D'Ambola, 2020-11-06 Everyone will hate this book It is based on the course Ethics for Police Recruits that Robert D Ambola has instructed for over 20 years He has presented this class to almost 5 000 Police Officers Soon to be Police Officers will hate this book because it should scare the hell out of them and make them question why they want to do this job Veteran cops will hate it because it will remind them of the shit they had to put up with every day and the challenges they face while getting no appreciation or recognition The bosses will hate it because they are the bosses and responsible for a lot of the shit The politicians will hate it because they make the rules about things they have no clue about and the police ultimately get blamed for The media will hate it because of their skewed portrayal of the real American heroes of society to make them out to be the bad guys when they are not And then there are times the police turn out to be exactly that the bad guys The Police Training Commission will hate this book because it exposes the fact that they are running a dog and pony show to make the politicians and insurance companies happy instead of building a truly professional intelligent capable police officer who can deal with the current rigors of the job while protecting themselves at the same time The public will absolutely hate this book because they get what they pay for they have no idea what they are paying for and they don't know what they truly want from the police Do they want a warrior or a guardian The book was not designed to slam any specific group but should be used to improve the entire Law Enforcement instructional model It is to learn from history so we do not repeat the same mistakes and continue to pass on The Stupid Gene to the next generation of Law Enforcement Officers In these turbulent times Law Enforcement needs to drastically improve in all areas before the entire system as we know it is abolished This is a raw subject so I have injected my own twisted humor to make it a bit more palatable Maybe you can handle the truth Read on Feel free to hate this book as long as you learn something from it      **OPERATION SHEEPDOG**

Robert N. D'Ambola, 2025-03-31 Alan Jackson loved being a high school teacher in a small town in the Midwest He loved everything history and he loved passing all this knowledge on to his students He felt it was imperative that children learn about the past in order for them to prepare for the future He never in his wildest dreams ever imagined that he would one day become an integral part of future history Alan never sought out great wealth or fame He was after all a history teacher in a public school in Kansas Not the typical chosen career in which to become rich or famous He never wished for any type of power The most control he possessed was over the choice of decorations in the hallways on Presidents Day He never thought for a moment that he could impact the lives of more than the students that passed through his classroom and that was only to ready them for college He was wrong on all accounts Everything changed because he tried to impress a girl by taking up rock climbing in one of the flattest states in the country Alan would become embroiled in national intrigue a worldwide power struggle that would change the course of history challenge the largest and most deadly narcotics trafficking network and be the main focus of a secret operation that ran all the way up to the President of the United States Fate had left it up to Alan to

possibly save the lives of untold millions This was all due to a unexpected intergalactic force Unbeknownst to Alan he would become the ultimate Sheepdog protecting the flock     **This is Not Your Mother's Cookbook** Jean Mayhew-Maxwell, Art Reach Center of Mid Michigan, 1999
