## **Northern Music Poems About And Inspired By Glenn Gould:**

**Northern Music** Glenn Gould, 2001      **Wondrous Strange** Kevin Bazzana, 2010-02-05 The first major biography of Glenn Gould to stress the critical influence of the Canadian context on his life and art Glenn Gould was not as has previously been suggested an isolated and self taught eccentric who burst out of nowhere onto the international musical scene in the mid 1950s He was says Kevin Bazzana in this fascinating new full scale biography very much a product of his time and place and his entire life and diverse work reflect his Canadian heritage Bazzana editor of the international Glenn Gould magazine throws fresh light on this and many other aspects of Gould s celebrated life as a pianist writer broadcaster and composer He portrays Gould s upbringing in Toronto s neighbourhood of The Beach in the 1930s revealing the area s influence as a distinct social religious and cultural milieu He looks at the impact of Canadian radio on the young musician his relations with the new music crowd in Toronto and the ways in which his career was furthered by the extraordinary growth of Canada s cultural institutions in the 1950s He examines Gould s place within the CBC culture of the 1960s and 70s and his distinctly Canadian sense of humour Bazanna also reveals new information on Gould s famous eccentricities his sometimes bizarre stage manner his highly selective repertoire his control mania his private and sexual life his hypochondria his romanticism and his abrupt retirement from concert performance to communicate solely through electronic and print media And finally he takes a detailed look at the extraordinary phenomenon of the posthumous life that Gould and his work have enjoyed      **In the Ghost-House Acquainted** Kevin Goodan, 2016-08-01 These soulful lyrics use allusive imagery and ecumenical diction to consider the pastoral as a life to inhabit not an artifact or idealized place to visit Here the specter of loss makes a world more precious notions of home and love must be ever evolving as colts are stillborn and pigeons slaughtered apple blossoms frozen in spring and dead lambs burned in diesel fire But these poems insist there is beauty in the soil and beauty in birth and death in birth and beauty in death as well And Upon the Earth No Wind Pigeons erupting from a barn Twenty three ewes stand at once ice chunks clinking in their wool I call soft call loud but the mare treads the snow blue Am I born to constant hazard Wood becomes more than wood simply by its burning Steam rises up from the land I call but do not move The moon rising shines even upon all things and I can t tell which is mare and what s weather Silence in eaves ever after It is rare to see a poet work so hard in the physical world serious farm labor and still catch a fleeting glimpse of the spirit Kevin Goodan does this convincingly because his language is so precise and his mind knows when to jump and when to stand still This is a remarkable book James Tate Kevin Goodan received his BA from the University of Montana and his MFA from the University of Massachusetts at Amherst His poems have been published in Ploughshares and other journals      **The Gould Variations** Juha Markus Mantere, 2012 This book focuses on three aspects in Glenn Gould s 1932 1982 musical thought and practice Gould s embrace of music technology his notions of the ontology of music and musical interpretation and the place of his thought in Canadian intellectual history Focusing not only on Gould s writings on music technology but also on those of

Marshall McLuhan 1911 1980 and Jean Le Moyne 1913 1996 this book provides a fresh perspective on Gould's thinking which was embedded in and keenly alert to the intellectual world outside music The book also touches on Gould's public reception his national iconicity in Canadian literature and Hollywood movies Gould's stardom is discussed as a phenomenon more commonly associated with contemporary popular culture **Canada and the Idea of North** Sherrill E

Grace, 2002-04-15 Canada and the Idea of North examines the ways in which Canadians have defined themselves as a northern people in their literature art music drama history geography politics and popular culture From the Franklin Mystery to the comic book superheroine Nelvana Glenn Gould's documentaries the paintings of Lawren Harris and Molson beer ads the idea of the north has been central to the Canadian imagination Sherrill Grace argues that Canadians have always used ideas of Canada as North to promote a distinct national identity and national unity In a penultimate chapter The North Writes Back Grace presents newly emerging northern voices and shows how they view the long tradition of representing the North by southern activists artists and scholars With the recent creation of Nunavut increasing concern about northern ecosystems and social challenges and renewed attention to Canada's role as a circumpolar nation Canada and the Idea of North shows that nordicity still plays an urgent and central role in Canada at the start of the twenty first century *In a Fine Frenzy*

David Starkey, Paul J. Willis, 2005 Showcasing poems by more than ninety contemporary American poets *In a Fine Frenzy* reveals what Shakespeare's poetic children have made of their inheritance Particularly interested in Viola Miranda Prospero Desdemona Iago Lear Cordelia Hamlet Horatio and Ophelia the poets respond to the sonnets the comedies the tragedies the romances and to a lesser degree Shakespeare the man In so doing they reveal the aspects of his work most currently captivating to modern writers Those who cherish Shakespeare's mercurial wit will delight in the rapid shifts from grief to hilarity so characteristic of the bard himself Comic poems about tragedies follow decidedly somber poems about comedies Single poems contain multiple emotional twists and turns Some pay homage most interact directly with the original Shakespearean text Collectively they corroborate Ben Jonson's assertion that Shakespeare is not of an age but for all time

Arctic Discourses Anka Ryall, Johan Schimanski, Henning Howlid Wærp, 2010-02-19 Both fictional and non fictional accounts of the Arctic have long been a major source of powerful images of the region and have thus had a crucial part to play in the history of human activities there This volume provides a wide reaching investigation into the discourses involved in such accounts above all into the consolidation of a discourse of Arcticism modelled on Edward Said's concept of Orientalism but also into the many intersecting discourses of imperialism nationalism masculinity modernity geography science race ecology indigeneity aesthetics etc Perspectives originating from inside and outside the Arctic along with hybrid positions are examined with special attention being given to the textual genres narratives and figures which they mobilize together with to the close relationship between the Arctic as an unknown place and the literary imagination The different chapters address a wide geographical range of texts providing a necessary supplement to most previous work in the field and
