**The Palestinian Military** Hillel Frisch, 2010-10-04 This book analyzes Palestinian attempts to create an organized military force from the period of the Mandate up to the present day Beginning with a comparative overview of the relationship between insurgent movements and the quest to build up a standard military the book looks first at how the 1936 revolt galvanized the Palestinian leadership to attempt to create a military It then goes on to examines other major topics such as the 1948 failure to create an organized armed force Palestinian participation in other Arab armed forces the creation of the PLA attempts to develop a security apparatus after Oslo and finally the question of security reform and peace making The book concludes by identifying the lessons from the Palestinian experience that can be applied in promoting healthy civil military relations within political entities located in major conflict zones *Violence, Nonviolence, and the Palestinian National Movement*

Wendy Pearlman, 2011-10-24 Why do some national movements use violent protest and others nonviolent protest Wendy Pearlman shows that much of the answer lies inside movements themselves Nonviolent protest requires coordination and restraint which only a cohesive movement can provide When by contrast a movement is fragmented factional competition generates new incentives for violence and authority structures are too weak to constrain escalation Pearlman reveals these patterns across one hundred years in the Palestinian national movement with comparisons to South Africa and Northern Ireland To those who ask why there is no Palestinian Gandhi Pearlman demonstrates that nonviolence is not simply a matter of leadership Nor is violence attributable only to religion emotions or stark instrumentality Instead a movement's organizational structure mediates the strategies that it employs By taking readers on a journey from civil disobedience to suicide bombings this book offers fresh insight into the dynamics of conflict and mobilization *A Comparative Appraisal of Normative Power*

Ville Sinkkonen, 2015-06-24 In *A Comparative Appraisal of Normative Power* Ville Sinkkonen constructs a three pronged analytical framework for the analysis of normative power a theoretical concept recently associated with studying the international role of the European Union This toolkit allows him to compare the foreign policy conduct of the EU and the United States in the context of the January 25th 2011 Revolution in Egypt along three dimensions norms and identity means and paradoxes These components permit an in depth analysis of Western norm promotion in the midst of the upheaval building on a large pool of source documents The monograph broadens the remit of normative power through its empirical bent comparative research set up and focus on a swiftly unfolding revolution transition complex In the process the prevalent discourse of the EU as a benign international actor is subjected to rigorous analytical scrutiny **Palestinian Refugees**

Robert Bowker, 2003 Encompassing history politics and political culture Bowker grapples with fundamental issues of Palestinian identity in the context of the peace process *International Assistance to the Palestinians After Oslo*

Anne Le More, 2008-03-31 Based on original academic research and first hand evidence this book explores the interface between politics and international assistance within the context of the Israeli

Palestinian conflict and peace process after 1993 to the present day      Assessment of media development in Palestine  
 UNESCO Office Ramallah, 2014-11-24      **The Palestine Yearbook of International Law, 1999-2000** Academie de Droit  
 International, 2002-05-31 This well established and widely respected Yearbook is a primary source of information on  
 significant and topical legal issues relating to the Palestinian territories It provides in a single annual volume not only leading  
 articles on topics of major interest to the international legal community but also key legislation court decisions legal cases  
 treaties resolutions special reports and other relevant legal material translated from the original Arabic or Hebrew into  
 English The 11th volume of The Palestine Yearbook of International Law is devoted specifically to the question of Palestine  
 refugees and includes a comparison of the international legal framework designed to protect refugees with the framework  
 already established for the protection of Palestinian Refugees an examination of the various pieces of legislation enacted to  
 legally confiscate Palestinian lands raising the question as to how the plight of Palestinian refugees may be addressed in the  
 international legal system legal precedents regarding refugees including the Dayton accord and UN Resolutions various  
 agreements signed over the course of the past year a detailed bibliography of books monographs and articles a  
 comprehensive index This new volume as with its predecessors will be an invaluable source of reference and record on the  
 complex legal issues relating to the Palestinian territories and will be of prime interest to legal practitioners researchers  
 scholars and anyone involved in law politics human rights or international relations who has an interest in this region      The  
Path to Mass Rebellion Ruth Margolies Beitler, 2004-01-01 The Path to Mass Rebellion An Analysis of Two Intifadas should be  
 read by policy makers international relations and conflict resolution scholars Middle East Studies scholars political scientists  
 and anyone else interested in better understanding the current violence surrounding the creation of a Palestinian state and  
 security issues this creates for Israel      *The Arab Authoritarian Regime between Reform and Persistence* Henner  
 Fürtig, 2009-03-26 Economic and or political liberalisation became a symbol of Arab authoritarian regimes since the initial  
 phase of the third wave of democratisation in the early 1990s Arab rulers found out that liberalisation could help  
 strengthening their authoritarian rule it diminishes both internal and external pressure and increases their legitimacy While  
 the regimes soon figured out that the West finally preferred stability and the containment of Islamic militancy to uncertainty  
 caused by democratic experiments 9 11 proved the failure of this unwritten agreement Based on the experience that  
 democracies do not wage wars against each other the U S government came to the conclusion that only a sincere  
 advancement of human rights and democracy in the Islamic world would in the long run avoid a repetition of 9 11 like events  
 The book analyses in detail how selected Arab regimes from Morocco in the West via Egypt in the centre to Syria and  
 Palestine in the East reacted to this new unprecedented challenge Most of them promised a substantial intensification of the  
 liberalisation process Therefore the book had to answer the question whether the current reforms are still rhetorical and  
 cosmetic or real and radical i e whether they once again rather foster the authoritarian regimes or lean towards the

promotion of democratisation this time Although a certain surplus of freedom for the ruled could be measured the book resumed that the liberalisation process is still opposed to democratisation insofar as the authoritarian elite continues to use it as a tool to avoid democracy Nevertheless the authors did not stop here They stated that under the complex circumstances of the modern world even rational actors such as Arab regimes cannot assess all the long term consequences of their actions Therefore they cannot definitely be sure whether a specific measure contributes to the strengthening or to the weakening of their rule Unintended the reforms may result in long term developments which are detrimental to the interests of the authoritarian elite In other words if certain liberalisation policies increase the legitimacy of the authoritarian rule in the short run it still cannot be excluded that they may destabilise the system in the long run i e democracy may come by accident

**The PLO: Critical appraisals from the inside** Moh'd Saleh, Na'eem Jeenah, 2013-12-29 At the turn of the millennium after decades of struggle the Palestinian Liberation Organization was in a shambles In 2005 a reconciliation conference held in Cairo seemed to offer some hope for the revitalisation of the organisation but Hamas s victory in the 2006 Palestinian Authority elections caught the PLO off guard Conflicts and tensions exploded as the PLO tried to claw back the power it had lost Amid calls for the organisation to renew itself or make way for a new group the al Zaytouna Centre for Studies and Consultations convened a conference in Beirut to discuss the PLO Representatives of the PLO s main factions joined leaders from Hamas Islamic Jihad as well as activists and academics to discuss what they could learn from the past and try to forge some consensus on how to take the Palestinian struggle forward This volume documents the papers and debates presented at the conference Originally published in Arabic the book provides a fascinating window on Palestinians unique understandings of the history of their struggle and of the PLO It offers an insider s view on issues such as national unity the intricate nature of relations between Palestinians in the diaspora and those in the Occupied Territory the fragmented nature of the Arab condition as well as the impact of the meddling by Arab nations and western powers in Palestinian affairs For anyone interested in Palestine and in national liberation struggles more broadly this powerful collection provides an essential anthology of key perspectives on the Palestinian struggle up to 2006 The book offers readers a rare opportunity to eavesdrop on the conversations of those intimately involved in searching for solutions to one of the world s most intractable conflicts

**Palestinian Democracy and Governance** David Kenneth Schenker, 2000 A forceful breakthrough study on the critical issues of democratic reforms in a volatile area of the region This book is a serious

and significant contribution to the vital issue of how U S Middle East policy is premised and why it is now time to reconsider it Washington Times Between State and Non-State Gülistan Gürbey, Sabine Hofmann, Ferhad Ibrahim Seyder, 2017-03-23 This edited volume compares the internal dimension politics and society in Kurdistan Iraq and Palestine In particular it focuses on internal processes in Kurdistan Iraq and Palestine Palestinian Territory of the West Bank and Gaza Strip in their specific shaping development and transformation The contributing authors analyze the transformation processes of the internal power structures the economic basics and the civil societies and provide an overview of the current political economic and societal situation and challenges in both regions The book presents the similarities and differences between both de facto states with regard to a set of guidelines legitimacy power relations transformation of politics and society It provides empirical explanations and contributes to a better understanding of both de facto states *Syria Accountability and Lebanese Sovereignty Restoration Act Two Years Later* United States. Congress. House. Committee on International Relations. Subcommittee on the Middle East and Central Asia, 2006 Peacewatch/Policywatch Anthology 2000 ,2000

*The Transformation of Palestinian Politics* Barry Rubin, 2009-06-01 This book is a comprehensive overview and analysis of the Palestinians travail as they move from revolutionary movement to state Barry Rubin outlines the difficulties in the transition now under way arising from Palestinian history society and diplomatic agreements He writes about the search for a national identity the choice of an economic system and the structure of government Rubin finds the political system interestingly distinctive it appears to be a pluralist dictatorship There are free elections multiple parties and some latitude in civil liberties Yet there is a relatively unrestrained chief executive and arbitrariness in applying the law because of restraints on freedom The new ruling elite is a complex mixture of veteran revolutionaries heirs to large and wealthy families professional soldiers technocrats and Islamic clerics Beyond explaining how the executive and legislative branches work Rubin factors in the role of public opinion in the peace process the place of nongovernmental institutions opposition movements and the Palestinian Authority s foreign relations including Palestinian views and interactions with the Arab world Israel and the United States This book is drawn from documents in Arabic Hebrew and English as well as interviews and direct observations Rubin finds that overall the positive aspects of the Palestinian Authority outweigh the negative and he foresees the establishment of a Palestinian state His charting of the triumphs and difficulties of this state in the making helps predict and explain future dramatic developments in the Middle East **Section-by-section Analysis of the Proposed Act Concerning Compensation for Oil Pollution Damage, H.R. 4394** United States. Department of State, 1973 **Journal of Peace Research** ,2007-05 **Palestinian State Formation** Nubar Hovsepian, 2009-03-26 This book examines the role of education in building a new Palestinian state and especially on the role and function of the education system in the process of state formation Since education frames a people s identity the nature of the education system affects how Palestinians relate to their state Through education the Palestinian Authority PA transforms the parameters of identity to serve the

requirements of state building and the peace process International assistance to the PA affects all of these processes through the disbursal of political rent whose primary function is to bolster the PA and to keep the peace process going The new Palestinian Authority has assumed two seemingly contradictory functions state building and resistance and the dynamic tensions between the two raise key questions for political and policy analysis Are these functions mutually exclusive or complementary in the context of the ongoing peace negotiations and state building Can the Palestinian leadership transform the Palestinian national movement from a revolutionary organization to a pragmatic state apparatus Are the PLO and the PA interchangeable What type of power does the PA need to cultivate the support or to secure the compliance of the Palestinian people for the state building project Clearly the answers to these questions have a direct bearing on the education system Will this system promote a resistance identity or a state building legitimizing identity
