Against the Moon (Serapis Classics) Donald Wollheim,2017-10-02 That morning began like all the preceding mornings of the past two years with the tinny jangling of the little alarm clock on Robin Carew s bureau Opening his black eyes he struggled into a sitting position on the narrow bed reached out his hand and turned off the alarm He yawned swung his feet to the floor rubbed his eyes It was half past seven again of another workday morning There was no inkling that this day would be any different from others It was Monday again which meant the start of the next five and a half days stretch of work Sunday had come and gone now just a memory of a walk in the city s small park and sitting on a bench under the afternoon sun reading a library book on astronomy Well there was no getting around it Robin thought The stars the glory of the heavens for him perhaps they would always be just a daydream of his idle hours never to be more than a vision of the imagination a thrill to be shared only by the printed words of other men s observations and doings He got up yawned his entire five foot three stared in the tarnished mirror over the worn bureau He looked blankly at himself then suddenly winked Ah he thought while there s life there s hope and besides he had to get to work He ran a brush through his tousled brown hair took off his pajamas and climbed into his work clothes Grabbing his towel and his toothbrush he opened the door and went out into the hall toward the washroom Notebook 2020 Lunar Calendar Cover, Lunar Phases, LAW OF ATTRACTION, ASTROLOGY
