**Pan and the Nightmare** Wilhelm Heinrich Roscher, James Hillman, 2020-08-22 This brilliant book brings Pan back to life by following C G Jung's famous saying that the gods have become our diseases. Chapters on nightmare, panic, masturbation, rape, and nympholepsy, instinct, and synchronicity, and Pan's female lovers Echo, Syrinx, Selene, and the Muses show the goat god at work and play in the dark drives and creative passions of our lives. Includes a full translation of EPHIALTES. Wilhelm Heinrich Roscher's masterful nineteenth-century mythological, pathological treatise on Pan and the demons of the night.

**Nightmareland** Lex Lonehood Nover, 2019-10-08 From a Coast to Coast AM insider, a mind-expanding exploration of sleep disorders and unusual dream states, the scientific explanations and the paranormal possibilities. The sleeping mind is a mysterious backdrop that science is just beginning to shed light on. It was only some sixty years ago that researchers discovered REM, the rapid eye movement cycle that's associated with dreams. In Nightmareland, Lex Lonehood Nover travels into the eerie borderlands where the unconscious dreams and strange entities intermingle under the cover of night, revealing wider and hidden aspects of ourselves from the savage and frightening to the astounding and sublime. Encompassing accepted medical phenomena such as sleep paralysis, parasomnias, and Ambien zombies, and the true crime casebook of those who kill while sleepwalking to supernatural elements such as the incubus, alien abduction, and psychic attacks, Nover brings readers on an extraordinary journey through history, folklore, and science to help us understand what happens when we sleep.

**How We Experience Modern Verse** Eric Purchase, 2023-03-31 Poetry moves us Sometimes a poem changes our life Then we analyze it as a cultural artifact with no special connection to us An extensive critical apparatus enables us to develop sophisticated interpretations but we dismiss as idiosyncratic even life changing experiences of poetry We need an apparatus to unfold our experience of reading poems into a more effective relationship with the world Modern poets in particular wrote prophetic verse for this purpose Archetypal psychology and phenomenology describe the soul that modern poetry moves in us Three prosodic mechanisms activate the psyche The polyphony of accentual and quantitative versification creates depth to lure the soul Aural images reshape the reader's stream of consciousness Readers follow the movement of blocks of verse across the expanse of the page with what Maurice Merleau Ponty terms the phenomenal body These mechanisms reach us at the collective level of consciousness and generate the power we need to solve big collective challenges such as race climate change and inequality
