world The approach is a combination of history of religions and sociology of religion within a theoretical framework of religion and globalisation Several general topics in the study of new religions are covered The book contributes to the theoretical study of globalisation by proposing a new model for analysing globalisation and transnational religions

*The Ascent of Society* John S. Hatcher, 2007 In The Ascent of Society The Social Imperative in Personal Salvation author John S Hatcher answers questions that have been explored by spiritual seekers for many yearshow does personal spiritual development translate into social experience Is there a social imperative connected with individual spiritual growth Is involvement with others necessary for one to evolve spiritually This penetrating study describes the objective of personal spiritual growth as an ever expanding sense of self that requires social relationships in order to develop Hatcher focuses on the Bah belief that human history is a divinely guided process in which spiritual principles are gradually and progressively expressed in social institutions He demonstrates that the aspirant to spiritual transformation cannot view personal health and

development as being possible apart from the progress of human society as a whole      *The Khamsis: A Cradle Of True Gold* Boris Handal,2020-07-09 In 1881 five brothers known as the B qirof Khamsi clan whom Bah u ll h designated as S d t i Khams The Five Siyyids in Arabic accepted the Bah Faith in the northern part of Iran For such an intrepid decision they were automatically disinherited from the family fortune although interestingly became affluent later by their own toil This book describes this wealthy family and their struggles to survive in the midst of a fanatical establishment It is the narrative of a kinfolk using their high social position to defend overtly and covertly their newly espoused religion and the vulnerable community gathered around those teachings Bigotry persecution and harassment could not abate their inner spiritual forces but rather strengthened their resolution for getting their religion known recognised and protected Going through various tumultuous Iranian social scenarios three main waves in such a courageous family are easily recognisable namely Siyyid Na ru ll h B qirof Siyyid Ahmad Khamsi B qirof and Mas ud Khamsi the latter whom ultimately brought the Bah Faith to ten of thousands of indigenous people of South America An exemplary trilogy taking the reader to Iran Russia the Holy Land France Germany Austria Hungary Africa and even to awe inspiring areas such as the Amazon rainforest and the Andes mountains exemplifying that love for humanity also travels and it never tires in giving if inspired by higher principles      *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1977      **The Bahá'í World** ,2002      *Progressive Revelation*, Reynaldo Pareja,2018-08-01 Some of the fundamental questions that millions have asked throughout mankind s history is If God exists who is He how can I know Him is it possible to imagine Him how can I talk to Him Is God another of our mental categories and therefore product of our imagination a figment of our brain chemistry or does God really exist and has communicated with us in a verifiable and objective manner revealing to us who He really is If such communication has already occurred then in what manner has it happened If it already occurred what has God revealed about Himself that helps us understand who He is what is His ultimate Essence We hope the reflections presented in this book will provide a satisfactory answer that fills our daily pilgrimage with optimism until we attain the presence of our Creator      **The Baha'i Faith: A Guide For The Perplexed** Robert H. Stockman,2012-11-21 Founded by Bah u llah in Iran in the 19th century the Bah Faith is one of the youngest of the world s major religions Though it has over 5 million followers worldwide it is still little understood outside of its own community The Bah Faith A Guide for the Perplexed explores the utopian vision of the Bah Faith including its principles for personal spiritual transformation and for the construction of spiritualized marriages families Bah communities and ultimately a spiritual world civilization Aimed at students seeking a thorough understanding of this increasingly studied religion this book is the ideal companion to studying and understanding the Bah Faith its teachings and the history of its development      **Advancement of Women** Janet Adrienne Khan,Peter Khan,2003 The equality of women and men is one of the basic tenets of the Baha i Faith and much is said on the subject in the Baha i writings Until now however no single volume created for a general audience has provided comprehensive coverage of the Baha i teachings on

this topic and its many aspects In this broad survey husband and wife team Janet and Peter Khan address even those aspects of equality of the sexes that are usually ignored or glossed over in the existing literature
