Persuasion and Propaganda Joan Coutu, 2006-08-23 Lavishly illustrated Persuasion and Propaganda is the first study of these works of art within the framework of colonial politics and political culture While examining the rise of the idea of the public in the modern world Joan Coutu also explores how empire was constantly being redefined From private funeral monuments in the West Indies to works erected by the East India Company and the British Parliament Coutu shows how the youthful British Empire saw itself and validated its mission through sculpture Towards A Definition of Topos Lynette Hunter, 1991-06-18 Allegories rhetoric imagery commonplaces cliches and archetypes are discussed in connection with the literary work of authors such as Montaigne Shakespeare Jules Verne Emile Zola and James Joyce **Charles Brockden Brown** Alan Axelrod, 2013-09-06 Charles Brockden Brown An American Tale is the first comprehensive literary biographical and cultural study of the novelist whom critic Leslie Fiedler has dubbed the inventor of the American writer The author of Wieland Arthur Mervyn Ormond and Edgar Huntly Charles Brockden Brown 1771 1810 is considered the first American professional author He introduced Indian characters into American fiction His keen interest in character delineation and abnormal psychology anticipates the stories of Poe Hawthorne and later masters of the psychological novel Brown was eager to establish for himself an American identity as a writer to become what Crvecoeur called the new man in the New World It is especially this intimate identification of writer with country that makes Brown a telling precursor of our most characteristic authors from Poe Hawthorne and Cooper to Fitzgerald Hemingway and Faulkner To understand its significance Brown's work must be examined as both art and artifact Accordingly Charles Brockden Brown An American Tale is literary history as well as criticism imbued with insights into a writer's sources and influences and the psychology of

literary composition It is also a fascinating examination of a nation's emotional and intellectual impact on a young man in search of his identity as creative artist

*Acquired Taste* T. Sarah Peterson, 1994 Peterson explores a change in French cooking in the mid-seventeenth century from the heavily sugared saffroned and spiced cuisine of the medieval period to a new style based on salt and acid tastes In the process she reveals more fully than any previous writer the links between medieval cooking alchemy and astrology Peterson's vivid account traces this newly acquired taste in food to its roots in the wider transformation of seventeenth-century culture which included the Scientific Revolution She makes the startling and persuasive argument that the shift in cooking styles was actually part of a conscious effort by humanist scholars to revive Greek and Roman learning and to chase the occult from European life

Strange Kin Kieran Quinlan, 2005-01-01 The ties between Ireland and the American South span four centuries and include shared ancestries cultures and sympathies The striking parallels between the two regions are all the more fascinating because studded with contrasts they are so complex Kieran Quinlan a native of Ireland who now resides in Alabama is ideally suited to offer the first in-depth exploration of this neglected subject which he does to

a brilliant degree in *Strange Kin* The Irish relationship to the American South is unique Quinlan explains in that it involves both kin and kinship He shows how a significant component of the southern population has Irish origins that are far more tangled than the simplistic distinction between Protestant Scotch Irish and plain Catholic Irish African and Native Americans too have identified with the Irish through comparable experiences of subjugation displacement and starvation The civil rights movement in the South and the peace initiative in Northern Ireland illustrate the tense intertwining that Quinlan addresses He offers a detailed look at the connections between Irish nationalists and the Confederate cause revealing remarkably similar historical trajectories in Ireland and the South Both suffered defeat both have long been seen as problematic if also highly romanticized areas of otherwise progressive nations both have been identified with religious prejudices and both have witnessed bitter disputes as to the interpretation of their respective lost causes Quinlan also examines the unexpected twentieth century literary flowering in Ireland and the South as exemplified by Irish writers W B Yeats James Joyce and Elizabeth Bowen and southern authors William Faulkner Eudora Welty and Flannery O Connor Sophisticated as well as entertaining *Strange Kin* represents a benchmark in Irish American cultural studies Its close consideration of the familial and circumstantial resemblances between Ireland and the South will foster an enhanced understanding of each place separately as well as of the larger British and American polities
