Tropics of Desire Jose Quiroga, 2000-11 While not on the scale of their European and North American counterparts gays and lesbians have become increasingly open and visible in urban Latin America with large public displays recently held in Buenos Aires Mexico Rio de Janeiro and Sao Paulo This increased visibility is forcing the general public to come to terms with what has until now been a silent part of their population This book takes a personal look at the activities of Latin America s homosexual community and the varying perception of it by the populace as a whole c Book News Inc

Tropics of Desire Jose A. Quiroga, 2000-11-01 From its sweaty beats to the pulsating music on the streets Latin o America is perceived in the United States as the land of heat the toy store for Western sex It is the territory of magical fantasy and of revolutionary threat where topography is the travel guide of desire directing imperial voyeurs to the exhibition of the flesh Jose Quiroga flips the stereotype upside down he shows how Latin o American lesbians and gay men have consistently eschewed notions of sexual identity for a politics of intervention In Tropics of Desire Quiroga reads hesitant Mexican poets as sex positive voices he questions how outing and identity politics can fall prey to the manipulations of the state and explores how invisibility has been used as a tactical tool in opposition to the universal imperative to come out Drawing on diverse cultural examples such as the performance of bolero and salsa film literature and correspondence and influenced by masters like Roland Barthes Walter Benjamin and a rich tradition of Latin American stylists Quiroga argues for a politics that denies biological determinism and cannibalizes cultural stereotypes for the sake of political action

García Lorca at the Edge of Surrealism David F. Richter, 2014-10-15 Garc a Lorca at the Edge of Surrealism The Aesthetics of Anguish examines the variations of surrealism and surrealist theories in the Spanish context studied through the poetry drama and drawings of Federico Garc a Lorca 1898 1936 In contrast to the idealist and subconscious tenets espoused by surrealist leader Andr Breton which focus on the marvelous automatic creative processes and sublimated depictions of reality Lorca s surrealist impulse follows a trajectory more in line with the theories of French intellectuals such as Georges Bataille 1897 1962 who was expelled from Breton s authoritative group Bataille critiques the lofty goals and ideals of Bretonian surrealism in the pages of the cultural and anthropological review Documents 1929 1930 in terms of a dissident surrealist ethno poetics This brand of the surreal underscores the prevalence of the bleak

or darker aspects of reality crisis primitive sacrifice the death drive and the violent representation of existence portrayed through formless base matter such as blood excrement and fragmented bodies The present study demonstrates that Bataille's theoretical and poetic expositions including those dealing with the formless and the somber emptiness of the void engage the trauma and anxiety of surrealist expression in Spain particularly with reference to the anguish desire and death that figure so prominently in Spanish texts of the 1920s and 1930s often qualified as surrealist Drawing extensively on the theoretical cultural and poetic texts of the period García Lorca at the Edge of Surrealism offers the first book length consideration of Bataille's thinking within the Spanish context examined through the work of Lorca a singular proponent of what is here referred to as a dissident Spanish surrealism By reading Lorca's surrealist texts including *Poeta en Nueva York* *Viaje a la luna* and *El público* through the Batailleian lens this volume both amplifies our understanding of the poetry and drama of one of the most important Spanish writers of the twentieth century and expands our perspective of what surrealism in Spain means

Breaking Bounds Betsy Erkkila, Jay Grossman, 1996 This collection of essays on Walt Whitman rejects the persistent tendency in Whitman studies to isolate his sexuality from his politics and his poetry from both The issue of his sexuality is instead brought into contact with a range of topics from nationalism to gender

Reading and Writing the Ambiente Susana Chávez-Silverman, Librada Hernández, 2000 In this dynamic collection of essays many leading literary scholars trace gay and lesbian themes in Latin American Hispanic and U S Latino literary and cultural texts *Reading and Writing the Ambiente* is consciously ambitious and far ranging historically as well as geographically It includes discussions of texts from as early as the seventeenth century to writings of the late twentieth century *Reading and Writing the Ambiente* also underscores the ways in which lesbian and gay self representation in Hispanic texts differs from representations in Anglo American texts The contributors demonstrate that unlike the emphasis on the individual in Anglo American sexual identity Latino Spanish and Latin American sexual identity is produced in the surrounding culture and community in the ambiente As one of the first collections of its kind *Reading and Writing the Ambiente* is expressive of the next wave of gay Hispanic and Latin scholarship

José Emilio Pacheco and the Poets of the Shadows Ronald J. Friis, 2001-10 Jose Emilio Pacheco 1939 is Mexico's foremost living poet and a major figure in contemporary Latin American poetry Jose Emilio Pacheco and the Poets of the Shadows examines the dynamic of literary influence and the question of literary origins in Pacheco's first six books of poetry 1960s to mid 1980s Ronald J Friis appropriates Bloom's theory of poetic influence to investigate how Pacheco deploys literary allusions and intertextual references as a means of decentering the traditional centrality of the figure of the author The poets of the shadows to which the title refers include Pacheco's precursors from prior generations of Mexican and Latin American literature particularly Jorge Luis Borges Alfonso Reyes and Octavio Paz

both visible and invisible feared and romanticized Latina/os make up the largest minority group in the US. In her newest work *Mar a DeGuzm*, n explores representations of night in art and literature from the Caribbean, Colombia, Central and South America and the US, calling into question night's effect on the formation of identity for Latina/os in and outside of the US. She takes as her subject novels, short stories, poetry, essays, non-fiction, photo-fictions, photography and film, and examines these texts through the lenses of nationhood, sexuality, human rights, exoticism, among others.

Bordering Fires Cristina Garcia, 2009-01-21. As the descendants of Mexican immigrants have settled throughout the United States, a great literature has emerged, but its correspondances with the literature of Mexico have gone largely unobserved. In *Bordering Fires*, the first anthology to combine writing from both sides of the Mexican-US border, Cristina Garcia presents a richly diverse cross-cultural conversation. Beginning with Mexican masters such as Alfonso Reyes and Juan Rufo, Garcia highlights historic voices such as the godfather of Chicano literature, Rudolfo Anaya, and Gloria Anzaldúa, who made a powerful case for language that reflects bicultural experience. From the fierce evocations of Chicano reality in Jimmy Santiago Baca's *Poem IX* to the breathtaking images of identity in Coral Bracho's poem *Fish of Fleeting Skin*, from the work of Carlos Fuentes to Sandra Cisneros, Ana Castillo to Octavio Paz, this landmark collection of fiction, essays and poetry offers an exhilarating new vantage point on our continent and on the best of contemporary literature. From the Trade Paperback edition.

Surrealism in Latin American Literature M. Nicholson, 2013-01-07. Charting surrealism in Latin American literature from its initial appearance in Argentina in 1928 to the surrealist-inspired work of several writers in the 1970s, Melanie Nicholson argues that surrealism has exercised a significant and positive influence over twentieth-century Latin American literature, particularly poetry.

Pillar of Salt Salvador Novo, 2014-03-07. The renowned writer describes coming of age during the violent Mexican Revolution and living as an openly homosexual man in a brutally machista society. Salvador Novo (1904-1974) was a provocative and prolific cultural presence in Mexico City through much of the twentieth century. With his friend and fellow poet Xavier Villaurrutia, he cofounded *Ulises* and *Contemporáneos*, landmark avant-garde journals of the late 1920s and 1930s. At once outsider and insider, Novo held high posts at the Ministries of Culture and Public Education and wrote volumes about Mexican history, politics, literature and culture. The author of numerous collections of poems, including *XX poemas*, *Nuevo amor*, *Espejo Dueño mío* and *Poesía* (1915-1955), Novo is also considered one of the finest, most original prose stylists of his generation. *Pillar of Salt* is Novo's incomparable memoir of growing up during and after the Mexican Revolution, shuttling north to escape the Zapatistas, only to see his uncle murdered at home by the troops of Pancho Villa, and his initiations into literature and love with colorful, poignant, complicated men of usually mutually exclusive social classes. *Pillar of Salt* portrays the codes, intrigues and dynamics of what decades later would be called a gay ghetto. But in Novo's Mexico City, there was no name for this parallel universe as full of fear as it was canny and vibrant. Novo's memoir plumbs the intricate subtleties of this world with startling frankness, sensitivity and potential for hilarity. Also included in this volume are nineteen erotic
