## **Palestine And The Arab:**

Palestine and the Arab-Israeli Conflict Charles D. Smith, 1996 Covers the history of Palestine before Israeli independence in 1948 and the breakthrough Arab Israeli Accord of 1993 and its aftermath Palestine and the Arab-Israeli Conflict Mu'assasat al-Dirāsāt al-Filastīniyah, 1974 *Israel and the Palestine Arabs* Don Peretz, 1956 **A Guide to Documents on the Arab-Palestinian/Israeli Conflict: 1897-2008** M. Cherif Bassiouni, Shlomo Ben Ami, 2009-05-15 A Guide to Documents on the Arab Palestinian Israeli Conflicts 1897 2008 is a comprehensive non partisan compilation designed to provide relevant legal and historical source material pertaining to this conflict Each document is summarized for the reader s benefit The compilation contains all United Nations Resolutions and Reports Treaties and Agreements as well as historic documents that are difficult to obtain To put the conflict into perspective a chronology of events is provided followed by an objective analysis of the historical background including discussion of the various phases of the conflict strategic considerations and an analysis of the prospects for peace The 690 documents summarized with official citations are the most extensive compilation covering the period from 1897 through 2008 including some key texts on Jerusalem dating back to earlier times The documents are organized according to the conflict s major topic areas with introductory notes for each part and section M Cherif Bassiouni and Shlomo Ben Ami have had a long history of involvement in the peace process Their combined expertise and personal experiences add a unique dimension to this book that will provide anyone interested in the conflict with a distinct easy to use comprehensive compilation of relevant documents **The Arab-Israeli Conflict** P.R. Kumaraswamy, 2023-04-24 This book provides a holistic view of the conflict between Israel and its Arab neighbours and studies the global implications of their fraught relations Focusing on the conflict from its beginning in the late 19th century the author provides a well rounded and balanced narrative by examining its religious ideological ethnic political national regional and international dimensions The volume covers a wide range of issues such as the conflicting historical legacy of the city of Jerusalem Jewish longing for a homeland the partition of Palestine various wars and conflicts since 1948 Palestinian resistance the Arab Boycott of Israel and the Abraham Accords It also tackles the contested national claims and the refugee question and looks at various peace making efforts including the role of external stakeholders such as the US UK Russia and India A comprehensive study of the Arab Israeli conflict the book is richly supported by a swath of references to materials documents maps and video links It will be an essential reading for students academics and teachers of politics and international relations national security geopolitics history military and strategic studies Middle East studies conflict resolution and peace making *Palestine's Christians and the Nationalist Cause* Erik Freas, 2024-12-23 This book provides an historical overview of Palestine s Christian communities and their role in the Palestinian nationalist movement during the late Ottoman and British mandatory periods More than being a history of Palestine s Christian Arabs the book focuses on Palestine s Christians during the formative period of Palestinian Arab national identity attentive to the broader topic of the

relationship between nationalism and religion in this case between Arab identity and Islam Whereas until recently historians have tended to assume that national and religious identities are distinct and mostly mutually exclusive things more recent scholarship has addressed the fact that often there exists considerable overlap between the two though it should be noted often in ways that are not by any means inherently exclusive of those not belonging to the majority faith as is the case here The relationship is also an ever changing one hence the final chapter of the book which functions as something of an epilogue regarding the current status of Palestine s Christians vis vis their place in the nationalist cause and relationship with the broader Muslim population The book will be of interest to historians and scholars focused on the modern Middle East Palestinian history Muslim Christian inter communal relations and the relationship between nationalism and religion The Arab States and the Palestine Question Aaron David Miller,1986-05-19 Miller has written extensively on the Middle East and has been an analyst with the Department of State He is well acquainted with the so called Palestine Question The focus of the present study is upon the Palestinian cause and its less than full cooperative relationship with Jordan Syria and Egypt This volume is an excellent complement to Arthur Day s East Bank West Bank and is useful to the serious student of Middle East politics Choice **In Search of Arab Unity 1930-1945** Yehoshua Porath,2014-01-14 First Published in 1986 The Arab League founded in 1945 was regarded by many as a ploy of the British to secure the cooperation and goodwill of the Arabs during the Second World War and as an instrument to ensure the British presence in the Middle East after the war This book presents a different picture The British policy was a far cry from supporting the Arab unity movement On the contrary the British Government tried to forestall that movement or at least to postpone its implementation until after the end of the Second World War Anthony Eden s famous Mansion House speech of May 1941 was not intended to signal a drastic change in the British Middle Eastern policy but rather to fore stall a strongly pro Zionist proposal which had been put forward by Winston Churchill It is true that there were some British personalities mainly unofficial who supported the Arab unity trend but the thrust of their positive argument was that a broader framework of Arab federation would be instrumental in helping to solve the intractable problem of Palestine What might surprise some readers is the fact that some highly important Zionist leaders were the main protagonists of that idea believing that if the Arabs were to obtain satisfaction of their national aspirations through unity they the Arabs would adopt a much more moderate attitude towards the Zionist movement in Palestine The Arab leaders and rulers tried to bring about a higher degree of cooperation or even a federation of their countries either for dynastic or political reasons But the British negative reaction was not always crystal clear owing to the more favourable attitude typical of many including the top British representatives in the Middle East Arabs and Israelis Abdel Monem Said Aly,Shai Feldman,Khalil Shikaki,2022-08-04 Lasting over 120 years the Arab Israeli conflict involves divergent narratives about history national identities land ownership injustices and victimhood Domestic forces and actors as well as international and regional dynamics have ensured the conflict s durability A distinguished team of authors comprising

an Israeli a Palestinian and an Egyptian present a broader Arab perspective in this innovative textbook that offers a balanced and nuanced introduction to a highly contentious subject Providing an overview of key developments in the history of the conflict it explores attempts at resolution before going on to portray the perspectives of the important parties It places the events of the conflict within a regional and international context providing an invaluable insight into the opposing narratives behind the conflict The much anticipated second edition of Arabs and Israelis includes Up to date coverage of key developments since the Arab Awakening including the shifting pattern in relations from Obama to Trump the Abraham Accords the fall of Netanyahu and the resurgence of the war in early 2021 Brand new Key Developments Key Documents and Key Figures feature boxes to help students zoom in on landmark events policies and actors throughout history Detailed full colour maps timelines and photos to visually complement the text A rich companion website including interactive timelines and maps discussion questions chapter summaries and more A comprehensive and engaging account of the Arab Israeli conflict it is the ideal companion for students at undergraduate and postgraduate level taking History Politics and Middle Eastern Studies degrees

**The Arab and Jewish Questions** Bashir Bashir, Leila Farsakh, 2020-12-15 Nineteenth century Europe turned the political status of its Jewish communities into the Jewish Question as both Christianity and rising forms of nationalism viewed Jews as the ultimate other With the onset of Zionism this question migrated to Palestine and intensified under British colonial rule and in the aftermath of the Holocaust Zionism's attempt to solve the Jewish Question created what came to be known as the Arab Question which concerned the presence and rights of the Arab population in Palestine For the most part however Jewish settlers denied or dismissed the question they created to the detriment of both Arabs and Jews in Palestine and elsewhere This book brings together leading scholars to consider how these two questions are entangled historically and in the present day It offers critical analyses of Arab engagements with the question of Jewish rights alongside Zionist and non Zionist Jewish considerations of Palestinian identity and political rights Together the essays show that the Arab and Jewish questions and the Israeli Palestinian conflict in which they have become subsumed belong to the same thorny history Despite their major differences the historical Jewish and Arab questions are about the political rights of oppressed groups and their inclusion within exclusionary political communities a question that continues to foment tensions in the Middle East Europe and the United States Shedding new light on the intricate relationships among Orientalism anti-Semitism Islamophobia colonialism and the impasse in the Israeli Palestinian conflict this book reveals the inseparability of Arab and Jewish struggles for self determination and political equality Contributors include Gil Anidjar Brian Klug Amal Ghazal Ella Shohat Hakem Al Rustom Hillel Cohen Yuval Evri Derek Penslar Jacqueline Rose Moshe Behar Maram Masarwi and the editors Bashir Bashir and Leila Farsakh

International Law and the Arab-Israeli Conflict Robbie Sabel, 2022-04-28 Drawing upon Robbie Sabel's first hand involvement with many legal negotiations in the Arab Israeli conflict International Law and the Arab Israeli Conflict examines international law in relation to the conflict by analysing its major events and

agreements both historical and contemporary Outlining the role of international law from the collapse of the Ottoman Empire until the present day it considers the legal elements of the various peace treaties that Israel has signed with its neighbouring Arab States Using his expertise as a professor practitioner and ambassador Sabel endeavours to represent both sides of the conflict offering a wealth of counter arguments and adding his own legal interpretations With this valuable resource students and researchers working within a range of disciplines can fully appreciate the role of international law in the Arab Israeli conflict [Library of Congress Subject Headings](#) Library of Congress,2011 **Daily Report, Foreign Radio Broadcasts** United States. Cataloging Policy and Support Office,2005 **Reclaiming Israel's History** David Brog,2017-03-20 The Real History of Israel and the Palestinians No history is so disputed as the history of Israel Some see Israel s creation as a dramatic act of justice for the Jewish people Others insist that it was a crime against Palestine s Arabs Author David Brog untangles the facts from the myths to reveal the truth about the Arab Israeli conflict In Reclaiming Israel s History you ll learn how the Jewish people have maintained a continual presence in the Land of Israel for over 3 000 years despite centuries of Roman Byzantine and Muslim persecution how the Romans invented the word Palestine as a way to sever the connection between the Jewish people and their land and how subsequent conquerors doubled down on this strategy how modern Jewish immigration to Palestine did not displace Arabs but instead sparked an Arab population boom and the largely untold story of how the leader of Palestine s Arabs collaborated with the Nazis to murder Jews in Europe before they could reach their ancestral homeland You ll also learn why most of Palestine s Arabs never identified themselves as Palestinians until after the 1967 War the extraordinary lengths to which Israel s military goes to protect Palestinian civilians and the high price Israel s soldiers pay for this morality and how the Palestinians have on separate occasions rejected Israel s offers of a Palestinian state in virtually all of the West Bank and Gaza Brog frankly admits to Israel s sins both large and small but notes that in any fair minded analysis these have been far out weighed by Israel s commitment to Western values including freedom democracy and human rights Honest provocative and timely especially given rising anti Semitism and the aggressive delegitimization of Israel David Brog s Reclaiming Israel s History is the book for every reader who wants to understand what is really happening in the Middle East *Women and the Israeli Occupation* Tamar Mayer,2003-09-02 The state of Israel and the Palestinian nation are at a monumental juncture in their histories Both have a chance to claim a new future but more than a quarter of a century of occupation has had significant social political economic cultural psychological and moral ramifications for Israeli and Palestinian men and women Women and the Israeli Occupation analyses the impact of the occupier occupied dichotomy on the lives of Palestinian Israeli Palestinian and Israeli Jewish women The book argues that the Occupation has exposed internal conflicts challenging social structures within all three societies but has also reinforced existing loyalties as Palestinian and Jewish women have moved into public political action and worked together to end the Occupation It suggests

that although military occupation is not colonialism there are many similarities in the Israeli Palestinian case      **Anglo - Egyptian Relations 1800-1956** John Marlowe,2023-02-14 First Published in 1965 Anglo Egyptian Relations 1800 1956 provides a comprehensive overview of the political history of Egypt from 1800 1956 John Marlowe discusses important themes like the first British occupation Great Britain and Mohamed Ali second British Occupation the 1936 treaty the second German war Egypt and the Arab League post war nationalism revolution and the road to Suez This book is a must read for students and scholars of Egyptian history African history and history in general      Jewish Daily Bulletin Index ,1926      *The Jewish Daily Bulletin Index* ,1926      *Israel at Sixty* Efraim Karsh,Rory Miller,2013-10-23 Sixty years after the birth of Israel this fascinating and original book of essays brings together a number of the leading experts on Zionism and Israel to examine the domestic and international context of Israel s transition from community to state in 1948 With contributions on a wide range of historically important topics that are no less relevant now than they were six decades ago the book examines how countries as diverse as France the United States Turkey Britain and Ireland viewed the partition of Palestine in 1947 and the subsequent establishment of Israel in 1948 It also looks at the involvement of the UN Zionist and Arab leaders in the events immediately preceding Israel s birth While controversial issues such as the role of the Holocaust in the creation of Israel and the attitude of the Zionist movement to Palestinian Arabs from its onset to the 1948 war are examined in order to set the record straight after decades of mistaken and misleading research This book was previously published as a special issue of Israel Affairs
