Notebooks Margaret Rose Thornton,Tennessee Williams,2006-01-01

Meticulously edited and annotated Tennessee Williams's notebooks follow his growth as a writer from his undergraduate days to the publication and production of his most famous plays from his drug addiction and drunkenness to the heights of his literary accomplishments *Northrop Frye's Notebooks on Renaissance Literature* Northrop Frye, 2006-01-01 Michael Dolzani divides these notes into three categories those on Spenser and the epic tradition those on Shakespearean drama and more widely the dramatic tradition from Old Comedy to the masque and those on lyric poetry and non fiction prose

Northrop Frye's Notebooks on Renaissance Literature Michael Dolzani, 2006-12-15 Although Northrop Frye's first book *Fearful Symmetry* 1947 elevated the reputation of William Blake from the status of a minor eccentric to that of a major Romantic poet Frye in fact saw Blake as a poet and consequently himself as a critic not of the Romantic period but of the Renaissance As such Frye's meditations on the Renaissance are particularly valuable This volume collects six of Frye's notebooks and five sets of his typed notes on subjects related to Renaissance literature Michael Dolzani divides these notes into three categories those on Spenser and the epic tradition those on Shakespearean drama and more widely the dramatic tradition from Old Comedy to the masque and those on lyric poetry and non fiction prose The organization of this volume reflects a comprehensive study of Renaissance Symbolism in three volumes which Frye proposed to the Guggenheim Foundation in 1949 Frye received a Guggenheim fellowship but never wrote the book nevertheless his application part of which is also included here is an important document The Guggenheim application not only reveals the outlines of Frye's thinking about literature it also uncovers his plans for his future creative life during the crucial period between his completion of *Fearful Symmetry* and his absorption in the writing of *Anatomy of Criticism* In addition to providing insight into Frye's thinking process the material collected into this key volume in the *Collected Works* is of particular importance because much of it has no direct counterpart in any of Frye's other published works *A Blue Hand* Deb Baker, 2008-04-10 In this engrossing new piece of Beat history Pulitzer Prize finalist Deborah Baker takes us back to the moment when America's edgiest writers looked to India for answers as India looked to the West It was 1961 when Allen Ginsberg left New York by boat for Bombay where he hoped to meet poets Gary Snyder and Joanne Kyger Baker follows Ginsberg and his companions as they travel from ashram to opium den Exposing an overlooked chapter of the literary past *A Blue Hand* will delight all those who continue to cherish the frenzied creativity of the Beats Mark Twain's Notebooks & Journals, Volume III Mark

Twain, Michael Barry Frank, Robert Pack Browning, Lin Salamo, Frederick Anderson, Mark Twain, 1980-01-15 **Marian Engel's Notebooks** Christl Verduyn, 2006-01-01 Marian Engel emerged as a writer during that period in Canada when nationalism increased and new feminism dawned Although she is recognized as a distinguished woman of letters she has not been widely studied consequently we know relatively little about her and her craft The material collected in *Marian Engel's Notebooks* *Ah mon cahier coute* is a major step in redressing that neglect Extracts carefully chosen by Christl Verduyn from Marian Engel's forty nine notebooks notebooks Engel began in the late 1940s and which she maintained until her death in

1985 track Engel's creative development illustrate her commitment to the craft of writing and document her growth as a major Canadian writer. The notebooks also portray Engel's surprising leaps of logic, her fascination with the bizarre, the eclecticism of her reading and the depth and variety of her thinking. Finally, they present moving documentation of a woman facing cancer and early death. Christl Verduyn's illuminating introductory discussions to each of the notebooks unobtrusively guide us in the reading of these sometimes difficult writings. Marian Engel's *Notebooks* Ah mon cahier coute leaves readers with a vivid sense of Canadian culture during the 1960s and 1970s. It provides insight into the literary life of one of Canada's significant woman writers including her connections with other Canadian writers and will be of special interest to scholars working in the field of literature.

The Notebooks of Captain Coignet Captain Jean-Roch Coignet, 2010-11-23. The notebooks of Captain Coignet 1776-1865 are possibly the most legendary account of the services of a young conscript and his experiences under Napoleon's consulate and empire. Having distinguished himself at the battle of Montebello and awarded an *arme d'honneur*, he is inducted into the famed Grenadiers of the Imperial Guard having cheated the height restriction with the connivance of the normally strict Davout and four packs of playing cards in his stockings. Despite being illiterate until late into his adult life due to his rough childhood as recounted in the first notebook, many famous personalities of the Empire are sketched in his honest style, although his own memory has somewhat embellished the facts. Prof. Jean Tulard refers to them as indispensable for understanding the mentality of the grognard or grumbler, the stalwart veterans of Napoleon's Guard. This edition benefits from a preface by Lor dan Larchey 1831-1902, author of numerous French historical works and over a hundred illustrations. Includes 101 illustrations and TOC.

Kierkegaard's Journals and Notebooks Volume 10 Søren Kierkegaard, 2018-08-14. For over a century the Danish thinker Søren Kierkegaard 1813-55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought, psychology and contemporary aesthetics, especially literary theory. Despite his relatively short life, Kierkegaard was an extraordinarily prolific writer as attested to by the 26-volume Princeton University Press edition of all of his published writings. But Kierkegaard left behind nearly as much unpublished writing, most of which consists of what are called his journals and notebooks. Kierkegaard has long been recognized as one of history's great journal keepers, but only rather small portions of his journals and notebooks are what we usually understand by the term diaries. By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects: philosophical, religious, political, personal. Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought. We can witness the genesis of his published works to be sure, but we can also see whole galaxies of concepts, new insights and fragments, large and small, of partially or almost entirely completed but unpublished works. Kierkegaard's *Journals and Notebooks* enables us to see the thinker in dialogue with his times and with himself. Kierkegaard wrote his journals in a two-column format: one for his initial entries and the second for the extensive marginal comments that he added later. This edition

of the journals reproduces this format includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced Volume 10 of this series includes the final six of Kierkegaard's important NB journals Journals NB31 through NB36 which cover the last months of 1854 a period when Kierkegaard made the final preparations for and the initial launch of his furious assault on the established church But in addition to this incendiary material these journals also contain a great trove of his reflections on theology philosophy and the perils and opportunities of modernity

Notebooks Athol Fugard, 2013-10-15 Fugard registers and captures the keen images that are the very stuff of vibrant theatre Time

Kierkegaard's Journals and Notebooks, Volume 1 Søren Kierkegaard, 2015-06-22 I would like to write a novel in which the main character would be a man who got a pair of glasses one lens of which reduced images as powerfully as an oxyhydrogen microscope and the other of which magnified on the same scale so that he perceived everything relatively A flight of fancy by an aspiring science fiction writer While it may sound as such this wistful musing is one of the little discussed personal reflections of nineteenth century philosopher Søren Kierkegaard whose remarkable journals and notebooks unpublished during his lifetime are presented here The first of an eleven volume series produced by Copenhagen's Søren Kierkegaard Research Centre this volume is the first English translation and commentary of Kierkegaard's journals based on up to date scholarship It offers new insight into Kierkegaard's inner life In addition to early drafts of his published works the journals contain his thoughts on current events and philosophical and theological matters notes on books he was reading miscellaneous jottings and ideas for future literary projects Kierkegaard wrote his journals in a two column format one for his initial entries and the second for the marginal comments he added later The new edition of the journals reproduces this format and contains photographs of original manuscript pages as well as extensive scholarly commentary Translated by leading experts on Kierkegaard Journals and Notebooks will become the benchmark for all future Kierkegaard scholarship
