The Occult Novels of Dion Fortune Georgia van Raalte, 2025-01-28 This monograph explores the work of Dion Fortune one of the most prolific British occult authors of the interwar period and her claim that her books had an initiatory quality She held that reading her books and meditating on their contents could produce a lasting change in consciousness which in turn could lead to lasting changes in an individual s life This book aims to rehabilitate a figure largely forgotten by both the fields of Literature and of Esotericism and proposes a framework for analysing initiatory fiction and the experience of fictional initiation The study presents a new avenue for research and theoretical perspective on literary texts from the Occult Revival

as well as on famed modernist texts and more contemporary occult fiction *The Scandal of Evangelicals and Homosexuality* Mark Vasey-Saunders, 2016-03-09 English evangelicals give the appearance of being a community at war with each other and with the world around them The issue of homosexuality is one of the key battlegrounds How has this issue become so significant to evangelicals Why is it provoking such violent responses How is it changing evangelicals and what might this mean for the future This book examines the history of evangelical responses to the issue of homosexuality setting them in a wider historical and cultural context and drawing on the work of Rene Girard to argue that the issue of homosexuality has come to symbolise deeply held convictions within evangelicalism The conflict over the issue that is now becoming apparent within evangelicalism reveals deep divisions within the evangelical community that will have great significance for the future *The Scandal of Evangelicals and Homosexuality* offers an alternative perspective seeking not to present an answer to the ethical question but rather to examine the way the debate has become scandalised and consider the cost It offers a window into contemporary English evangelicalism and provides an important contribution to international and ecumenical debate *Christianity and Sexuality in the Early Modern World* Merry E Wiesner-Hanks, 2020-05-01 Christianity and Sexuality in the Early Modern World surveys the ways in which people from the time of Luther and Columbus to that of Thomas Jefferson used Christian ideas and institutions to regulate and shape sexual norms and conduct and examines the impact of their efforts Global in scope and geographic in organization the book contains chapters on Protestant Catholic and Orthodox Europe Latin America and the Caribbean Africa and Asia and North America It explores key topics including marriage and divorce fornication and illegitimacy clerical sexuality same sex relations witchcraft and love magic moral crimes and interracial relationships The book sets its findings within the context of many historical fields including the history of gender and sexuality and of colonialism and race Each chapter in this third edition has been updated to reflect new scholarship particularly on the actual lived experience of people around the world This has resulted in expanded coverage of nearly every issue including notions of the body and of honor gendered religious symbols religious and racial intermarriage sexual and gender fluidity the process of conversion the interweaving of racial identity and religious ideologies and the role of Indigenous and enslaved people in shaping Christian traditions and practices It is ideal for students of the history of sexuality early modern Christianity and early modern gender **Probation and the Policing of the Private Sphere in Britain, 1907-1962** Louise Settle, 2021-12-16 In 1907 the Probation of Offenders Act introduced a system which allowed offenders to be rehabilitated at home under supervision rather than being sent to prison This book explores how the probation system was used to regulate the private lives emotions and behaviours of people in Britain between 1907 and 1962 Access to the private sphere both physically and psychologically meant that the probation system was particularly well suited to offences related to intimate and personal relations With each chapter focusing on a particular type of offence including wife assault attempted suicide male sexual offences and female prostitution Settle shows how experiences of the

probationers were shaped by the everyday practices of probation and assesses the extent to which probation was successful in rehabilitating offenders and protecting the public. Also examining the role of probation officers in marriage reconciliation, the book explores how ideas about gender and domesticity were crucial to both the process of rehabilitation and the endeavour to make the home a safe environment in which these domestic ideals could come into fruition. *Probation and Policing of the Private Sphere in Britain* enriches our understanding of the role of the state in policing, monitoring and promoting the well being of its citizens and explores the nuances of probation's dual purpose as a form of social control as well as a social work service designed to help the most vulnerable in society.

Bodies, Love, and Faith in the First World War Nancy Christie, Michael Gauvreau, 2018-04-25. This book explores the courtship and marriage of Gwyneth Murray, an English woman, and a Canadian Harry Logan, who wrote in the personae of their vagina, Dardanella, and penis, Peter, during World War I. Through an analysis of their extensive daily correspondence over nearly a decade, it uncovers the couple's changing attitudes to the intersection of sexuality and religion to marriage and childrearing as they navigated the transition from Victorian to modern values. By focusing on first person narratives, this book enriches our understanding of gender identities, revealing how porous the boundaries remained between notions of heterosexual and same sex friendships. This study offers an unprecedented perspective on one couple's sexual practices, which included mutual masturbation and oral sex, and constitutes one of the most intensive examinations of female attitudes to sexual pleasure in an era of female emancipation.

Sex, Sexuality, Law, and (In)justice Henry F. Fradella, Jennifer M. Sumner, 2016-02-26. *Sex, Sexuality, Law, and In Justice* covers a wide range of legal issues associated with sexuality, gender, reproduction, and identity. These are critical and sensitive issues that law enforcement and other criminal justice professionals need to understand. The book synthesizes the literature across a wide breadth of perspectives, exposing students to law, psychology, criminal justice, sociology, philosophy, history, and where relevant, biology, to critically examine the social control of sex, gender, and sexuality across history. Specific federal and state case law and statutes are integrated throughout the book, but the text moves beyond the intersection between law and sexuality to focus just as much on social science as it does on law. This book will be useful in teaching courses in a range of disciplines, especially criminology and criminal justice, history, political science, sociology, women and gender studies, and law.
