MESSIANIC REVOLUTION

RADICAL RELIGIOUS POLITICS TO THE END OF THE SECOND MILLENNIUM

David S. Katz and Richard H. Popkin

David S. Katz

Messianic Revolution David S. Katz, Richard Henry Popkin, 2000 On April 19 1993 at least seventy four people lost their lives near Waco Texas in the confrontation between the followers of David Koresh and the federal agents outside his compound These groups clearly inhabited two different conceptual worlds Yet both then and now it seemed that neither journalists nor law enforcement experts nor the public was aware of the rich tradition of messianic revolutionary politics behind groups like Koresh s a history that stretches back unbroken to the early Middle Ages Fighting the Future War Frederic Krome, 2012-03-22 The period between World War I and World War II was one of intense change Everything was modernizing including our technology for making war witness machine guns trench warfare biological agents and ultimately The Final Solution This modernization and eye toward the future was reflected in many facets of pop culture including fashion home wear design and the popular literature of the time In sci fi a specific genre emerged that of the future war Fred Krome has collected many of these future war stories together for the first time in Fighting the Future War Bolstered by a comprehensive introduction and introduced with historical information about both the authors of the stories and the historical time period these stories provide a view into the field of pulp science fiction writing the issues that informed the time period between the world wars and the way people envisioned the wars of tomorrow Revealing anxieties about society technology race and politics the genre of the future war story is important material for students of history and literature

American Credo Michael Foley, 2007-09-13 If America has a claim to exceptionalism American Credo locates it in a little understood ability to engage in deep conflicts over political ideas while at the same time reducing adversarial positions to legitimate derivatives of American history and development Making Wonderful Martin M. Tweedale, 2023-03-15 In Making Wonderful Martin M Tweedale tells how an ideology in the West energized an economic expansion that has led to ecological disaster He takes us back to the rise of cities and autocratic rulers analyzing how respect for custom and tradition gave way to the dominance of top down rational planning and organization. Then in response came a highly attractive myth of an eventual future rid of all of humankind s ills one in which life would be made wonderful Originating in Zoroastrianism and through Jewish apocalyptic works flowing into early Christianity this myth produced utopian beliefs that set the West apart from the other civilizations Tweedale shows how these beliefs became popular among Western elites in the early modern period and eventually resulted in the distinctly Western doctrine of progress This doctrine an almost religious faith in the capacity of science and technology to improve human life released economic expansion from traditional constraints and has led to our current environmental emergency Exploring sources from philosophy religion and the history of ideas Making Wonderful is for all readers who are intellectually curious about the roots of our eco catastrophe **Mormon Studies** Ronald Helfrich, Jr., 2021-12-30 Mormonism arose in early 19th century New York and has fired the imaginations of its devotees critics and students ever since Some intellectuals and academics read Mormonism as the product of economic

change wrought by the Erie Canal in the Burned over District of western New York State and upper north eastern Ohio Others read Mormonism as an authoritarian reaction to Jacksonian democracy Finally some including most of those who became Mormons in the early 19th century and most of those who are believing Mormons today read Mormonism as the intervention of God in human history This book engages with Mormon Studies from its beginnings in the early nineteenth century to the end of the 20th century It covers those who fought over Mormonism's truth or falsity on those who tried to understand Mormonism as a religious and sociological phenomenon and on those who explored the history of Mormonism from a more dispassionate perspective It concludes with an exploration of the culture war that erupted as Mormon Studies professionalized particularly after the 1960s **The Lyric Poem** Marion Thain, 2013-11-07 As a study of lyric poetry in English from the early modern period to the present this book explores one of the most ancient and significant art forms in Western culture as it emerges in its various modern incarnations Combining a much needed historicisation of the concept of lyric with an aesthetic and formal focus this collaboration of period specialists offers a new cross historical approach Through eleven chapters spanning more than four centuries the book provides readers with both a genealogical framework for the understanding of lyric poetry within any particular period and a necessary context for more general discussion of the nature Allies for Armageddon Victoria Clark, 2007-01-01 Clark explores the 400 year history of this powerful political of genre ideology from its beginnings among the Puritans of 17th century England to the present day United States where Christian Zionists wield unprecedented influence Judaism and Enlightenment Adam Sutcliffe, 2004 This study investigates the philosophical and political significance of Judaism in the intellectual life of seventeenth and eighteenth century Europe Adam Sutcliffe shows how the widespread and enthusiastic fascination with Judaism prevalent around 1650 was largely eclipsed a century later by attitudes of dismissal and disdain He argues that Judaism was uniquely difficult for Enlightenment thinkers to account for and that their intense responses both negative and positive to Jewish topics are central to an understanding of the underlying ambiguities of the Enlightenment itself Judaism and the Jews were a limit case a destabilising challenge and a constant test for Enlightenment rationalism Erudite and highly broad ranging in its sources and yet extremely accessible in its argument Judaism and Enlightenment is a major contribution to the history of European ideas of interest to scholars of Jewish history and to those working on the Enlightenment toleration and the emergence of modernity itself Heaven on Earth Richard Landes, 2011-08-04 A comprehensive examination of millenniallism the belief that the grandest events of history and the cosmos will occur soon and suddenly whether as a religious d nouement with the coming of the Last Days or as a final social solution to resolve the human predicament forever Through analysis of diverse cases throughout history Richard Landes demonstrates that millenniallism has been deliberately downplayed and even ignored by historians and shows that millenarian beliefs have played a role in many supposedly secular events movements and periods including modernity 1616 Thomas Christensen, 2012-03-01 A PIVOTAL MOMENT IN TIME Discover surprising stories of the

pioneering men and women who ushered the world toward modernity in this continent spanning slice of world history Features 140 full color reproductions of period artwork engravings maps and drawings with fascinating sidebars throughout The early 17th century was a time of enormous change in most regions of the world The advent of maritime globalism accelerated the exchange of both goods and ideas and the first international mega corporations started to emerge as economic powers In Europe the deaths of Shakespeare and Cervantes marked the end of an era in literature The discoveries of Kepler and Galileo inspired new attitudes that would lead to an age of revolutions Great changes were also taking place in East Asia where the last native Chinese dynasty was entering its final years and Japan was beginning its long period of warrior rule Artists there were rethinking their connections to ancient traditions and experimenting with new directions Women everywhere were redefining their roles in family and society Slave trading was relocating large numbers of people while others were migrating in search of new opportunities. The first tourists traveling not for trade or exploration but for personal fulfillment were exploring this new globalized world **Challenging Religion** James A. Beckford, James T. Richardson, 2003-09-02 Leading scholars examine the growth of new religious movements or cults in the US and Europe over the last 50 years and state attempts to monitor and control them debating the political practical and ethical issues which The New Age in the Modern West Nicholas Campion, 2015-11-19 New Age culture is generally regarded as a modern manifestation of Western millenarianism a concept built around the expectation of an imminent historical crisis followed by the inauguration of a golden age which occupies a key place in the history of Western ideas The New Age in the Modern West argues that New Age culture is part of a family of ideas including utopianism which construct alternative futures and drive revolutionary change Nicholas Campion traces New Age ideas back to ancient cosmology and questions the concepts of the Enlightenment and the theory of progress He considers the contributions of the key figures of the 18th century the legacy of the astronomer Isaac Newton and the Swedish visionary Emanuel Swedenborg as well as the theosophist H P Blavatsky the psychologist C G Jung and the writer and artist Jose Arguelles He also pays particular attention to the beat writers of the 1950s the counterculture of the 1960s concepts of the Aquarian Age and prophecies of the end of the Maya Calendar in 2012 Lastly he examines neoconservatism as both a reaction against the 1960s and as a utopian phenomenon The New Age in the Modern West is an important book for anyone interested in countercultural and Nature and Scripture in the Abrahamic Religions: Up to 1700 (2 vols) revolutionary ideas in the modern West Scott Mandelbrote, Jitse van der Meer, 2009-01-31 The four companion volumes of Nature and Scripture in the Abrahamic Religions contribute to a contextual evaluation of the mutual influences between scriptural exegesis and hermeneutics on the one hand and practices or techniques of interpretation in natural philosophy and the natural sciences on the other We seek to raise the low profile this theme has had both in the history of science and in the history of biblical interpretation Furthermore questions about the interpretation of scripture continue to be provoked by current theological reflection on scientific theories

We also seek to provide a historical context for renewed reflection on the role of the hermeneutics of scripture in the development of theological doctrines that interact with the natural sciences Contributors are Peter Barker Paul M Blowers James J Bono Pamela Bright William E Carroll Kathleen M Crowther Maurice A Finocchiaro Carlos Fraenkel Miguel A Granada Peter Harrison Kenneth J Howell Eric Jorink Kerry V Magruder Scott Mandelbrote Charlotte Methuen Robert Morrison Richard J Oosterhoff Volker R Remmert T M Rudavsky Stephen D Snobelen Jitse M van der Meer and Rienk H Modernities, Memory and Mutations Abby Day, Mia Lövheim, 2016-03-03 Grace Davie one of the world s most influential scholars in contemporary sociology of religion has furthered a tradition developed by David Martin and others in comparative sociology of religion and modernity in European and international perspective Davie's writings on belief and belonging particularly in a context outside active Church participation have contributed important understandings of the cultural role of religion as memory and practice in contemporary European societies Through her most recent work on new roles of religion in relation to the political legal and welfare sectors of society she has addressed debates on the resurgence of religion and the post secular condition Modernities Memory and Mutations presents an overview and critical engagement with contemporary themes in the sociology of religion which will inform current and forthcoming generations of scholars Reflecting on how Grace Davie's contributions have influenced their own work and wider debates in the field leading international scholars engage with themes Davie has critically explored across religious studies and mainstream sociology evolving a new research agenda for sociology of religion Fundamentalism in the Modern World Vol 1 Ulrika Martensson, Jennifer Bailey, Priscilla Ringrose, Asbjorn Dyrendal, 2001-11-22 How does religious fundamentalism operate in modern global society This two volume series analyses the dynamics of fundamentalism and its relationship to the modern state the public sphere and globalisation In this first volume fundamentalism is approached from the perspective of state and community building ideology and practices within the context of global society and the ways in which fundamentalism is intertwined with issues of politics state power democracy globalization political activism and political ideology Expert scholars in the field address specific contemporary and past fundamentalist movements that have emerged from within mainstream Islam Christianity Baha ism Hinduism Judaism and Buddhism This is an important study of an increasingly significant and controversial aspect of modern society and will be essential reading in the fields of Religion Politics and Hebraic Aspects of the Renaissance Ilana Zinguer, Abraham Melamed, Zur Shalev, 2011-08-25 This **International Relations** collection of essays offers a fresh look into Christian Jewish cultural interactions during the Renaissance and beyond Christian scholars it is shown were deeply immersed in a variety of Hebrew sources while their Jewish counterparts imbibed the culture of Humanism Global Catastrophic Risks Nick Bostrom, Milan M. advanced nanotechnology artificial intelligence and social collapse God's Last Words David S. Katz, 2004-02-09 This wide ranging book is an intellectual history of how informed readers read their Bibles over the past four hundred years from the first translations in the sixteenth century to the emergence of fundamentalism in the twentieth century In an astonishing display of erudition David Katz recreates the response of readers from different eras by examining the horizon of expectations that provided the lens through which they read In the Renaissance says Katz learned men rushed to apply the tools of textual analysis to the Testaments fully confident that God's Word would open up and reveal shades of further truth During the English Civil War there was a symbiotic relationship between politics and religion as the practical application of the biblical message was hammered out Science Newtonian and Darwinian as well as the emerging disciplines of anthropology archaeology and geology also had a great impact on how the Bible was received The rise of the novel and the development of a concept of authorial copyright were other factors that altered readers experience Katz discusses all of these and more concluding with the growth of fundamentalism in America which broug **Everything Connects Richard Henry** Popkin, James E. Force, David S. Katz, 1999 Richard H Popkin has already been celebrated in two Festschriften as one of the century s greatest historians of philosophy This latest book whose editors were among those who prepared the first two volumes centers on Popkin's crucial role in bringing together scholars from around the world in a long series of academic conferences and learned meetings which helped transform the field from one of solitary endeavour into a Republic of Letters Publications by Richard H Popkin Isaac la Peyr re 1596 1676 His Life Work and Influence ISBN 978 90 04 08157 4 Edited by Y Kaplan H M choulan and R H Popkin Menasseh ben Israel and his World ISBN 978 90 04 09114 6 Third Force in Seventeenth Century Thought ISBN 978 90 04 09324 9 Martin I J Griffin Jr Annotated by Richard H Popkin Edited by Lila Freedman Latitudinarianism in the Seventeenth Century Church of England ISBN 978 90 04 09653 0 Edited by Richard H Popkin and Arjo Vanderjagt Scepticism and Irreligion in the Seventeenth and Eighteenth Centuries ISBN 978 90 04 09596 0 Edited by Martin Mulsow and Richard H Popkin Latitudinarianism in the Seventeenth Century Church of England ISBN 978 90 04 12883 5 Edited by R H Popkin Millenarianism and Messianism in English Literature and Thought 1650 1800 ISBN 978 90 04 08513 8 Out of print **Apocalyptic Representations of Jerusalem** Maria Leppäkari, 2018-08-14 Jerusalem as a symbolic expression of hope attracts attention and religious adherence in relation to its physical presence The study identifies traces and examines apocalyptic representations of Jerusalem and illustrates what happens when these become experienced reality The empirical part of the book shows how these representations become living images in two contemporary groups activity in Jerusalem Private and public endtime representations of Jerusalem provide meaningful models for interpreting the religious past present and future The interplay of these representations also shapes our present images of Jerusalem
