*Jane Crow* Rosalind Rosenberg, 2020-01-13 Euro African American activist Pauli Murray was a feminist lawyer who played pivotal roles in both the modern civil rights and women's movements Born in 1910 and identified as female she believed from childhood she was male Before there was a social movement to support transgender identity she devised attacks on all arbitrary distinctions greatly expanding the idea of equality in the process Our Palestine Question Geoffrey Levin, 2023-01-01 A new history of the American Jewish relationship with Israel focused on its most urgent and sensitive issue the question of Palestinian rights Provide s an essential backstory to one of the keenest debates today within Jewish communities Kenan Malik The Guardian American Jews began debating Palestinian rights issues even before Israel's founding in 1948 Geoffrey Levin recovers the voices of American Jews who in the early decades of Israel's existence called for an honest reckoning with the moral and political plight of Palestinians These now forgotten voices which include an aid worker turned academic with Palestinian Sephardic roots a former Yiddish journalist anti Zionist Reform rabbis and young left wing Zionist activists felt drawn to support Palestinian rights by their understanding of Jewish history identity and ethics They sometimes worked with mainstream American Jewish leaders who feared that ignoring Palestinian rights could foster antisemitism leading them to press Israeli officials for reform But Israeli diplomats viewed any American Jewish interest in Palestinian affairs with deep suspicion provoking a series of quiet confrontations that ultimately kept Palestinian rights off the American Jewish agenda up to the present era In reconstructing this hidden history Levin lays the groundwork for more forthright debates over Palestinian rights issues American Jewish identity and the U S Israel relationship more broadly

**Not for Myself Alone** Herman Edelsberg, 1988 *Running Steel, Running America* Judith Stein, 2000-11-09 The history of modern liberalism has been hotly debated in contemporary politics and the academy Here Judith Stein uses the steel industry long considered fundamental to the U S economy to examine liberal policies and priorities after World War II In a provocative revision of postwar American history she argues that it was the primacy of foreign commitments and the outdated economic policies of the state more than the nation's racial conflicts that transformed American liberalism from the powerful progressivism of the New Deal to the feeble policies of the 1990s Stein skillfully integrates a number of narratives usually treated in isolation labor civil rights politics business and foreign policy while underscoring the state's focus on the steel industry and its workers By showing how those who intervened in the industry treated such economic issues as free trade and the globalization of steel production in isolation from the social issues of the day most notably civil rights and the implementation of affirmative action Stein advances a larger argument about postwar liberalism Liberal attempts to address social inequalities without reference to the fundamental and changing workings of the economy she says have led to the foundering of the New Deal state *Harvard Human Rights Journal*, 1990 American Jewish History, 1989 **Bowker's Law Books and Serials in Print**, 1995 *Judaica Americana* Nathan M. Dorothy Height LGBTQ trailblazer Edie Windsor and swimmer Diana Nyad kept pushing forward no matter what Writers like Rachel Carson and Chimamanda Ngozi Adichie named something no one had dared talk about before Historian Mary Beard used wit to open doors that were once closed and Wangari Maathai who sparked a movement to plant trees understood the power of role modeling Harriet Tubman and Malala Yousafzai looked fear in the face and persevered Nearly every single one of these women was fiercely optimistic they had faith that their actions could make a difference And they were right To us they are all gutsy women leaders with the courage to stand up to the status quo ask hard questions and get the job done So in the moments when the long haul seems awfully long we hope you will draw strength from these stories We do Because if history shows one thing it is that the world needs gutsy women

**A Mandate for Terror** Harris Okun Schoenberg, 1989 Chinese Prodigal David Shih, 2023-08-15 From an exciting and sharp voiced new observer of American culture a forthright and probing debut exploring Asian American identity in a racially codified country After his father's passing in 2019 David Shih sought to unravel the underlying tensions that defined the complex relationship between him and his parents Ultimately this forced a reckoning with the expectations he encountered as the only son of Chinese immigrants and with the realities of what it means to be Asian in a de facto segregated country At a moment when anti Asian racism is increasingly overt Chinese Prodigal is a work of rare subtlety offering a new vocabulary for understanding a racial hierarchy too often conceived as binary In public life and in Shih's own Asian Americanness has changed shape constantly directed by the needs of the country's racial imaginary A sliding scale visibility for Asians in America has always been relative to the meanings of white and Black A memoir in essays Chinese Prodigal examines the emergence of Asian American identity in a post Civil Rights America in the wake of Vincent Chin's death Shih guides us through the roles offered to Asian Americans to play whether a model minority a collaborator in the carceral state or a plaintiff in the right wing effort to dismantle affirmative action illuminating what these issues have to teach us about American values and about the vexed place Asians and Asian Americans inhabit today And mining his own experiences from his failures of filiality to his negotiations within an interracial marriage Shih masterfully captures the intimate costs of becoming an American Chinese Prodigal knits together the personal the historical and the present offering an incisive examination of a society and the people it has never made space for It is a moving testimony of a son father and citizen stepping outside the identities imposed on him
