Metaphysical Diary:

THE SPIRITUAL DIARY Dr. Douglas M. Baker, 2014-04-11 THE SPIRITUAL DIARY Dr Baker has maintained a spiritual diary for fifty years and using examples from his own entries demonstrates how it is possible through the language of symbols to establish a dialogue with one's own Higher Self This is a perfect companion text book to The Diary of an Alchemist by the same author The diary lays down a channel for the transmission of advice and direction from the higher Self that can bring about a transformation of the personality its attachments and limitations It is a textbook for esoteric students seeking to express themselves more fully about subjective matters as a preliminary to their acting subjectively in the inner planes before and after their initiations The diary is meant to highlight those difficulties that arise from the adjustments which the disciple must make in the outer world if he is to live the philosophical and meditative way of life Once posited the higher Self can make suggestions through meditation and the dream life as to how these adjustments can be effected An absolutely essential guide to those of you wanting answers to questions like Who am I Where do I come from Why am I here Where do I go to from here Why do I have to suffer pain This volume also contains the full text of The Voice of the Silence as translated by H P Blavatsky Spiritual Diary Sergius Bulgakov, 2022-06-15 Who was Fr Sergius Bulgakov the pastor who stands behind the epochal theology of Eastern Orthodox sophiology What better place to look than his own Spiritual Diary which opens to us the mind and heart of this prolific and original theologian of the twentieth century This volume the first of his diaries to be published in English depicts in illuminating detail Bulgakov's daily life as a priest ministering in exile the exultations and desolations of his personal prayer life and his confoundment and pain towards the fate of his homeland ruled by the aggressively atheist Soviet state In these personal reflections we discover the pastoral matrix from which arose such distinctive features of Bulgakov's mature theology as his theology of Sophia the Divine Wisdom as God's mystical presence in creation Beyond this however at its core the Diary is a work of spiritual edification and meditation meant to draw the reader into contemplation Together with biographical and theological introductions provided by the translators this volume will serve scholars of Bulgakov and Orthodox theology as well as Christians of all traditions who wish to unite their theology with prayer **The Spiritual Diary** Emanuel Swedenborg, 1883 **The Spiritual Diary** Emanuel Swedenborg, 1978

Spiritual Diary, and Soliloquies John Rutt, 1796 *Metaphysical Diary* G. V. Vassiliou, 1996-01-01 The Spiritual Diary of Emanuel Swedenborg Emanuel Swedenborg, 1902 Karl Rahner and Ignatian Spirituality Philip Endean SJ, 2004-08-05 Karl Rahner SJ 1904-1984 perhaps the most influential figure in twentieth century Roman Catholic theology believed that the most significant influence on his work was Ignatius Loyola's Spiritual Exercises This book casts significant new light on Rahner's achievement by presenting it against the background of the rediscovery of Ignatian spirituality in the middle decades of the twentieth century It offers a fresh and contemporary theological interpretation of Ignatian retreat giving illuminating the creative new departures this ministry has taken in the last thirty years as well as contributing to the

lively current debate regarding the relationship between spirituality and speculative theology

The Westminster Dictionary of Christian Spirituality Gordon S. Gender and the Journal Associate Professor of English and Director of Core Writing Cinthia Gannett, Cinthia Gannett, 1992-01-01 This book explores the gendered historical and social contexts and discursive traditions that have characterized journals and diaries in academic discourse The tension between the term journal which has a variety of positive public and scholarly connotations and the term diary which is currently understood as a feminized trivial and confessional kind of writing inappropriate for school is a critical part of the problem This book uses the developing and shifting notions of diary and journal to explore several critical questions about the larger relations between gender language canonicity and academic discourse

Being and Having Gabriel Marcel, 2011-03-23 I hope that this book will be widely read and I especially commend it to four classes of persons I For myself I have come across nothing more important than M Marcel s writings here and elsewhere on the problem of metaphysics I say problem advisedly for we are all of us these days in the end puzzled as to what exactly metaphysics is The strict Thomist has his answer so has the positivist so too the Biblical theologian who is much too ready to find in the decay of ontology an argument for the authenticity of Biblical perspectives M Marcel was trained in the tradition of idealism and he knew the influence both of Bergsen and of W E Hocking His conversation with himself certainly betrays their influences but it is of far wider significance Professor Ayer and Dr E L Mascall have their answer to the question what ontology is they have their formulae Marcel probes beneath these answers for him ontology is much more than a body of doctrine It is the intellectual expression of the human situation what is expressed in the syllogisms of for instance P re Garrigou Lagrange is valid only in so far as it catches and summarises the very being of man and the universe as that being is lived through and met with by man in his pilgrimage through life I find as I read M Marcel that the frontiers are blurred reflection metaphysics spirituality And that is the strength of his seemingly inconsequent method In a way he is too wise to suppose that the arguments of the philosophia perennis are enough in their abstract form to convince a man they only carry conviction in relation to a whole experience of life of which they are the expression The issues between the Thomist the positivist the idealist are not issues simply of doctrine but of life and to see what they are one must probe stretching language beyond the frontiers of poetry somehow to convey the issues as things through which men live 2 The book should be studied closely by the moralist whether he be philosopher or moral theologian Where some of the most familiar ethical ideas are concerned Marcel reminds us of their

inside when we so often in our discussion think simply of their outside What is a promise We have our answer put our formula which permits us to go on with the discussion of our obligations to keep the promises we have made and so on We don't wait to probe I find myself inevitably using that word probe again and again in connection with M Marcel for what he does is to probe the unsuspected profundities of the familiar Most professional students of ethics are morally philistine men who give little time to penetrating the inside of the ideas they are handling And there Marcel pulls them up short 3 The book should be widely read by the many Christian fellow travellers of today those who follow as it were afar off the Christian way without themselves coming yet to the point of an act of faith in the Crucified Its very incompleteness will respond to their groping anxiety and it will enrich their vision of life And this it can do because it eschews dogmatic exposition seeking rather to shew the inside of the truly Christian way of life Fidelity hope charity mystery these are fundamental categories of the Christian way and of all these Marcel has much to say which is in every way fresh and yet at the same time rooted in the tradition of Catholic Christianity The reader of such a work as Albert Camus *La Peste* with its preoccupation with the problem of an atheistic sanctity will understand M Marcel In a way he challenges the possibility of Camus vision and he does so not on dogmatic grounds but by an analysis of holiness and goodness which shews indirectly their inseparability from acknowledgment of the all embracing mystery of God An age which has known evil as ours has and does still know it is inevitably interested in goodness and it is with goodness as something inevitably issuing out of God because a gift from him that Marcel's studies deal 4 And lastly I commend this book because at a time when minuteness and subtlety of mind are too often the prerogatives of the light heartedly destructive he reminds us that a true minuteness and a true intellectual subtlety are rooted in humility and purity of heart and manifest the soil in which they are nourished by graciousness whose charm none can escape and a strength of argument which none can break

The Spiritual Lives and Manuscript Cultures of Eighteenth-Century English Women Cynthia Aalders, 2024-05-01 The *Spiritual Lives and Manuscript Cultures of Eighteenth-Century English Women* explores the vital and unexplored ways in which women's life writings acted to undergird guide and indeed shape religious communities Through an exploration of various significant but understudied personal relationships including mentorship by older women spiritual friendship and care for nonbiological children the book demonstrates the multiple ways in which women were active in writing religious communities The women discussed here belonged to communities that habitually communicated through personal writing At the same time their acts of writing were creative acts powerful to build and shape religious communities these women wrote religious community The book consists of a series of interweaving case studies and focuses on Catherine Talbot 1721-70 Anne Steele 1717-78 and Ann Bolton 1743-1822 and on their literary interactions with friends and family Considered together these subjects and sources allow comparison across denomination for Talbot was Anglican Steele a Baptist and Bolton a Methodist Further it considers women's life writings as spiritual legacy as manuscripts were preserved by female friends and family members and continued to

function in religious communities after the death of their authors Various strands of enquiry weave through the book questions of gender and religion themselves inflected by denomination themes related to life writings and manuscript cultures and the interplay between the writer as individual and her relationships and communal affiliations The result is a variegated and highly textured account of eighteenth century women s spiritual and writing lives **The Lay Preacher**

Young,2009 Most people who care about nature cannot help but use religious language to describe their experience We can trace many of these conceptions of nature and holiness directly to influential nineteenth century writers especially Henry David Thoreau 1817 1862 In Walden he writes that God himself culminates in the present moment and that in nature we encounter the workman whose work we are But what were the sources of his religious convictions about the meaning of nature in human life Powers of Imagining Antonio T. De Nicolás,Saint Ignatius (of Loyola),1986-01-01 This book presents a new translation of the Spiritual Exercises of Ignatius de Loyola of his Spiritual Diary of his Autobiography and some of his letters These translations are introduced by a hermeneutical commentary laying out the theory and practices of the decision making power of imagining Ignatius proposed in his Spiritual Exercises a form of decision oriented mysticism and through their use gathered around him a group of associates who became the first members of the Jesuit Order Under the control of later doctrinally oriented theologians the practical decision oriented mystical character of the original Exercises was gradually replaced by a more theoretical and devotional character Antonio T de Nicolas recovers in his translations and through his critical apparatus the original decision oriented thrust of Ignatius **The Hibbert Journal** ,1950 Jesus or Christ issued as monographic supplement 1909 **Seeking Communion as Healing Dialogue** Margaret M. Mullan,2021-06-10 Seeking Communion as Healing Dialogue Gabriel Marcel s Philosophy for Today discusses society s problems with interpersonal communication arguing that these issues are more deeply rooted in problems in being Margaret M Mullan draws on the work of Gabriel Marcel to explore the meaning of body of being with and of being at all in today s world answering questions about why we are often unable to dialogue with the people around us why we feel disconnected and alone even in an increasingly technological world and how these changing technologies expose and sometimes exacerbate our weak connections to others Engaging Marcel s reflective method and theory of communion Mullan explores how we seek communion amid technology and proposes that Marcel s reflections are generative contributions to the understanding and study of communication offering a way to seek healing dialogue in present day Scholars of communication philosophy conflict studies and media studies will find this book particularly useful
