Northern Ireland Assembly:

The Northern Ireland Assembly Sean Haughey, 2023-09-08 Northern Ireland's power sharing Assembly is understudied in the legislative studies literature. Having been suspended or de facto suspended for around 40% of its existence, conversation has tended to focus more on the wider political problems in which the Assembly has been enmeshed and less on its day to day functions as a legislature. This book is the first to examine how the Assembly fulfils the four core functions of a legislature: representation, linkage, scrutiny and policy making. Using Members of the Legislative Assembly (MLAs) as the primary unit of analysis, the book explores who and how MLAs represent, their approach to cultivating links with constituents, their use of parliamentary scrutiny tools and their contribution to law making. The book grounds its analysis in original data sourced from elite interviews, surveys, parliamentary questions, legislation and the Official Report of parliamentary proceedings. Readers will therefore be able to reflect on whether the Assembly's often poor reputations comport with empirical realities. This book contributes to debates in the legislative studies and consociational power sharing literatures and will be of interest to students and scholars of parliaments, devolution and Northern Ireland politics.

Review of the Number of Members of the Northern Ireland Legislative Assembly and on the Reduction in the Number of Northern Ireland Departments Northern Ireland. Assembly. Assembly and Executive Review Committee, Northern Ireland. Assembly. Research and Information Service, 2012-06-27. This review on the potential benefit of streamlining governing institutions focusses on the number of MLAs elected to the Northern Ireland Assembly. It is based on views on the five Key Issues set out in the Committee's Call for Evidence paper: see <http://www.niassembly.gov.uk>. Assembly Business Committees. Assembly and Executive Review. Reviews 1. Whether the statutory link between Westminster and Northern Ireland constituencies should be removed and the implications of removing or retaining this link. 2. The implications of the forthcoming reduction on the implementation of the Parliamentary Voting System and Constituencies Act 2011 and any further reduction in the number of MLAs. 3. The reduced number of MLAs required to ensure that the effectiveness of the Assembly in delivering its key functions is maintained consistent with the safeguards on inclusivity. 4. Proposals to mitigate the impact of reducing the number of MLAs on the effectiveness of the Assembly in delivering its key functions, including in particular proposals to ensure a robust and effective committee system. 5. The reduction in the number of NI departments and associated re-allocation of functions which will ensure the effectiveness of the Executive functions are maintained. The Committee concluded that members consider that the issues are very much interlinked and that a holistic approach to reaching a view on the size of the Assembly in terms of the number of MLAs should be taken. It could not reach consensus on the size of the Assembly. This Report therefore sets out in some detail the particular position of the Political Parties represented on the Committee.

Planning Law and Practice in Northern Ireland Stephen McKay, Michael Murray, 2022-10-24 Each of the jurisdictions within the United Kingdom is constantly refining the operational characteristics of its planning system and while there are some common practices there are also substantive divergences In each territory the planning template is shaped within a dynamic political and legal context and thus students and practitioners require an accessible in depth and up to date literature dealing with this matter The multi disciplinary contributors to this expanded Second Edition of Planning Law and Practice in Northern Ireland explore the progression of planning within the region and discuss prominent facets of contemporary development management development plans environmental law property law and professional practice Consideration is given to the consequences of Brexit for planning in Northern Ireland devolved government institutional structures for planning and the post 2015 emergent performance of local authorities in this arena The book makes an important contribution to the wider literature in this field and with its extensive citing of statutes and cases provides an essential resource for students planning practitioners and researchers

The A to Z of the Northern Ireland Conflict Gordon Gillespie, 2009-09-24 For nearly four decades the conflict in Ireland has embittered relations between the communities living there and spoiled relations between the Republic of Ireland and Great Britain For three decades it escalated punctuated by periodic bloody clashes followed by somewhat calmer periods of tension during which violence of all sorts robberies kidnappings serious injuries and deaths were all too common During the past decade fortunately all sides have realized that armed solutions were unlikely to bring a solution to anyone's problems and that peace should be given a chance Fortunately with the establishment of a new Northern Ireland Executive there is a general acceptance that the conflict is now part of the past The A to Z of the Northern Ireland Conflict covers the history of the Troubles through a chronology covering the Northern Ireland conflict and peace process from 1968 until the formation of the new Northern Ireland Executive in May 2007 an introductory essay a bibliography and several hundred cross referenced dictionary entries on main events individuals and organizations Researchers with an interest in the Northern Ireland conflict will find this book to be an essential addition to their collection of reference books on the subject

Brexit and the Northern Ireland Constitution Lisa Claire Whitten, 2024-03-05 Brexit and the Northern Ireland

Constitution considers the intersection of two processes the complex and constitutional process of the United Kingdom's withdrawal from the European Union Brexit and the steady yet fragile development of the Northern Ireland constitution deriving primarily from the Belfast Good Friday Agreement of 1998 Interdisciplinary in approach the analysis draws on legal and political theory to develop a novel framework for assessing the progressive impact of Brexit on the Northern Ireland constitution based on systematic definitions of both This approach elucidates dynamics and implications not yet considered in the otherwise extensive debates about Brexit and its impacts on Northern Ireland Based on detailed analysis of the Brexit process it is argued that its impact on the constitution of Northern Ireland has been profound Fundamentally Brexit changed the political and legal environment in which the Northern Ireland constitution had existed for over twenty years Embracing constructive ambiguity the 1998 Agreement recognises and accommodates the concerns of both unionists and nationalists in Northern Ireland it did not therefore solve the constitutional conflict but rather allowed it to be managed differently through an innovative system of multileveled governance within Northern Ireland power sharing devolution on the island of Ireland North South cooperation and between the islands of Great Britain and Ireland East West cooperation all underpinned by a multifaceted principle of constitutional popular and cross community consent By forcing a paradigmatic shift in the way that the systems of government established by the 1998 Agreement operate Brexit disrupted the constructively ambiguous compromise that it represents Completed two years after the legal implementation of UK withdrawal from the EU Whitten concludes by considering the potential longer term constitutional repercussions of Brexit both within and beyond Northern Ireland's recently notorious borders *Northern Ireland Yearbook 2005* Lagan Consulting, 2004-12 [Northern Ireland, the BBC, and Censorship in Thatcher's Britain](#) Robert J.
