Meteor A Novel:

METEOR EDMUND H. NORTH ,1979 *The First Meteor Book for Boys* John Blair (Editor of The First Meteor Book for Boys.),1948 **Don't Mess With Earth: An Alternate History Novel** Cliff Ball,2022-12-15 Thousands of years in the past an advanced group of humans leave Earth when a coming disaster threatens to end all life on the planet while those who remain fall back into primitiveness Eventually everyone involves Earth in an interstellar war which makes the humans of Earth decide to do something about this Interstellar politics will never be the same again once Earth is done with their revenge *Science Fiction and Fantasy Literature, Vol 1* R. Reginald,2010-09-01 Science Fiction and Fantasy Literature A Checklist 1700 1974 Volume one of Two contains an Author Index Title Index Series Index Awards Index and the Ace and Belmont Doubles Index *Atlantic Afterlives in Contemporary Fiction* S. Ahlberg,2016-04-08 Atlantic Afterlives in Contemporary Fiction offers fresh readings of what has been called transatlantic literature In selected twentieth and twenty first century texts it discovers a shift from oceanic place based knowledge to an atmospheric placeless circulation of information Consonant with the displacements of the Information Age this book reads contemporary narrative as it imagines and navigates today s virtual spaces An important conclusion of the book is that intellectual resources are finite and should be used sustainably Thus arguing against a conventional comparative approach this book proposes reading practices that resist the tendency toward an oversupply of reworked literary contexts that seems bent on matching the reach of the World Wide Web Instead the book reimagines place as a practice in the way it is communicated and narrated Ultimately this book empowers the reader to reimagine a future for narrative in the Information Age **The Second Meteor Book for Boys** John Blair (Editor of The First Meteor Book for Boys.),1949 **Radical Hope in the Novels of Thomas Pynchon** Phillip Grayson,2022-09-09 Radical Hope in the Novels of Thomas Pynchon The Moon and Meteor provides a careful consideration of the author s career examining the ways in which the subversion of his early novels feeds into the radical optimism of his later works The book s first half explores the author s use of the image of the Moon as a romanticized ideal that is irreparably corrupted by and corruptly manipulated by forces of worldly power The second half takes up the meteor as an image of impending violence that has yet to be full realized finding in the unlikely possibility of that violence being somehow averted a reckless sort of hope This foolhardy but nonetheless real hope to escape from violent oppressive structures and forge a real ethical obligation to the other marks the development of these paired metaphors and through them Pynchon introduces the possibility however slight that literature with its powerfully intimate relationship with consciousness may at least sustain that hope **Conversations with Leon Forrest** Leon Forrest,2007 A collection of interviews in which African American author Leon Forrest discusses his life works artistic vision and more **Morality in Cormac McCarthy's Fiction** Russell M. Hillier,2017-02-28 This book argues that McCarthy s works convey a profound moral vision and use intertextuality moral philosophy and questions of genre to advance that vision It focuses upon the ways in which McCarthy s fiction is in ceaseless

conversation with literary and philosophical tradition examining McCarthy's investment in influential thinkers from Marcus Aurelius to Hannah Arendt and poets playwrights and novelists from Dante and Shakespeare to Fyodor Dostoevsky and Antonio Machado The book shows how McCarthy's fiction grapples with abiding moral and metaphysical issues the nature and problem of evil the idea of God or the transcendent the credibility of heroism in the modern age the question of moral choice and action the possibility of faith hope love and goodness the meaning and limits of civilization and the definition of what it is to be human This study will appeal alike to readers teachers and scholars of Cormac McCarthy
