Frye Studies**

Northrop Frye A Visionary Life:

Northrop Frye on Myth Ford Russell, 2021-10-28 Northrop Frye differed from other theorists of myth in tracing all of the major literary genres romance comedy satire not just tragedy to myth and ritual This volume is the most thorough presentation of his thinking on the subject

The Reception of Northrop Frye, 2021-08-31 The widespread opinion is that Northrop Frye's influence reached its zenith in the 1960s and 1970s after which point he became obsolete his work buried in obscurity This almost universal opinion is summed up in Terry Eagleton's 1983 rhetorical question Who now reads Frye In The Reception of Northrop Frye Robert D Denham catalogues what has been written about Frye books articles translations dissertations and theses and reviews in order to demonstrate that the attention Frye's work has received from the beginning has progressed at a geomantic rate Denham also explores what we can discover once we have a fairly complete record of Frye's reception in front of us such as Hayden White's theory of emplotments applied to historical writing and Byron Almon's theory of musical narrative The sheer quantity of what has been written about Frye reveals that the only valid response to Eagleton's rhetorical question is a very large and growing number the growth being not incremental but exponential

Interviews With Northrop Frye Jean O'Grady, 2008-04-19 It is often forgotten that Northrop Frye a scholar known chiefly for his books and articles was also a gifted speaker who was never reluctant to be interviewed This collection of 111 interviews and discussions with the critic assembles all of those published or broadcast on radio or television Also included among the interviews are a number of conversations not generally known many of them transcribed from tapes gathered from personal collections Interviews with Northrop Frye aims to provide another view of the famous literary critic one that supplements that which is often obtained from reading his printed works Ranging from the earliest interviews in 1948 to discussions that took place mere months before his death in 1991 this volume is a complete portrait of Frye the conversationalist demonstrating that he was capable of expressing his thought just as lucidly in person as he could on paper Among the topics included are Frye's views on teaching writing and Canadian literature his opinions on the state of criticism and a fascinating exchange concerning contemporary religion For anyone interested in the life and career of Northrop Frye these interviews are an ideal way to gain greater insight into the man and his work

Revolving around the Bible: A Study of Northrop Frye János Kenyeres, 2003

Northrop Frye and the Poetics of Process Nella Cotrupi, 2000-12-15 Nella Cotrupi's Northrop Frye and the Poetics of Process sheds a new conceptual light on Frye successfully bringing him back into the central ring of contemporary critical thought Challenging the often dismissive view of Frye's work as closed and outdated Dr Cotrupi explores the implications of his proposition that the history of criticism may be seen as having two main approaches literature as product and literature as process In focusing on Frye's exploration of the process tradition Cotrupi sheds light on the agenda that Frye established for himself when he noted at the end of Anatomy of Criticism that the reconciliatory task of criticism was to reforge the broken link between creation and knowledge art and science myth and

concept Dr Cotrupi recontextualizes Frye's thought and shows us how Frye continues to be not only relevant but central to a number of the key concerns in the contemporary critical scene. Re-examining Frye's place in the history of critical thought, Dr Cotrupi builds upon Frye's original vision of the process tradition and suggests further directions this exploration may take. Among the current areas of critical engagement which Cotrupi examines are relativism, possible world theory and postmodernism, making this work of interest not only to Frye scholars but also to those interested in the debates currently rocking the world of criticism, literature and culture.

Northrop Frye Jonathan Hart, 2005-09-29 First published in 1994 Routledge is an imprint of Taylor Francis, an information company.

Northrop Frye International Symposium on Northrup Frye Studies, 2003-01-01 Drawn from papers given at an international symposium on Northrop Frye in Hohhot, Inner Mongolia, this volume offers insights into Frye's theoretical approaches and the new context provided by cross-cultural questions.

Northrop Frye's Writings on Shakespeare and the Renaissance Northrop Frye, 2018-08-08 This collection of Northrop Frye's writings on Shakespeare and the Renaissance spans forty years of his career as a university teacher, public critic and major theorist of literature and its cultural functions. Extensive annotations and an in-depth critical introduction demonstrate Frye's wide-ranging knowledge of Renaissance culture, the pivotal place of the Renaissance in his oeuvre, his impact on Renaissance criticism and on the Stratford Festival, and his continuing importance as a literary theorist. This volume brings together Frye's extensive writings on Shakespeare and other Renaissance writers, excluding Milton who is featured in other volumes, and includes major articles, introductions, public lectures and four previously published books on Shakespeare. Frye's insightful analyses offer not just a formidable knowledge of Renaissance culture but also a transformative experience, moving the reader imaginatively towards an experience of created reality.

Criticism and Literary Theory 1890 to the Present Chris Baldick, 2014-06-11 Presents a coherent and accessible historical account of the major phases of British and American Twentieth-century criticism, from decadent aestheticism to feminist deconstructionist and post-colonial theories. Special attention is given to new perspectives on Shakespearean criticism, theories of the novel and models of the literary canon. The book will help to define and account for the major developments in literary criticism during this century, exploring the full diversity of critical work from major critics such as T.S. Eliot and F.R. Leavis to minor but fascinating figures and critical schools. Unlike most guides to modern literary theory, its focus is firmly on developments within the English-speaking world.

Collected Works of Northrop Frye Northrop Frye, 1996

Northrop Frye Newsletter, 2001

Frye and the Word Jeffery Donaldson, Alan Mendelson, 2004-01-01 Frye and the Word draws together leading scholars in the fields of literary studies and hermeneutics, religious studies and philosophy to construe and debate the late thought and writings of Northrop Frye in their spiritual dimension.

Northrop Frye Joseph Adamson, 1993 Highlights of this illustrated biography include his boyhood in Eastern Canada and his early years of intellectual growth at Victoria College and Oxford; his dramatic encounter with the work of William Blake, bringing him to his life-long study of imaginative vision; the

impact and importance of *Anatomy of Criticism* Fry's gradual development of a theory of culture his culminating achievement after twenty years of a comprehensive study of the poetic structures of the Bible [Interviews With Northrop Frye](#) Northrop Frye, 2008-04-19 Although Northrop Frye's first book *Fearful Symmetry* 1947 elevated the reputation of William Blake from the status of a minor eccentric to that of a major Romantic poet Frye in fact saw Blake as a poet and consequently himself as a critic not of the Romantic period but of the Renaissance As such Frye's meditations on the Renaissance are particularly valuable This volume collects six of Frye's notebooks and five sets of his typed notes on subjects related to Renaissance literature Michael Dolzani divides these notes into three categories those on Spenser and the epic tradition those on Shakespearean drama and more widely the dramatic tradition from Old Comedy to the masque and those on lyric poetry and non-fiction prose The organization of this volume reflects the comprehensive study of Renaissance symbolism in three volumes that Frye proposed to the Guggenheim Foundation in 1949 Frye received a Guggenheim fellowship but never completed this work nevertheless his application part of which is also included here is an important document It not only reveals the outlines of Frye's thinking about literature it also uncovers his plans for his future creative life during the crucial period between his completion of *Fearful Symmetry* and his absorption in the writing of *Anatomy of Criticism* In addition to providing insight into Frye's thinking process the material collected here is of unique importance because much of it touches on topics not fully explored in his other published works Jacket **Twentieth-Century Humanist Critics** William Calin, 2007-01-01 The *Twentieth Century Humanist Critics* revisits the work and place of eight scholars roughly contemporary with Anglo-American New Criticism Leo Spitzer Ernst Robert Curtius Erich Auerbach Albert B Guin Jean Rousset C S Lewis F O Matthiessen and Northrop Frye William Calin first considers the achievements of each critic examining his methodology and basic presuppositions as well as the critiques marshalled against him Calin explores their relation to history to canon formation and to our current theoretical debates He then goes on to show how all eight form a current in the history of criticism related to both humanism and modernism Underscoring the international cosmopolitan aspects of literary scholarship in the twentieth century The *Twentieth Century Humanist Critics* brings together humanist critical traditions from Europe the United Kingdom and North America and reveals the surprising extent to which in various languages and academic systems critics were posing similar questions and offering a gamut of similar responses **Fifty Key Literary Theorists** Richard J. Lane, 2006-09-27 Covering over a century's worth of debate thinking and writing about literature this is a unique guide to the lives and works of fifty theorists who have left an indelible mark on literary studies Featuring theorists such as Judith Butler Jacques Derrida Sigmund Freud and Edward Said this accessible guide includes a glossary of terms full cross referencing for maximum ease of use authoritative guides to further reading on and by each theorist An essential resource for all students of literature *Fifty Key Literary Theorists* explores the gamut of critical debate from the New Critics to the Deconstructionists and from post colonialism to post Marxism and more **Northrop Frye and**

Others Robert D. Denham, 2015-08-20 Eminent Frye scholar Robert D Denham explores the connection between Frye and writers who influenced his thinking but about whom he never wrote anything extensive Aristotle Longinus Joachim of Floris Giordano Bruno Henry Reynolds Robert Burton Kierkegaard Lewis Carroll Stéphane Mallarmé Colin Still Paul Tillich and Frances A Yates Canadian Communication Thought Robert E. Babe, 2000-01-01 Babe examines the writings of ten major thinkers in the context of their physical and cultural environments and finds that there is indeed a mode of theorizing that is quintessentially Canadian *Scenes of Shame* Joseph Adamson, Hilary Anne Clark, 1999-01-01 Explores the role of shame as an important affect in the complex psychodynamics of literary and philosophical works **Northrop Frye's Fearful Symmetry** Northrop Frye, 2004-01-01 Distinguished by its range of reference elegance of expression comprehensiveness of coverage coherence of argument and sympathy to its subject Fearful Symmetry is recognized as a landmark of Blake criticism
