Palestinian Vocalised Piyyut Manuscripts in the Cambridge Genizah Collections Cambridge University Library, Joseph Yahalom, 1997-03-20 In the Semitic languages the vowels are not part of the alphabet and each Semitic language has its special method of marking its particular vowel values In the Hebrew of Late Antiquity a supralinear method of doing this was first introduced after the Arabic conquest of Palestine in the seventh century It was used mainly for liturgical purposes in complicated poetic texts and it was soon displaced by the classical Tiberian system The oldest existing specimens of this supralinear method are on vellum manuscripts from Cairo where the remaining fragments were deposited by Jewish refugees from Crusader Palestine at the end of the eleventh century The fragments from the Cairo depository known as the Cairo Genizah are best represented in the Genizah Collections at Cambridge University Library This volume gives for the first time a full description of the scattered and torn fragments as well as of their notational value [The Hebrew Bible Manuscripts: A Millennium](#) ,2022-02-22 In The Hebrew Bible A Millennium manuscripts texts and methods applied in Hebrew Bible studies are considered through time The Dead Sea Scrolls the Cairo and European Genizot as well as Late Medieval Biblical Manuscripts are examined [A Grammar of the Palestinian Targum Fragments from the Cairo Genizah](#) Steven Ellis Fassberg, 2018-08-14 Preliminary Material Steven E Fassberg Introduction Steven E Fassberg Description and Classification of Manuscripts Steven E Fassberg Orthography and Phonology Steven E Fassberg Syllable Structure Steven E Fassberg Rule of Shewa Steven E Fassberg Morphology Steven E Fassberg Two Syntactic Features Steven E Fassberg Tables Steven E Fassberg Indices Steven E Fassberg Bibliography Steven E Fassberg Addenda and Corrigenda Steven E Fassberg **Judaica Reference Sources** Charles Cutter, 2004-02-28 A recipient of the Outstanding Reference Award from the Association of Jewish Librarians in its earlier edition this updated edition of Judaica Reference Sources maintains its editorial excellence while revising and expanding coverage for the new century Virtually every aspect of Jewish life knowledge history culture religion and contemporary issues is covered in this annotated bibliographic guide A critical collection development tool for college university public school and synagogue libraries Judaica Reference Sources provides entries for over 1 000 reference works as well as a selective list of related Web sites in English French German Yiddish and Hebrew Works published since 1970 are emphasized Unique in providing expert guidance to Judaica material for the librarian the layperson the student and the researcher this reference guide is a versatile tool that will fulfill your every need for Judaica material **Origins of Hebrew Liturgical Rhetoric and Poetics** Joseph Yahalom, 2024-07-22 This book follows the origins of the Kesushta a sequence of poems that leads up to the epitome of Jewish prayer the Kedusha or Sanctus It tracks back the earliest forms of prayer in late antiquity and by doing so defines the main characteristics of this genre both from the standpoint of Rhetoric and poetics This genre draws from Midrash and Mysticism adjacent literary forms that influence liturgical poetry How has such an enigmatic and complex liturgical genre survived the twists and turns of

history and is recited to this day for over 1500 years The answer to this question pertains to both form and content When analyzing form we address rhyme alphabetical acrostics and different poetic forms Those all have a specific rhetorical function in determining the structure of the poem pushing it forward and musically aligning the different segments The form cannot be detached from narratology referencing early midrash and mysticism In addition the emotional approach of the private prayer can express one's existential pain as part of an oppressed community We can follow the composition of the prayer book for each community over the ages through the first millennium starting with Geniza fragments to the European prayer books Finally these poems use of sophisticated etymology correlation by sound leads to innovative Medieval interpretation of the Torah It seems that the combination of a public recitation simulating a divine choir the musicality of the text and emotional depth all contributed to this eternal poetic genre to penetrate cross cutting traditions of prayer throughout the ages

A Handbook of Biblical Hebrew W. Randall Garr, Steven E. Fassberg, 2016-09-19 Volume 1 Periods Corpora and Reading Traditions Volume 2 Selected Texts Biblical Hebrew is studied worldwide by university students seminarians and the educated public It is also studied almost universally through a single prism that of the Tiberian Masoretic tradition which is the best attested and most widely available tradition of Biblical Hebrew Thanks in large part to its endorsement by Maimonides it also became the most prestigious vocalization tradition in the Middle Ages For most Biblical Hebrew is synonymous with Tiberian Biblical Hebrew

There are however other vocalization traditions The Babylonian tradition was widespread among Jews around the close of the first millennium CE the tenth century Karaite scholar al Qirqisani reports that the Babylonian pronunciation was in use in Babylonia Iran the Arabian peninsula and Yemen And despite the fact that Yemenite Jews continued using Babylonian manuscripts without interruption from generation to generation European scholars learned of them only toward the middle of the nineteenth century Decades later manuscripts pointed with the Palestinian vocalization system were rediscovered in the Cairo Genizah Thereafter came the discovery of manuscripts written according to the Tiberian Palestinian system and perhaps most importantly the texts found in caves alongside the Dead Sea What is still lacking however is a comprehensive and systematic overview of the different periods sources and traditions of Biblical Hebrew This handbook provides students and the public with easily accessible reliable and current information in English concerning the multi faceted nature of Biblical Hebrew Noted scholars in each of the various fields contributed their expertise The result is the present two volume work The first contains an in depth introduction to each tradition and the second presents sample accompanying texts that exemplify the descriptions of the parallel introductory chapters

Jewish Education from Antiquity to the Middle Ages George J. Brooke,Renate Smithuis,2017-10-17 In Jewish Education from Antiquity to the Middle Ages fifteen scholars offer specialist studies on Jewish education from the areas of their expertise This tightly themed volume in honour of Philip S Alexander has some essays that look at individual manuscripts some that consider larger literary corpora and some that are more thematically organised Jewish education has been addressed largely as a matter of the study house the bet midrash Here a richer range of texts and themes discloses a wide variety of activity in several spheres of Jewish life In addition some notable non Jewish sources provide a wider context for the discourse than is often the case

The Tiberian Pronunciation Tradition of Biblical Hebrew, Volume 1 Geoffrey Khan,2020-02-20 These volumes represent the highest level of scholarship on what is arguably the most important tradition of Biblical Hebrew Written by the leading scholar of the Tiberian Masoretic tradition they offer a wealth of new data and revised analysis and constitute a considerable advance on existing published scholarship It should stand alongside Israel Yeivin s The Tiberian Masorah as an essential handbook for

scholars of Biblical Hebrew and will remain an indispensable reference work for decades to come Dr Benjamin Outhwaite Director of the Taylor Schechter Genizah Research Unit Cambridge University Library The form of Biblical Hebrew that is presented in printed editions with vocalization and accent signs has its origin in medieval manuscripts of the Bible The vocalization and accent signs are notation systems that were created in Tiberias in the early Islamic period by scholars known as the Tiberian Masoretes but the oral tradition they represent has roots in antiquity The grammatical textbooks and reference grammars of Biblical Hebrew in use today are heirs to centuries of tradition of grammatical works on Biblical Hebrew in Europe The paradox is that this European tradition of Biblical Hebrew grammar did not have direct access to the way the Tiberian Masoretes were pronouncing Biblical Hebrew In the last few decades research of manuscript sources from the medieval Middle East has made it possible to reconstruct with considerable accuracy the pronunciation of the Tiberian Masoretes which has come to be known as the Tiberian pronunciation tradition This book presents the current state of knowledge of the Tiberian pronunciation tradition of Biblical Hebrew and a full edition of one of the key medieval sources Hid yat al Q ri The Guide for the Reader by Ab al Faraj H r n It is hoped that the book will help to break the mould of current grammatical descriptions of Biblical Hebrew and form a bridge between modern traditions of grammar and the school of the Masoretes of Tiberias Links and QR codes in the book allow readers to listen to an oral performance of samples of the reconstructed Tiberian pronunciation by Alex Foreman This is the first time Biblical Hebrew has been recited with the Tiberian pronunciation for a millennium

Yannai on Genesis Laura S. Lieber,2010-09-15 Piyyut is the art of Hebrew or Aramaic poetry composed either in place of or as adornments to Jewish statutory prayers Laura S Lieber uses the piyyutim of a single poet Yannai ca sixth century C E to introduce readers to this important but largely unfamiliar body of writings Yannai the first Hebrew poet to sign his name to his works by means of an acrostic influenced Hebrew sacred poetry for centuries beyond his lifespan He was the first to consistently use true end rhyme and he was among the first to have written for the weekly service and festivals rather than just particular holidays As literary works his poems are as dazzling as they are complex rich with sound and play allusion and linguistic beauty Lieber presents the Hebrew texts of Yannai s 31 extant piyyutim which embellish the Book of Genesis She translates annotates and analyzes these complex poems which display the poet s transformative treatments of some of the most familiar biblical

narratives She contextualizes these poems and teaches readers how to read and appreciate piyyut by studying Yannai's poetic language and the formal structures of the poems his exegetical cultural and societal importance and intriguing motifs in Yannai's worldview such as mysticism holiness Jewish Christian relations and the role of women Lieber's groundbreaking study is an invitation to those with interests in areas such as liturgical studies rabbinic literature and targum studies the early synagogue and its art Byzantine Christian culture and society and the history of biblical interpretation to engage with these beautiful and neglected texts and include them in larger intellectual conversations

Linguistics and Biblical Hebrew Walter Ray Bodine, 1992 The essays in this volume arose out of the Society of Biblical Literature section on linguistics and Biblical Hebrew and have been selected to provide a summary and statement of the state of the question with regard to a number of areas of investigation The sixteen articles are organized into sections on phonology morphology syntax semantics discourse analysis historical comparative linguistics and graphemics

The Linguistic Classification of the Reading Traditions of Biblical Hebrew Benjamin Paul Kantor, 2023-08-30 In recent decades the field of Biblical Hebrew philology and linguistics has been witness to a growing interest in the diverse traditions of Biblical Hebrew Indeed while there is a tendency for many students and scholars to conceive of Biblical Hebrew as equivalent with the Tiberian pointing of the Leningrad Codex as it appears in Biblia Hebraica Stuttgartensia BHS there are many other important reading traditions attested throughout history Origen's Secunda reflects a late Roman reading tradition of Biblical Hebrew transcribed into Greek letters Occasional transcriptions of Biblical Hebrew into Latin letters in Jerome's commentaries similarly reflect a reading tradition from early Byzantine Palestine In the medieval period alongside Tiberian Hebrew we also find the Babylonian tradition and the Palestinian tradition The modern oral reading tradition of the Samaritan community also likely has roots in the Second Temple period Aside from these primary attestations of the reading traditions there are a whole host of other modern reading traditions of Biblical Hebrew from Ashkenazi to Sephardi and Yemenite Despite the rich diversity of traditions of Biblical Hebrew at our fingertips the linguistic relationship between them has never been mapped out In this book then the phyla and waves methodology which has been used for Semitic language classification is used to map out the relationship between the main reading traditions of Biblical Hebrew throughout history

Old Testament Abstracts, 1990 **Le-'ela**, 1997 L'ebreo di Nazaret Frédéric Manns, 2019-10-21 T00:00:00+02:00

Per comprendere a pieno la vita di Gesù occorre risalire alle origini del cristianesimo dunque alla storia dell'antico popolo di Israele Di questa storia singolare profetismo e messianismo sono stati due pilastri fondamentali e solo alla loro luce possibile decifrare e penetrare la lettera dei Vangeli La stessa figura di Gesù risulta molto più comprensibile se calata nel reale contesto storico e sociale in cui visse e morì scenario caratterizzato da fortissime tensioni fra ebrei e romani sfociate poi in una guerra all'ultimo sangue e nella distruzione del Tempio di Gerusalemme Cinquant'anni dopo il Concilio Vaticano II ricorrendo alle

fonti rabbiniche e alla Bibbia Fr d ric Manns getta una luce nuova su come visse e predic Ges di Nazaret aggiungendo inedite sfumature alla grandiosa icona dipinta dalla letteratura cristiana e illustrando con cura gli elementi che ne fanno in tutto e per tutto un uomo ebreo del suo tempo Ne scaturisce una riflessione approfondita sul messaggio di Cristo e sul primo cristianesimo che offre nuove ipotesi e apre a nuovi interrogativi *Shofar* ,1997
