Metaphysical Ideas Of The Ancient Hebrews:

Metaphysical Ideas of the Ancient Hebrews Harriet Tuttle Bartlett, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work *An Esoteric Reading of Biblical Symbolism* Mrs. Harriet Tuttle Bartlett, 1916 **Metaphysical Magazine**, 1895 **Our Religious Brains** Ralph D. Mecklenburger, 2012 This is a groundbreaking accessible look at the implications of cognitive science for religion and theology intended for laypeople Avoiding neurological jargon and respectful to all faiths it examines **How Greek Philosophy Corrupted the Christian Concept of God** Richard R. Hopkins, 2023-02-14 This insightful book brings profound new insights to the Trinitarian doctrines of orthodox Christianity With clear and precise documentation the book shows how these doctrines migrated into early Christianity from Greek philosophy The various aspects of Trinitarian belief are isolated linked to their Greek sources and carefully analyzed to show they differ radically from biblical teaching The Writings of early Church Fathers portrayed in their historical context show that during the second century theological concepts taught in Platonism were adopted as Christianity struggled to end Roman persecution Emperor Marcus Aurelius a famous Stoic philosopher was putting Christians to death because their belief did not conform to the Hellenized religion of the day The book shows that the early church fathers sought to save their people s lives by redefining the Christian God in Greek terms Their efforts brought metaphysics to Christianity and ushered in concepts like the Trinity After presenting the historical setting in which these philosophical errors were embraced as Christian doctrine the book compares orthodox Christian theology today called classical theism to biblical teachings The book identifies how Greek philosophy has influenced major attributes of God taught in classical theism The book constitutes a major challenge to those who accept the tenants of classical theism but do not know the many aspects of their doctrine that are based on Greek philosophy The Hebraic Tongue Restored and the True Meaning of the Hebrew Words Re-established and Proved by Their Radical Analysis Antoine Fabre d'Olivet, 1921 **The Influence of Abraham Cohen de Herrera's Kabbalah on Spinoza's Metaphysics** Miquel Beltran, 2016-06-21 In this book the author seeks to find historiographical and textual evidence that Abraham Cohen de Herrera s main kabbalistic work *Puerta del Cielo* influenced Spinoza s metaphysics as it is expounded in his later work the *Ethica* Many of the most important ontological topics maintained by the philosopher like the concept of the first cause as substance the procession of the infinite modes the subjective or metaphorical reality of the attributes and the two different understandings of God were anticipated in Herrera s mystical treatise Both shared a particular consideration of panentheism that entails acosmism This influence is proven through a comparative examination of the writings of both authors as well as a detailed research on previous Jewish philosophical thought **The Metaphysics of**

Modern Existence Vine Deloria, Jr., Daniel Wildcat, David Wilkins, 2012-09-01 Vine Deloria Jr named one of the most influential religious thinkers in the world by Time shares a framework for a new vision of reality Bridging science and religion to form an integrated idea of the world while recognizing the importance of tribal wisdom The Metaphysics of Modern Existence delivers a revolutionary view of our future and our world German Idealism and the Jew Michael Mack, 2013-11-01 In German Idealism and the Jew Michael Mack uncovers the deep roots of anti-Semitism in the German philosophical tradition While many have read German anti-Semitism as a reaction against Enlightenment philosophy Mack instead contends that the redefinition of the Jews as irrational oriental Others forms the very cornerstone of German idealism including Kant's conception of universal reason Offering the first analytical account of the connection between anti-Semitism and philosophy Mack begins his exploration by showing how the fundamental thinkers in the German idealist tradition Kant Hegel and through them Feuerbach and Wagner argued that the human world should perform and enact the promises held out by a conception of an otherworldly heaven But their respective philosophies all ran aground on the belief that the worldly proved incapable of transforming itself into this otherworldly ideal To reconcile this incommensurability Mack argues philosophers created a construction of Jews as symbolic of the worldliness that hindered the development of a body politic and that served as a foil to Kantian autonomy and rationality In the second part Mack examines how Moses Mendelssohn Heinrich Heine Franz Rosenzweig and Freud among others grappled with being both German and Jewish Each thinker accepted the philosophies of Kant and Hegel in varying degrees while simultaneously critiquing anti-Semitism in order to develop the modern Jewish notion of what it meant to be enlightened a concept that differed substantially from that of Kant Hegel Feuerbach and Wagner By speaking the unspoken in German philosophy this book profoundly reshapes our understanding of it **Lucid Waking** Georg Feuerstein, 1997-08 Shows how to bring an intense awareness to the business of living meeting the challenges of existence sanely creatively and philosophically Karl Barth and Pentecostal Theology Frank D. Macchia, Terry L. Cross, Andrew K. Gabriel, 2024-02-08 The essays in this volume evaluate and build on Barth's theology from the perspective of Pentecostal theology and thereby contribute to constructive Pentecostal systematic theology by using Barth as a valuable dialogue partner At present a theological conversation of Pentecostals with Barth does not exist and this volume fills this void More widely it will aid all those who seek a convergence of the Word and the Spirit in theology Barth and Pentecostals share some important common theological interests Barth's mature theology has a decidedly christological emphasis Likewise historically Pentecostals have often spoken of a full gospel with an emphasis on Christ as savior healer baptizer in the Spirit and soon and coming King with some Pentecostal traditions also adding a fifth emphasis on Christ the sanctifier Furthermore near the end of his life Barth anticipated the possibility of a theology of the third article a theology where the Holy Spirit would dominate and be decisive The realization of Barth's dream is no doubt coming to pass in part through the development of Pentecostal theology in as much as pneumatological theology exploring how

pneumatology affects supplements and might reform other doctrines is an emerging paradigm for Pentecostal theology

The Paradox of Anti-Semitism Dan Cohn-Sherbok, 2006-05-10 Cohn Sherbok argues that although antisemitism is an evil it has paradoxically kept Judaism alive and made its culture prosper **The Legacy of Israel** Edwyn Robert Bevan, 1927

The Legacy of Israel deals with the contribution that has come to the sum of human thought from Judaism and from the Jewish view of the world It is not in any sense either a history of the Jewish people or an exposition of Judaism and it is concerned with these topics only in so far as discussion of them may be necessary for the clear setting forth of the proper theme of the volume It is a companion to the Legacy of Greece and The Legacy of Rome Excerpted from Preface page v by E R B C S

Philosophy, Qabbala and Vedānta Maurice Fluegel, 1902 Patrick White and God Michael Giffin, 2017-05-11 The novels of Australia's Nobel Laureate Patrick White 1912-1990 are a persistent commentary on Nietzsche's proclamation of God's death As White knew the proclamation was not about God's existence but about classical views of God it presented him with the impossible task of using language to describe what language cannot describe This has always been one of the more misunderstood aspects of his literary vision Because the announcement is often interpreted in antithetical ways atheistic theistic secular religious humanistic and fatalistic critics should gain a better understanding of what White was trying to achieve by comparing him with his post war contemporaries from England Scotland and Canada Iris Murdoch William Golding Muriel Spark and Robertson Davies After and because of the war these authors all commented on the consequences of God's death Along with White they worked with a shared pattern of tropes to explore the light and dark aspects of western consciousness and the civilization it has produced Where did the pattern come from Was it metaphysical or metapsychological These questions are complex as the pattern came from many sources simultaneously and synergistically but this book tackles these questions by describing that pattern **Publications of the American Jewish Historical**

Society American Jewish Historical Society, 1905 **Jacob L. Talmon** Professor David Ohana, 2015-07-01 Isaiah Berlin in his Tribute to a Friend wrote about the historian Jacob L Talmon 1916-1980 No matter what his theoretical interests were or the topics on which he was lecturing or writing his deepest concern was with the Jewish people its history its religious moral and social values its place among the nations its future in Israel and the diaspora These words capture the essence of Talmon's political essays presented in Mission and Testimony Talmon was chosen by an international committee of scholars as one of the twenty major historians of the twentieth century declaring that his historiography was a convincing apologia for human freedom He owes his fame primarily to his magnum opus the trilogy that began with The Origins of Totalitarian Democracy 1952 continued with Political Messianism 1960 and concluded with The Myth of the Nation and the Vision of Revolution 1981 This edited collection of Talmon's essays comprises the following Part I The Nature of Jewish history deals with the Jewish presence in history the universal significance of Jewish history and the impact of Jewish intellectuals Part II From Anti-Semitism to the Holocaust concerns the anti-Semitic climate of opinion that led to the Holocaust Part III depicts the regional

and global situation of the State of Israel In Part IV Intellectual and Political Debates Talmon confronts intellectuals and statesmen such as Arnold Toynbee and Menachem Begin Part V Profiles in History depicts the intellectual portraits of the historian Lewis Namier and the physicist and champion of human rights Andrei Sakharov *Publications of the American Jewish Historical Society* ,1905 **Baptist Commonwealth** ,1903 The Two Hundred and Fiftieth Anniversary of the Settlement of the Jews in the United States American Jewish Historical Society.
