North Queensland In Colour:

The Menace of Colour John Walter Gregory, 1925 Comprehensive survey of the increasing tide of colour which threatens the supremacy of the white races Chap 7 Australia and its Northern Territory Briefly outlines early settlement in Victoria mainly on White Australia Policy not Aborigines **Northern Territory Development and Administration** Sir George Buchanan, 1925 *Red Basaltic Soils in North Queensland* R. F. Isbell, 1976 **Gliding Mammals of the World** Stephen Jackson, Peter Schouten, 2012-08-09 The world's gliding mammals are an extraordinary group of animals that have the ability to glide from tree to tree with seemingly effortless grace There are more than 60 species of gliding mammals including the flying squirrels from Asia Europe and North America the scaly tailed flying squirrels from central Africa and the gliding possums of Australia and New Guinea But the most spectacular of all are the colugos or so called flying lemurs that occur throughout South East Asia and the Philippines Animals that glide from tree to tree descend at an angle of less than 45 degrees to the horizontal while those that parachute descend at an angle greater than 45 degrees Gliding is achieved by deflecting air flowing past well developed gliding membranes or patagia which form an effective airfoil that allows the animal to travel the greatest possible horizontal distance with the least loss in height The flying squirrels and scaly tailed flying squirrels even have special cartilaginous spurs that extend either from the wrist or elbow respectively to help support the gliding membrane Gliding Mammals of the World provides for the first time a synthesis of all that is known about the biology of these intriguing mammals It includes a brief description of each species together with a distribution map and a beautiful full colour painting An introduction outlines the origins and biogeography of each group of gliding mammals and examines the incredible adaptations that allow them to launch themselves and glide from tree to tree **Transactions and Proceedings and Report of the Royal Society of South Australia** Royal Society of South Australia, 1901 *Transactions of the Royal Society of South Australia, Incorporated* Royal Society of South Australia, 1902 *Transactions of the Royal Society of South Australia* Royal Society of South Australia, 1903 **Transactions and Proceedings and Report of the Philosophical Society of Adelaide, South Australia** Royal Society of South Australia, 1901 **Novitates Zoologicae**, 1910 Pamphlet, 1851 Nests and Eggs of Birds Found Breeding in Australia and Tasmania Alfred John North, 1909 **Textile Recorder**, 1922 **Strahan's Mammals of Australia** Andrew M.
