*Essential Library of Congress Subject Headings* Vanda Broughton, 2011-11-20 Library of Congress Subject Headings LCSH are increasingly seen as the English language controlled vocabulary despite their lack of a theoretical foundation and their evident US bias In mapping exercises between national subject heading lists and in exercises in digital resource organization and management LCSH are often chosen because of the lack of any other widely accepted English language standard for subject cataloguing It is therefore important that the basic nature of LCSH their advantages and their limitations are well understood both by LIS practitioners and those in the wider information community Information professionals who attended library school before 1995 and many more recent library school graduates are unlikely to have had a formal introduction to Library of Congress Subject Headings LCSH Paraprofessionals who undertake cataloguing are similarly unlikely to have enjoyed an induction to the broad principles of LCSH This is the first compact guide to LCSH written from a UK viewpoint Key topics include background and history of LCSH subject heading lists structure and display in LCSH form of entry application of LCSH document analysis main headings topical geographical and free floating sub divisions building compound headings name headings headings for literature art music history and law LCSH in the online environment Readership There is a strong emphasis throughout on worked examples and practical exercises in the application of the scheme and a full glossary of terms is supplied No prior knowledge or experience of subject cataloguing is assumed This is an indispensable guide to LCSH for practitioners and students alike      The Musical Times and Singing-class Circular, 1926      Music, Books on Music, and Sound Recordings Library of Congress, 1988      *Cantata No. 167 -- Ihr Menschen, ruhmets Gottes Liebe* Johann Sebastian Bach, A Choral Worship Cantata in SATB with SATB Soli voicing composed

by Johann Sebastian Bach      **A Conductor's Guide to Selected Baroque Choral-Orchestral Works** Jonathan D. Green, 2013-12-05 In *A Conductor's Guide to Selected Baroque Choral Orchestral Works* Jonathan D. Green's sixth book length contribution of guides for conductors he offers this companion to his critically acclaimed *A Conductor's Guide to the Choral Orchestral Works of J. S. Bach*. In this volume Green addresses works of the Baroque era from Monteverdi through Bach's contemporaries. In addition to brief biographical sketches for each composer Green includes for each work the approximate duration, text sources, performing forces, currently available editions, locations of manuscript materials, notes, performance issues, evaluation of solo roles, evaluation of difficulty, and a discography and bibliography. Duration information comes from a variety of sources but Green turns to actual recording times of performances. The purpose of this book is to aid conductors in selecting repertoire appropriate to their needs and the abilities of their ensembles. The discographies and bibliographies, while not exhaustive, serve as helpful starting points for further research. *A Conductor's Guide to Selected Baroque Choral Orchestral Works* should appeal to conductors in supporting their concert programming. Librarians and music students will also find this work an ideal reference title for the study of Baroque repertoire.
