North Yemen:

Background Notes, (North) Yemen ,1985 **The Saudi Egyptian Conflict Over North Yemen, 1962-1970** Saeed M Badeeb,2019-07-11 The 1962 coup d'état in North Yemen initiated one of the most debilitating Middle East conflicts ever the eight year civil war in North Yemen This conflict in an obscure corner of the Arab world eventually assumed global importance attracting the attention of the superpowers and the United Nations This book focuses on the Yemeni civil war's impact at the regional level where it provoked enmity between two influential Arab states Saudi Arabia and Egypt Dr Badeeb argues that for Egypt the war constituted a means of intensifying and confirming its role as the leader of the revolutionary camp in the Arab world For Saudi Arabia however it presented a direct challenge to the security and stability of the kingdom Dr Badeeb provides a valuable elucidation of Saudi Arabia's concern over Yemen as a potential source of political and strategic upheaval This lately unappreciated aspect of the regional security picture is in part a legacy of the Saudi Egyptian conflict of the 1960s and is one of the central elements of current Saudi security policy Regime and Periphery in Northern Yemen Barak A. Salmoni, Bryce Loidolt, Madeleine Wells, 2010-04-28 For nearly six years the government of Yemen has conducted military operations north of the capital against groups of its citizens known as Huthis In spite of using all means at its disposal the government has been unable to subdue the Huthi movement This book presents an in depth look at the conflict in all its aspects The authors detail the various stages of the conflict and map out its possible future trajectories

Yemen Uzi Rabi, 2014-12-17 Yemen tucked into the southwestern corner of the Arabian Peninsula has often escaped regional and international attention And yet its history illuminates some of the most important issues at play in the modern Middle East from Cold War rivalries to the growth of Islamic extremism in the 1990s and from the rise of Al Qaeda in the Arabian Peninsula AQAP in the post 9/11 period to Obama era drone strikes Uzi Rabi looks at this country and its economic and political history through the prism of state failure He examines Yemen's trajectory from revolutions and civil war in the 1960s to unification in the 1990s and on to the 2011 uprisings which eventually saw the fall from power of Ali Abdallah Salih in 2012 Covering the twentieth century history of Yemen from traditional society to a melting pot of revolutions accompanied by foreign intervention Uzi Rabi's book offers an analysis of a state that is failing both in terms of day to day functioning and in terms of offering its citizens a modicum of security Rabi covers the initial rulers of the country Imam Yahya and his descendants who ruled Yemen until 1962 But with the growing influence of Gamal Abd al Nasser's vision of Arab nationalism and the defeat of the British and their allies in November 1967 the way was paved for the formation of South Yemen the only declared Marxist regime in the Arab world Rabi tracks the turbulent political history of the two Yemens in particular South Yemen which between 1967 and 1986 saw five presidents come and go three of whom were ousted by violent means But with unification came a new set of problems concerning poverty terrorism and corruption Rabi's analysis of the political beginnings rule and eventual downfall of Salih are key to understanding all of these and how they have contributed to Yemen

s current explosive condition Drawing extensively on Arabic sources many of which are not available in the English language Rabi offers important analysis on the volatility of the state in Yemen Based on freshly examined materials this book is a vital reference of any examination of the country s twentieth century history and its impact on the current unstable situation in the wider Middle East The Department of State Bulletin ,1979 The official monthly record of United States foreign policy

Cordesman,2019-09-06 This book provides an extensive military and strategic analysis of the Gulf and the Arabian Peninsula assessing the regional military balance the internal security and stability of each Gulf nation the evolution of each nation s forces from 1969 into 1983 and the impact of defense spending and Western and Soviet bloc arms sales in the region Comprehensive statistics are provided on arms transfers to each country since 1969 and on the forces each nation is capable of deploying in the Gulf *The Economic Development of the Yemen Arab Republic (RLE Economy of Middle East)* Ragaei el Mallakh,2014-10-30 The recent economic development of the Yemen Arab Republic is in stark contrast to the centuries of isolation that had marked the country prior to the 1962 Revolution When economic planning was instituted in the 1970s the nation was confronted by the needs of reconstruction after years of conflict and of development A formidable task was faced in the need to establish basic infrastructure throughout a country with a widely dispersed population and with extremely rugged terrain In addition the economy has been characterized by the high percentage of the workforce attracted overseas as migrant workers This book provides the first comprehensive study of the economic development of this under studied nation First published in 1986 **Hearings, Reports and Prints of the House Committee on Foreign Affairs** United States. Congress. House. Committee on Foreign Affairs (1789-1975),1981 *International Armed Conflict Since 1945* Herbert K. source documents such as the UN Resolution on the Partition of Palestine and the Camp David Accords are included and put into context Further insight into drivers of war and peace in the Middle East are provided through biographies of major political leaders like Menachem Begin Golda Meir Yasser Arafat Benjamin Netanyahu and Anwar Sadat **The Red Sea and the Gulf of Aden** Ruth Lapidot, 2024-09-02 **Soviet Military Power**, 1985 **The Yemens** Richard F. Nyrop, 1986 General study of Yemen historical and geographical aspects religious practice Islam demographic aspects and social structure politics political system economy international relations defence and the administration of justice Bibliography diagrams maps photographs statistical tables **Historical Dictionary of Yemen** Charles Schmitz, Robert D. Burrowes, 2017-10-25 Yemen has experienced wrenching changes that have transformed the country in yet unknown ways The country exploded in a popular revolution against the long time rule of Ali Abdallah Saleh While the country appeared to slip toward civil war Yemeni political elite rallied with international backers to put together a transitional government with a plan to revise the country s constitution The transitional government began with a cautious sense of optimism and the prospect of substantial change for the better but ended in collapse because of a failure to govern The politics of the street overran an ineffective transitional government that could not address the urgent concerns of Yemeni citizens for security and jobs Instead populist leaders exploited people s dissatisfactions and threw the country into civil war The Houthi organization covertly allied with its former enemy Ali Abdallah Saleh to overthrow the transitional government and declare war on the rest of the country Saleh seems unable to conceive of life outside of the Presidential Palace and his Houthi allies appear to believe they are destined to rule Unfortunately those opposed to Saleh and the Houthi also seem unable to provide effective rule in spite of massive backing from the Gulf States The incompetence infighting and incoherence of the Hadi government bode equally ill for the future of the country The one hope may be that a new generation of Yemeni leaders emerges to displace the dismal failures of this one This third edition of Historical Dictionary of Yemen contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1000 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Yemen **Problems of Communism**, 1984 **Foreign Assistance Legislation for Fiscal Year 1981** United States. Congress. House. Committee on Foreign Affairs, 1980 [Review of Recent Developments in the Middle East](#), 1979 United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Europe and the Middle East, 1979 [Towards Korean Reconciliation](#) Gabriel Jonsson, 2017-11-30 Despite historic summits and spectacular acts of reconciliation between the rival neighbours promises of improved cross border relations between North and South Korea have been slow to materialize In this insightful book Gabriel Jonsson examines the impact that increased levels of socio cultural contact has had on inter Korean relations the concrete results that have been achieved and how such contact has contributed to closer relations and offers the prospect of reconciliation With reference to lessons from

the German and Yemeni unification the book examines the development of inter Korean relations and presents a fascinating view of South Korean perceptions of their neighbours The book also details the wider political sphere of influence with an analysis of the positions of the United States Japan China and Russia on Korean unity Based primarily on Korean language sources this volume provides completely unique perspectives on Korean unity
