How to Tell When We Will Die Johanna Hedva,2024-09-24 From one of the most influential voices in disability activism comes an essay collection that detonates a bomb in our collective understanding of care and illness showing us that sickness is a vibrant part of life In the wake of the 2014 Ferguson riots and sick with a chronic condition that rendered them housebound Johanna Hedva turned to the page to ask How do you throw a brick through the window of a bank if you can t get out of bed It was not long before this essay Sick Woman Theory became a seminal work on disability because in reframing illness as not just a biological experience but a social one Hedva argues that under capitalism a system that limits our worth to the productivity of our bodies we must reach for the revolutionary act of caring for ourselves and others How to Tell When We Will Die expands upon Hedva s paradigm shifting perspective in a series of slyly subversive and razor sharp essays that range from the theoretical to the personal from Deborah Levy and Susan Sontag to wrestling kink mysticism death and the color yellow Drawing from their experiences with America s byzantine healthcare system and considering archetypes they call The Psychotic Woman The Freak and The Hag in Charge Hedva offers a bracing indictment of the politics that exploit sickness relying on and fueling ableism to the detriment of us all With the insight of Anne Boyer s The Undying and Leslie Jamison s The Empathy Exams and the wit of Samantha Irby Hedva s debut collection upends our collective concept of disability In their radical reimagining of a world where care and pain are symbiotic and our bodies are allowed to live free and well Hedva implores us to remember that illness is neither an inconvenience or inevitability but an enlivening and elemental part of being alive
