Messianic Mystics:

Messianic Mystics Moshe Idel, 2000-05-01 One of the world's leading scholars of Jewish thought examines the long tradition of Jewish messianism and mystical experience Jewish Mysticism and Kabbalah Frederick E. Greenspahn, 2011-11-01 Over the past generation scholars have devoted increasing attention to the diverse forms that Jewish mysticism has taken both in the past and today what was once called nonsense by Jewish scholars has generated important research and attention both within the academy and beyond as demonstrated by the popular fascination with figures such as Madonna and Demi Moore and the growing interest in spirituality In Jewish Mysticism and Kabbalah leading experts introduce the history of this scholarship as well as the most recent insights and debates that currently animate the field in a way that is accessible to a broad audience From mystical outpourings in ancient Palestine to the Kabbalah Centre and from attitudes towards gender to mystical contributions to Jewish messianic movements this volume explores the various expressions of Jewish mysticism from antiquity to the present day in an engaging style appropriate for students and non specialists alike **Comparative Perspectives on Judaism and Jewish Identities** Stephen Sharot, 2011 Comparative Perspectives on Judaism and Jewish Identities makes a unique contribution building on but not duplicating Sharot's earlier work There is no comparable work that covers all of these periods and particular cases Harriet Hartman professor of sociology at Rowan University Apocalyptic Time Albert I. Baumgartner, 2018-11-13 Millennial movements are characterized by their nature and perception of time and the ways in which these groups confront inevitable disappointment and then return to normal time This is the theme for the book Apocalyptic Time The volume consists of revised essays based on presentations made at an international conference devoted to that theme Authors adopt a number of disciplinary approaches to the topic analyzing millennial movements from the three Abrahamic faiths as well as from the East This book will be of particular interest to students of millennial movements who wish to benefit from the comprehensive and comparative view it gives of the phenomenon based on a wide variety of cases This work greatly contributes to the theory of millennialism by supplying specific data and theoretical reflection **The Mystery of God: Early Jewish Mysticism and the New Testament** Christopher Rowland, C.R.A. Morray-Jones, 2009-06-17 This book brings together the perspectives of apocalypticism and early Jewish mysticism to illuminate aspects of New Testament theology The first part begins with a consideration of the mystical character of apocalypticism and then uses the Book of Revelation and the development of views about the heavenly mediator figure of Enoch to explore the importance of apocalypticism in the Gospels and Acts the Pauline Letters and finally the key theological themes in the later books of the New Testament The second and third parts explore the character of early Jewish mysticism by taking important themes in the early Jewish mystical texts such as the Temple and the Divine Body to demonstrate the relevance of this material to New Testament interpretation *Magic and Mysticism* Arthur Versluis, 2007 Provides overview from antiquity onwards on various Western religious esoteric movements This book includes

topics such as alchemy Gnosticism Hermeticism Rosicrucianism Theosophy and more *Messiah and Scripture* J. Thomas Hewitt,2020-07-27 J Thomas Hewitt demonstrates how Paul s development and uses of the expression in Christ arise from his messianic intepretation of scriptures concerning Abraham s seed and Daniel s son of man This type of creative scriptural interpretation is a common trait of ancient Jewish messiah texts **Millenarianism and Messianism in Early Modern**

European Culture M. Goldish,R.H. Popkin,2013-03-09 The earliest scientific studies of Jewish messianism were conducted by the scholars of the Wissenschaft des Judentums school particularly Heinrich Graetz the first great Jewish historian of the Jews since Josephus These researches were invaluable because they utilized primary sources in print and manuscript which had been previously unknown or used only in polemics The Wissenschaft studies themselves however prove to be polemics as well on closer inspection Among the goals of this group was to demonstrate that Judaism is a rational and logical faith whose legitimacy and historical progress deserve recognition by the nations of Europe Mystical and messianic beliefs which might undermine this image were presented as aberrations or the result of corrosive foreign influences on the Jews Gershom Scholem took upon himself the task of returning mysticism and messianism to their rightful central place in the panorama of Jewish thought Jewish messianism was for Scholem a central theme in the philosophy and life of the Jews throughout their history shaped anew by each generation to fit its specific hopes and needs Scholem emphasized that this phenomenon was essentially independent of messianic or millenarian trends among other peoples For example in discussing messianism in the early modern era Scholem describes a trunk of influence on the Jewish psyche set off by the expulsion from Spain in 1492

Studies in Medieval Jewish Intellectual and Social History David Engel, Lawrence H. Schiffman, Elliot R. Wolfson,2012-01-20 Thirteen leading scholars offer a fresh look at four key topics in medieval Jewish studies the history of Jewish communities in Western Christendom Jewish Christian interactions in medieval Europe medieval Jewish Biblical exegesis and religious literature and historical representations of medieval Jewry Revealed Wisdom John Ashton,2014-06-16 A collection of twenty one essays clustered around the theme of apocalyptic revelations of hitherto undisclosed divine mysteries to human seers either directly or through the mediation of an interpreting angel Preliminary essays on the Book of Job Messianism and apocalyptic ethics are followed by five studies centred upon Jewish apocalypses composed around the turn of the era two anonymous three pseudonymous and four essays on New Testament writers two on Paul one on Mark and one on John A reflection upon an early Islamic convert from Judaism emphasizing the Abrahamic lexicon common to all three religions of the book is succeeded by essays on two medieval Christian visionaries Joachim of Fiore and Francis of Assisi After a further essay on a little known Syriac apocalyptic text the volume concludes with studies of four different aspects of the Book of Revelation itself **Christ Among the Messiahs** Matthew V. Novenson,2012-04-17 Recent scholarship on ancient Judaism finding only scattered references to messiahs in Hellenistic and Roman period texts has generally concluded that the word messiah did not mean anything determinate in antiquity Meanwhile interpreters of

Paul faced with his several hundred uses of the Greek word for messiah have concluded that christos in Paul does not bear its conventional sense Against this curious consensus Matthew V Novenson argues in *Christ among the Messiahs* that all contemporary uses of such language Paul s included must be taken as evidence for its range of meaning In other words early Jewish messiah language is the kind of thing of which Paul s Christ language is an example Looking at the modern problem of Christ and Paul Novenson shows how the scholarly discussion of christos in Paul has often been a cipher for other more urgent interpretive disputes He then traces the rise and fall of the messianic idea in Jewish studies and gives an alternative account of early Jewish messiah language the convention worked because there existed both an accessible pool of linguistic resources and a community of competent language users Whereas it is commonly objected that the normal rules for understanding christos do not apply in the case of Paul since he uses the word as a name rather than a title Novenson shows that christos in Paul is neither a name nor a title but rather a Greek honorific like Epiphanes or Augustus Focusing on several set phrases that have been taken as evidence that Paul either did or did not use christos in its conventional sense Novenson concludes that the question cannot be settled at the level of formal grammar Examining nine passages in which Paul comments on how he means the word christos Novenson shows that they do all that we normally expect any text to do to count as a messiah text Contrary to much recent research he argues that Christ language in Paul is itself primary evidence for messiah language in ancient Judaism

A Beautiful Ending John Jeffries Martin,2022-01-01 An award winning historian s revisionary account of the early modern world showing how apocalyptic ideas stimulated political religious and intellectual transformations A masterful synthesis of the prognostications of faith knowledge and politics on a global stage Martin s book illuminates one of the enduring themes that shaped the medieval and early modern world Paula E Findlen Stanford University In this revelatory immersion into the apocalyptic messianic and millenarian ideas and movements that created the modern world John Jeffries Martin performs a kind of empathic time travel entering into the psyche spirituality and temporalities of a cast of historical actors in profound moments of discovery He argues that religious faith Christian Jewish and Muslim did not oppose but rather fostered the making of a modern scientific spirit buoyed along by a providential view of history and nature and a deep conviction in the coming End of the World Through thoughtful attention to the primary sources Martin re reads the Renaissance excavating a religious foundation at the core of even the most radical empirical thinking Familiar icons like Ibn Khald n Columbus Isaac Luria and Francis Bacon emerge startlingly fresh and newly gleaned agents of a history formerly untold and of a modern world made in the image of its imminent end [The Serpent Kills Or the Serpent Gives Life](#) Robert Sagerman,2011-01-07 Representing a careful contextual study of the writings of the influential Jewish mystic Abraham Abulafia 1240 c 1291 this book demonstrates that an inner dynamic of attraction and revulsion toward Christianity shaped Abulafia s mystical hermeneutic and meditative practice [Hasidism Incarnate](#) Shaul Magid,2014-12-10 Hasidism Incarnate contends that much of modern Judaism in the West developed in reaction to

Christianity and in defense of Judaism as a unique tradition Ironically enough this occurred even as modern Judaism increasingly dovetailed with Christianity with regard to its ethos aesthetics and attitude toward ritual and faith Shaul Magid argues that the Hasidic movement in Eastern Europe constitutes an alternative modernity one that opens a new window on Jewish theological history Unlike Judaism in German lands Hasidism did not develop under a Christian gaze and had no need to be apologetic of its positions Unburdened by an apologetic agenda at least toward Christianity it offered a particular reading of medieval Jewish Kabbalah filtered through a focus on the charismatic leader that resulted in a religious worldview that has much in common with Christianity It is not that Hasidic masters knew about Christianity rather the basic tenets of Christianity remained present albeit often in veiled form in much kabbalistic teaching that Hasidism took up in its portrayal of the charismatic figure of the zaddik whom it often described in supernatural terms

Cultural Intermediaries David B. Ruderman, Giuseppe Veltri, 2004-04-23 Focusing on an epoch of spectacular demographic political economic and cultural changes for European Jewry *Cultural Intermediaries* chronicles the lives and thinking of ten Jewish intellectuals of the Renaissance nine of them from Italy and one a Portuguese exile who settled in the Ottoman empire after a long sojourn in Italy David B Ruderman Giuseppe Veltri and the other contributors to this volume detail how in the relative openness of cultural exchange encountered in such intellectual centers as Florence Mantua Pisa Naples Ferrara and Salonika these Jewish savants sought to enlarge their cultural horizons to correlate the teachings of their own tradition with those outside it and to rethink the meaning of their religious and ethnic identities within the intellectual and religious categories common to European civilization as a whole The engaging intellectual profiles created especially for this volume by scholars from Israel North America and Europe represent an important rereading and reinterpretation of early modern Jewish culture and society and its broader European intellectual contexts

Disputed Messiahs Rebekka Voß, 2021-11-30 Jewish and Christian messianic thought and activism in the Reformation era in the Ashkenazic world *Disputed Messiahs* Jewish and Christian Messianism in the Ashkenazic World during the Reformation is the first comprehensive study that situates Jewish messianism in its broader cultural social and religious contexts within the surrounding Christian society By doing so Rebekka Vo shows how the expressions of Jewish and Christian end time expectation informed one another Although the two groups disputed the different messiahs they awaited they shared principal hopes and fears relating to the end of days Drawing on a great variety of both Jewish and Christian sources in Hebrew Yiddish German and Latin the book examines how Jewish and Christian messianic ideology and politics were deeply linked It explores how Jews and Christians each reacted to the other s messianic claims apocalyptic beliefs and eschatological interpretations and how they adapted their own views of the last days accordingly This comparative study of the messianic expectations of Jews and Christians in the Ashkenazic world during the Reformation and their entanglements contributes a new facet to our understanding of cultural transfer between Jews and Christians in the early modern period *Disputed Messiahs* includes four main parts The first part characterizes the specific

context of Jewish messianism in Germany and defines the Christian perception of Jewish messianic hope The next two parts deal with case studies of Jewish messianic expectation in Germany Italy and Poland While the second part focuses on the messianic phenomenon of the prophet Asher Lemlein part 3 is divided into five chapters each devoted to a case of interconnected Jewish Christian apocalyptic belief and activity Each case study is a representative example used to demonstrate the interplay of Jewish and Christian eschatological expectations The final part presents Vo s general conclusions carving out the remarkable paradox of a relationship between Jewish and Christian messianism that is controversial albeit fertile Scholars and students of history culture and religion are the intended audience for this book

Kabbalah in Print Andrea Gondos, 2020-11-01 How did Jewish mysticism go from arcane knowledge to popular spirituality Kabbalah in Print examines the cultural impact of printing on the popularization circulation and transmission of Kabbalah in the late sixteenth and early seventeenth centuries The Zohar in particular generated a large secondary literature of study guides and reference works that aimed to ease the linguistic and conceptual challenges of the text The arrival of printed classics of Kabbalah was soon followed by the appearance of new literary genres anthologies digests lexicons and other learning aids that mediated mystical primary sources to a community of readers not versed in this lore A detailed investigation of the four works by R Yissakhar Baer ca 1580 ca 1629 of Prague sheds light on the literary strategies pedagogic concerns and religious motivations of secondary elites a new cadre of authors empowered by the opportunities that printing opened up Andrea Gondos highlights shifting intellectual and cultural boundaries in the early modern period when the transmission of Kabbalah became a meeting point connecting various strata of Jewish society as well as Jewish and Christian intellectuals

Images of Torah: From the Second-Temple

Period to the Middle Ages Jeong Mun. Heo, 2023-06-26 This book explores the way that the Torah was appreciated and interpreted as a text and symbol in Christian and Jewish sources from the Second Temple period through the Middle Ages. It tracks the development and complex interactions of three images of Torah God like Angelic and Messianic which are found in late antique Jewish and Christian materials as well as in medieval kabbalistic and Jewish philosophic sources. It provides a unique template for tracing the development of theological ideas related to the images of Torah and offers a sophisticated and innovative analysis of the relationship between mystical experience, theology, and phenomenology.
