Metamorphoses Bks 9 11 Classical Texts:

A Companion of Classical Texts Frederick William Hall, 1913 **Ambiguities of War: A Narratological Commentary on Silius Italicus' Battle of Ticinus (Sil. 4.1-479)** Elisabeth Schedel, 2022-09-19 This Narratological Commentary on Silius Battle of Ticinus lays bare the narrative form of the text by addressing numerous narratological aspects including plot development focalization space and intertextuality The book also focuses on the phenomenon of ambiguity with its dynamic processes of un strategic production perception and resolution Ambiguity is a central feature of the Punica because of the epic s constant oscillation between fact and fiction it treats the changing fortunes of war and the tension between Rome and Carthage which Silius translates into a moment of poetical equilibrium by his paradoxical problematization of triumph in defeat and defeat through triumph **Screening the Golden Ages of the Classical Tradition** Meredith E. Safran, 2018-10-24 Analyses of Ranci re s philosophy and its potential for understanding the conversation between contemporary politics and art cinema **Celsus and Origen on Divine Descent** Freerk Jan H. Berghuis, 2023-06-05 Can the Divine itself come down to earth The Platonist Celsus rejected it as most shameful Origen however defended this idea as an essential part of Christian doctrine This book comments on passages from Origen s Against Celsus 4 in which both authors put forward their arguments The Greek text is discussed from three perspectives linguistics rhetoric and philosophical theology This approach includes a focus on the communication between author and readers the structure of the discourse and the persuasive strategies used by Celsus and Origen Attention is also given to conceptions of God and his relation to the world which form the backdrop to their arguments Moreover their theological conceptions are related to the wider philosophical discourse of the Greco Roman age **New Approaches to Ancient Material Culture in the Greek & Roman World** Catherine Cooper, 2020-11-16 New Approaches to Ancient Material Culture in the Greek Roman World is about Classical Archaeology at its broadest and is important reading to all Classicists As part of a recent movement to highlight the rich diversity of the subject it overcomes traditional disciplinary boundaries to show the variety of current approaches to the study of Classical Antiquity from the Late Bronze Age to the Late Antique period The multi disciplinary papers deal with archaeology and art history museum objects and fieldwork data ancient texts and material culture archaeological theory and historiography and technical and literary analysis The international contributors discuss a selection of methodologies currently used to study ancient material and illustrate their relevance through case studies which span the Greek and Roman world **Secretis bene uiuere siluis** Stratis Kyriakidis, Charilaos N. Michalopoulos, 2024-06-25 This volume presents essays written in honour of Robert Maltby Emeritus Professor of Latin at the University of Leeds It offers a rich collection of modern scholarship covering a wide range of literary genres in Latin literature spanning from Augustan times up to the Italian Renaissance The value of this volume lies in its inclusion of new interpretations of well discussed texts from the past shedding light on texts that have recently garnered scholarly attention and sparked lively

discussions Fifteen essays reflect the main areas of scholarship and interests of the honoree in a variety of Roman literary genres with special focus on the Corpus Tibullianum but also on etymologising and textual criticism The collection is not exclusively intended for classicists historical linguists and textual critics By providing insightful discussions and fresh interpretations of themes and issues in Latin literature from a contemporary perspective it also appeals to anyone interested in Mediterranean studies the socio cultural aspects of literature and comparative literature **British Museum Catalogue of printed Books** ,1892 *The Publishers' Circular and General Record of British and Foreign Literature* ,1871

Imitation and Contamination of the Classics in the Comedies of Ben Jonson Tom Harrison,2022-10-12 This book focuses on the influence of classical authors on Ben Jonson s dramaturgy with particular emphasis on the Greek and Roman playwrights and satirists It illuminates the interdependence of the aspects of Jonson s creative personality by considering how classical performance elements including the Aristophanic Great Idea chorus Terentian Plautine performative strategies and performative elements from literary satire manifest themselves in the structuring and staging of his plays This fascinating exploration contributes to the performative turn in early modern studies by reframing Jonson s classicism as essential to his dramaturgy as well as his erudition The book is also a case study for how the early modern education system s emphasis on imitative contaminative practices prepared its students many of whom became professional playwrights for writing for a theatre that had a similar emphasis on recycling and recombining performative tropes and structures **Ovid** Katharina Volk,2011-06-24 This book provides a unique and accessible introduction to the complete works of Ovid Using a thematic approach Volk lays out what we know about Ovid s life presents the author s works within their poetic genres and discusses central Ovidian themes The first general introduction to Ovid written in English in over 20 years offering the very latest Ovidian scholarship Discusses the complete works of Ovid Accessible writing and a thematic approach make this text ideal for a broad audience A current revival in Ovid makes this timely edition highly valuable Harper's Dictionary of Classical Literature and Antiquities Harry Thurston Peck,1896 A History of Roman Classical Literature Robert William Browne,1857 **Selected Papers on Ancient Literature and its Reception** Philip Russell Hardie,2023-08-21 This

volume gathers together about two thirds of the articles and essays published between 1983 and 2021 by Philip Hardie whose work on ancient literature has been of seminal importance in the field The centre of gravity lies in late Republican and Augustan poetry in particular Lucretius Virgil and Ovid with important contributions on wider Augustan culture on Neronian and Flavian epic on the Latin poetry of late antiquity and on the reception of Latin poetry **British Books** ,1907

Faulkner's Reception of Apuleius' The Golden Ass in The Reivers Vernon L. Provencal,2020-07-09 Faulkner s final novel The Reivers has been gently dismissed by scholars and critics as no more than its subtitle claims A Reminiscence Although the new millennium has seen a new appreciation for Faulkner s later novels The Reivers is still perceived as a slightly fictionalized comic memoir romanticizing the early life of the author in the pre civil rights American South This

volume takes this dismissal of The Reivers to task for failing to appreciate its employment of the Apuleian narrative of life altering metamorphosis to offer as his literary farewell hope for humanity's self redemption Vernon L Provencal studies the reception of The Golden Ass in The Reivers as comic novels of moral katabasis wilful descent into the lawless underworld and providential anabasis societal and spiritual redemption As the independent basis of the reception study The Reivers receives its first ever detailed reading while The Golden Ass is read anew from the teleological perspective offered by the undervalued prophecy that in the end the comic hero would become the book itself *Ovid: Fasti Book 3* S. J. Heyworth, 2019-05-16
 Presents a clear and detailed guide to a central book of the Fasti Ovid's account of Rome and its calendar **British Books in Print**, 1985 A General Catalogue of an Extensive Collection of Books, New and Second-hand John & George Todd (Firm), 1817 Papers for the Teacher: German educational reformers Henry Barnard, 1863 *A Catalogue of Miscellaneous Books, ancient and modern, for 1831.
