## **Panama Money In Barbados 1900 1920:**

Panama Money in Barbados, 1900-1920 Bonham C. Richardson, 1985      *The History of Petroleum Exploration on Barbados, 1865-1985* Sylvan Spooner, 2024-10-28 This book documents the history of the Barbadian petroleum industry and the effort of that island's black nationalist political elite to take control of the island's petroleum resources. In a direct challenge to the white Barbadian planter class, this group made it known that it wished to wrest from them ownership of the colony's petroleum rights. Stating that it would do so for the national good rather than for the good of the few who for centuries held power within the colony, the island's political leadership gave notice of its desire to disrupt the colonial order. The politically charged appropriation of this natural resource, which one member of the House of Lords called an unhealthy manifestation of self-expression, was a brazen and defiant stand against colonialism and imperialism filled with political risk for the island. This book documents petroleum exploration on Barbados from the mid nineteenth century to 1985 and examines the island's careful cultivation of political and foreign policy relationships as well as the machinations involved as the island strove to take control of its petroleum industry.

**"Colón Man a Come"** Rhonda D. Frederick, 2005-01-01 To date, there has been no literary examination of the Col n Man, even though he recurs in 19th and 20th century Anglophone and Francophone Caribbean Literatures. Named for PanamO's Caribbean port city, the Col n Man has been the subject of historical, sociological, and geographical scholarship. He, however, has escaped the domain of literary investigation until now. Author Rhonda Frederick brings us the first ever book-length study of the literary representations of the Col n Man. Fictive accounts of PanamO migration draw on precisely what has been little documented or not at all. In other words, this region's literature and songs, as well as Col n Men's recollections, complicate existing studies. These first-person accounts and creative narratives in the form of song, stories, literature, etc. of isthmian migration suggest that fictive renditions of canal work and workers represent Col n Men's undocumented, unknown, and/or ignored realities. **Col n Man a Come: Mythographies of PanamO Canal Migration** examines several works of fiction: George Lamming's *In the Castle of My Skin*, Michael Thelwell's *The Harder They Come*, Eric Walrond's *Tropic Death*, Claude McKay's *Banana Bottom*, and Maryse Conde's *Tree of Life*. And perhaps most significantly, this book relies on the personal narratives and songs of Col n Men to support the forgotten, lost, ignored, and yet imaginable truths of PanamO Canal migration.

**The Canal Builders** Julie Greene, 2009-02-05 A revelatory look at a momentous undertaking from the workers' point of view. The Panama Canal has long been celebrated as a triumph of American engineering and ingenuity. In *The Canal Builders*, Julie Greene reveals that this emphasis has obscured a far more remarkable element of the historic enterprise: the tens of thousands of workingmen and workingwomen who traveled from all around the world to build it. Greene looks past the mythology surrounding the canal to expose the difficult working conditions and discriminatory policies involved in its construction. Drawing extensively on letters, memoirs, and government documents, the book chronicles both the struggles and the triumphs of the workers and their families. Prodigiously researched and

vividly told *The Canal Builders* explores the human dimensions of one of the world's greatest labor mobilizations and reveals how it launched America's twentieth century empire      Narratives of Exile and Return Mary Chamberlain, 2017-07-05 In this original and compelling book Mary Chamberlain explores the nature and meaning of migration for Barbadians who migrated to Britain and elsewhere It is a unique oral and social history based on life story interviews across three or more generations of Barbadian families Locating migration within the contemporary debate on modernity *Narratives of Exile and Return* highlights the continuing role of migration in shaping the culture and history of Barbados But it does more by providing post modern theorizing with concrete national and ethnic settings      **Migration and Identity** Andor Skotnes, 2017-07-12 The theme of *Migration and Identity* is of special concern at a time both of massive worldwide migration and of apparently intensifying national ethnic and racial conflicts Problems of migration and the resulting reconfigurations of social identity are fundamental issues for the twenty first century This volume spans the whole complex global web of migratory patterns with contributions linking Africa Asia Australia Europe North and South America without losing the particularities of local and personal experience This paperback edition in the Memory and Narrative series explores these issues and the sustaining or abandoning of memory and identity as people move between fundamentally different cultures in a number of recent social settings from a number of methodological perspectives These focused case studies offer glimpses into the interior migration experiences into the processes of constructing and reconstructing identity without forgetting that both theoretically and empirically the problem of identity is complex and multifaceted All of the essays rely heavily on oral history and personal testimony highlighting the experience of individuals and small groups without ignoring the tension that exists between the local and the global Memories of oppression or totalitarianism are one of the driving forces behind some of these migrations and the transmission of memories and myths between family generations is one of the ways in which migrations are interpreted In looking both backward and forward *Migration and Identity* offers an acute view of migratory patterns and their impact on the newcomers and the local cultures It will be of interest to cultural and oral historians and researchers of concerned with migration and integration      *The Civil Rights Movement Revisited* Patrick B. Miller, Therese Frey Steffen, Elisabeth Schäfer-Wünsche, 2001 The crusade for civil rights was a defining episode of 20th century U S history reshaping the constitutional political social and economic life of the nation This collection of original essays by both European and American scholars includes close analyses of literature and film historical studies of significant themes and events from the turn of the century to the movement years and assessments of the movement's legacies Ultimately the articles help examine the ways civil rights activism often grounded in the political work of women has shaped American consciousness and culture until the outset of the 21st century Patrick Miller is Professor of History at North Eastern Illinois University Chicago Ill USA Elisabeth Schaefer Wuensche teaches American Studies at the University of Duesseldorf Germany Therese Steffen is Professor of English at the University of Basel Switzerland      **Holding Aloft the Banner of Ethiopia**

structure and men a void that explained poverty and lack of citizenship African Caribbean families appeared as the mirror opposite of the ideal family advocated by the white colonial authorities Yet contrary to this image what provided continuity in the period and contributed to survival was in fact the strength of family connections their inclusivity and support This study is based on 150 life story narratives across three generations of forty five families who originated in the former British West Indies The author focuses on the particular axes of Caribbean peoples from the former British colonies of Jamaica Trinidad and Tobago and Barbados and Great Britain Divided into four parts the chapters within each present an oral history of migrant African Caribbean families demonstrating the varieties organization and dynamics of family through their memories and narratives It traces the evolution of Caribbean life argues how the family can be seen as the tool that helps transmit and transform historical mentalities examines the dynamics of family life and makes comparisons with Indo Caribbean families Above all this is a story of families that evolved against the odds of slavery and poverty to form a distinct Creole form through which much of the social history of the English speaking Caribbean is refracted Family Love in the Diaspora offers an important new perspective on African Caribbean families their history and the problems they face for now and the future It offers a long overdue historical dimension to the debates on Caribbean families

**Health and Medicine in the circum-Caribbean, 1800-1968** Juanita De Barros, Steven Palmer, 2010-11-16 Health and medicine in colonial environments is one of the newest areas in the history of medicine but one in which the Caribbean is conspicuously absent Yet the complex and fascinating history of the Caribbean borne of the ways European colonialism combined with slavery indentureship migrant labour and plantation agriculture led to the emergence of new social and cultural forms which are especially evident the area of health and medicine The history of medical care in the Caribbean is also a history of the transfer of cultural practices from Africa and Asia the process of creolization in the African and Asian diasporas the perseverance of indigenous and popular medicine and the emergence of distinct forms of western medical professionalism science and practice This collection which covers the French Hispanic Dutch and British Caribbean explores the cultural and social domains of medical experience and considers the dynamics and tensions of power The chapters emphasize contestations over forms of medicalization and the controls of public health and address the politics of professionalization not simply as an expression of colonial power but also of the power of a local elite against colonial or neo colonial control They pay particular attention to the significance of race and gender focusing on such topics as conflicts over medical professionalization control of women s bodies and childbirth and competition between European and Indigenous healers and healing practices Employing a broad range of subjects and methodological approaches this collection constitutes the first edited volume on the history of health and medicine in the circum Caribbean region and is therefore required reading for anyone interested in the history of colonial and post colonial medicine

*Igniting the Caribbean's Past* Bonham C. Richardson, 2005-12-15 Unlike the earthquakes and hurricanes that have influenced Caribbean history the region s fires have almost always been caused by

humans Geographer Bonham C Richardson explores the effects of fire in the social and ecological history of the British Lesser Antilles from the British Virgin Islands south to Trinidad Focusing on the late nineteenth century leading to the 1905 withdrawal of British military forces from the region Richardson shows how fire lit social upheavals served as forerunners of political independence movements Drawing on Caribbean and London archives as well as years of fieldwork Richardson examines how villagers used modified and contemplated fire in part to vent their frustrations with a savage economic depression and social and political inequities imposed from afar He examines fire in all its forms from protest torches to sugarcane fires that threatened the islands economic staple Richardson illuminates a neglected period in Caribbean history by showing how local uses of fire have been catalysts and even causes of important changes in the region *Imagining Caribbean womanhood* Rochelle Rowe,2016-05-16 Over fifty years after Jamaican and Trinidadian independence *Imagining Caribbean womanhood* examines the links between beauty and politics in the Anglophone Caribbean providing a first cultural history of Caribbean beauty competitions spanning from Kingston to London It traces the origins and transformation of female beauty contests in the British Caribbean from 1929 to 1970 through the development of cultural nationalism race conscious politics and decolonisation The beauty contest a seemingly marginal phenomenon is used to illuminate the persistence of racial supremacy the advance of consumer culture and the negotiation of race and nation through the idealised performance of cultured modern beauty Modern Caribbean femininity was intended to be politically functional but also commercially viable and subtly eroticised The lively discussion surrounding beauty competitions examined in this book reveals that femininity was used to shape ideas about Caribbean modernity citizenship and political and economic freedom This cultural history of Caribbean beauty competitions will be of value to scholarship on beauty Caribbean studies postcolonial studies gender studies race and racism studies and studies of the body *The Contemporary Caribbean* Robert B. Potter,David Barker,Thomas Klak,Denis Conway,2015-07-17 This text focuses on the contemporary economic social geographical environmental and political realities of the Caribbean region Historical aspects of the Caribbean such as slavery the plantation system and plantocracy are explored in order to explain the contemporary nature of and challenges faced by the Caribbean The book is divided into three parts dealing respectively with the foundations of the Caribbean rural and urban bases of the contemporary Caribbean and global restructuring and the Caribbean industry tourism and politics A Human Necklace Moira Ferguson,2013-12-01 Argues that Paule Marshall s work collectively constitutes a multigenerational saga of the African diaspora across centuries and continents From *Brown Girl Brownstones* 1959 to *The Fisher King* 2000 Paule Marshall s novels novellas and short stories include a rich cast of unforgettable men women and children who forge spiritual as well as emotional and geographical paths toward their ancestors In this the first critical study to address all of Marshall s fiction Moira Ferguson argues that Marshall s work collectively constitutes a multigenerational saga of the African diaspora across centuries and continents In creating a space for her characters interrupted lives and those of their elders

and ancestors Ferguson argues Marshall trains a spotlight on slavery's wake and engages her fiction in the service of healing deep global wounds In sophisticated yet accessible discussions Ferguson places Marshall's work in a variety of contexts that are at the center of diasporic and postcolonial studies By producing this comprehensive examination of Marshall's fiction she captures the way in which Marshall not only writes about diasporic experiences but through the interconnected themes of her novels is crafting a diasporic saga on the subject Sharon M Harris author of *Dr Mary Walker An American Radical 1832-1919*

**A Population History of North America** Michael R. Haines, Richard H. Steckel, 2000-08-15 Professors Haines and Steckel bring together leading scholars to present an expansive population history of North America from pre-Columbian times to the present Covering the populations of Canada, the United States, Mexico, and the Caribbean including two essays on the Amerindian population, this volume takes advantage of considerable recent progress in demographic history to offer timely knowledgeable information in a non-technical format A statistical appendix summarizes basic demographic measures over time for the United States, Canada, and Mexico

**Race, War and Nationalism** Glenford D. Howe, 2002 Glenford Howe's social history of the soldiers of the British West Indies Regiment assesses the impact of World War One on West Indian history and reveals the true nature of military relations and the gradual decline in morale

**Radical Moves** Lara Putnam, 2013-01-07 In the generations after emancipation, hundreds of thousands of African-descended working-class men and women left their homes in the British Caribbean to seek opportunity abroad in the goldfields of Venezuela and the cane fields of Cuba, the canal construction in Panama, and the bustling city streets of Brooklyn But in the 1920s and 1930s, racist nativism and a brutal cascade of anti-black immigration laws swept the hemisphere Facing borders and barriers as never before, Afro-Caribbean migrants rethought allegiances of race, class, and empire In *Radical Moves*, Lara Putnam takes readers from tin-roof tropical dancehalls to the elegant black-owned ballrooms of Jazz Age Harlem to trace the roots of the black internationalist and anticolonial movements that would remake the twentieth century From Trinidad to 136th Street, these were years of great dreams and righteous demands Praying or jazzing, writing letters to the editor or letters home, Caribbean men and women tried on new ideas about the collective The popular culture of black internationalism they created from Marcus Garvey's UNIA to reggae dances, Rastafarianism, and Joe Louis's worldwide fandom still echoes in the present
