Methodism In Their Madneb People And Events Involved In The Dev:

Utopian Movements and Ideas of the Great Depression Donald W. Whisenhunt, 2013-03-22 In the 1930s the United States was beset with an economic crisis so serious that it threatened the future of the nation On the national level Franklin Roosevelt initiated and developed a variety of reforms and experiments as part of the New Deal Some Americans looking for change believed Roosevelt was going in the wrong direction while others believed he was too timid in his reforms Still others thought he had not broken free of the restraints placed on him by the financial interests of the country Many Americans had their own ideas about how to address the financial crisis and took matters into their own hands In *Utopian Movements and Ideas of the Great Depression* Donald W Whisenhunt explores several lesser known movements for change and reform in the Great Depression Era including communal societies proposals for reform and analyses of several books that propose solutions to the nation s economic ills Arguably America has been a Utopian experiment from its beginning the movements and ideas of the 1930s were simply the latest manifestations of that experiment Though not well known the people and events studied represent the thinking of some of the most articulate and driven Americans during the economic crisis Despite their lack of obvious success they represent an important American idea that an average person can devise solutions to society s problems These movements and ideas embody the American belief in progress and the power of the individual

Richey, 2015-03-02 Winner of the 2015 Saddleback Selection Award from the Historical Society of The United Methodist Church During the nineteenth century camp meetings became a signature program of American Methodists and an extraordinary engine for their remarkable evangelistic outreach *Methodism in the American Forest* explores the ways in which Methodist preachers interacted with and utilized the American woodland and the role camp meetings played in the denomination s spread across the country Half a century before they made themselves such a home in the woods the people and preachers learned the hard way that only a fool would adhere to John Wesley s mandate for preaching in fields of the New World Under the blazing American sun Methodist preachers sought and found a better outdoor sanctuary for large gatherings under the shade of great oaks a natural cathedral where they held forth with fervid sermons The American forests argues Russell E Richey served the preachers in several important ways Like a kind of Gethesemane the remote garden like solitude provided them with a place to seek counsel from the Holy Spirit They also saw the forest as a desolate wilderness and a means for them to connect with Israel s years after the Exodus and Jesus s forty days in the desert after his baptism by John The dauntless preachers slashed their way through following America s expanding settlement and gradually sacralizing

American woodlands as cathedral confessional and spiritual challenge as shady grove as garden and as wilderness The threefold forest experience became a Methodist standard The meeting of Methodism's basic governing body the quarterly conference brought together leadership of all levels The event stretched to two days in length and soon great crowds were drawn by the preaching and eventually the sacraments that were on offer Camp meetings if not a Methodist invention became the movement's signature a development that Richey tracks throughout the years that Methodism matured to become a central denomination in America's religious landscape

Born in Crisis and Shaped by Controversy, Volume 2 John R. Tyson, 2023-07-27 This second installment of the Methodist story *Shaped by Controversy* examines eight of the major controversies that epitomize aspects of Methodism's inter family dialogue and trauma These theological ecclesial and ethical controversies tried the values tested the patience and strained our familial relationships Ultimately they divided the Methodist movement Ironically controversy was often rooted in something that was good and right about the Methodist movement a commitment to addressing what had somehow gotten out of balance and become destructive Internal struggles over matters related to class economic status gender and race shook Methodism precisely because the inclusion of all people from diverse backgrounds and walks of life was a foundational aspect of the early Methodism Contentious controversies have revolved around matters like 1 the nature of spiritual life faith and good works 2 predestination and the nature Christian assurance of salvation 3 the difficulties of living out Christian Perfection in a world full of imperfect people 4 the pain and trauma of ecclesiastical separation 5 women's leadership in the church 6 the debilitating effects of racism and segregation 7 governance and shared leadership and 8 the affirmation and full inclusion of LGBTQ people These controversies within the church family have challenged and pained Methodists deeply They have also forced Methodists to examine their own priorities and clarify what matters most to them How the Methodists responded to these controversies for good or for ill has shaped the identity of the Methodists as people of faith Hopefully both guidance and encouragement can be found in this history because the past is often like a distant mirror that reflects very clearly upon lives lived today
