Digital Resources, Creativity and Innovative Methodologies in Language Teaching and Learning Adriana Teresa Damascelli, 2017-06-20 The concept of university language centres has changed in recent decades Initially conceived as laboratories for practical and autonomous language learning they are now considered as places with more specific and complex functions in language teaching and learning University language centres now constitute networks for exchanging knowledge and know how in order to respond to ever changing multilingual and multicultural contexts At the same time the

availability and acquisition of new technologies is contributing to the creation of new tools for the provision of appropriate services and training This collection covers a wide range of topics related to the activities experiences and applied research carried out in Italian university language centres It provides further evidence of the important role university language centres play in promoting language expertise developing tools and adopting digital resources and providing support and training for language teaching Technology creativity methodologies and plurilingualism are key topics in the book as they constitute the essential ingredients for effective and successful language teaching and learning The volume s thirty three chapters provide multi perspective approaches showing how the real contexts of current language education need the integration of theoretical backgrounds with the best practices resulting from practical experience **Le plan de**

Le dialogue des juges Bernard-Raymond Guimond, 2022-05-30 L'ouvrage décrit celles et ceux qui ressentent la science du droit apporte des propositions pour la construction d'un dialogue utile au service de la justice Fruit d'une collaboration avec plusieurs chercheurs cette analyse des rapports fonctionnels entre les juges décline le caractère essentiellement dialogique du droit Les différents auteurs montrent que dans un système de judiciaire globalisation le dialogue des juges tend à s'internationaliser tant sur le plan vertical que sur le plan horizontal une juridiction qui ne s'ouvre pas sur l'extérieur via le droit comparé court le risque d'être isolée Ainsi importer les décisions étrangères permet de montrer que le juge s'inscrit dans un dialogue institutionnel transnational Le souci majeur dans la présente réflexion est l'intérêt du justiciable Ce dernier a besoin pour sa sécurité d'un juge proche de lui et résolvant rapidement ses problèmes Que l'on se situe au plan national ou international dans sa verticalité et dans son horizontalité la protection des droits du citoyen doit être la priorité du juge L'ouvrage contribue à la structuration et à la transformation du droit dans les systèmes juridictionnels intérieurs et internationaux

Les fonctions du consentement des administrés en droit administratif français Basile Mérand, 2020-06-16 Contrairement à ce qu'on en a dit la notion de consentement n'est pas le monopole du droit privé Le droit administratif français lui fait également une large place En plus des contrats on le rencontre en droit hospitalier en droit fiscal dans le domaine des biens des libertés publiques des collectivités locales ou dans les procédures administratives L'analyse des textes de la jurisprudence et du discours doctrinal révèle l'omniprésence du consentement des administrés dans un droit pourtant imprégné d'unilatéralité Ce consentement a trois fonctions d'assurer l'exercice de libertés par les administrés enfin il légitime l'action administrative La prise en compte par l'administration du consentement des administrés peut être un moyen supplémentaire au service de l'État

Le rôle créateur de l'exception en droit Jean-Jacques Sarfati, 2016 La 4^e de couverture indique Pour des raisons souvent historiques la pensée occidentale moderne a surtout pensé la norme et la loi Elle a parfois aussi mais plus rarement réfléchi sur le principe mais elle a souvent négligé l'exception Or cette dernière joue un rôle central en droit en ce qu'elle le crée réellement et en tous les sens du terme Certains auteurs ont tenté de mettre en évidence l'importance de ladite exception mais leur vision a souvent été trop réductrice et l'exception a trop souvent été réduite à l'idée négative de crise L'auteur de ce travail juriste et philosophe a pris en compte les différents aspects pris par l'exception en droit et ouvert pour la première fois en philosophie

du droit le sens de cette notion propose ici de finir l'exception comme le hors du commun et de ne tenir vraiment pour exceptionnelles que les belles exceptions savoir celles qui rendent l'homme meilleur Un droit ne peut en effet porter dignement ce nom que lorsqu'il aide chacun devenir plus grand et se tenir plus droit qu'il ne se tenait avant qu'il soit dicté. Cependant pour ne pas se réduire aux simples déclarations d'intention un tel droit ne peut réellement exister que par des beaux gestes aussi modestes et quotidiens soient-ils car ce sont eux en effet qui nous donnent chaque jour l'envie de devenir meilleur que nous le sommes et qui créent véritablement le droit.

The Concept of Cultural Genocide Elisa Novic, 2016-10-13 Cultural genocide is the systematic destruction of traditions values language and other elements that make one group of people distinct from another Cultural genocide remains a recurrent topic appearing not only in the form of wide ranging claims about the commission of cultural genocide in diverse contexts but also in the legal sphere as exemplified by the discussions before the International Criminal Tribunal for the Former Yugoslavia and also the drafting of the UN Declaration on the Rights of Indigenous Peoples These discussions have however displayed the lack of a uniform understanding of the concept of cultural genocide and thus of the role that international law is expected to fulfil in this regard The Concept of Cultural Genocide An International Law Perspective details how international law has approached the core idea underlying the concept of cultural genocide and how this framework can be strengthened and fostered It traces developments from the early conceptualisation of cultural genocide to the contemporary question of its reparation Through this journey the book discusses the evolution of various branches of international law in relation to both cultural protection and cultural destruction in light of a number of legal cases in which either the concept of cultural genocide or the idea of cultural destruction has been discussed Such cases include the destruction of cultural and religious heritage in Bosnia and Herzegovina the forced removals of Aboriginal children in Australia and Canada and the case law of the Inter American Court of Human Rights in relation to Indigenous and tribal groups cultural destruction Abdelfattah Amor, 2001 L'action civile : essai sur la nature juridique d'une institution Philippe Bonfils, 1999-12-31 T23:00:00+01:00 Le renforcement des caractéristiques de l'action civile tablissement du caractère universel de l'action civile viction du caractère vindicatif de l'action civile par son
