Jim Murphy, 2000 Presents a history based on personal accounts and newspaper articles of the massive snow storm that hit the Northeast in 1888 focusing on the events in New York City *The Children's Blizzard of 1888* Nel Yomtov, 2016-08-01 On January 12 1888 a sudden blizzard barreled across Iowa Minnesota Nebraska and the Dakota Territory Blinding snow and howling wind took rural towns by surprise Many children were stranded in one room schoolhouses Far from their homes on the Midwestern prairie would the people caught in the storm survive To understand the impact of a disaster you must understand its causes How did warm weather earlier in the day give people a false sense of safety How did the lack of an accurate forecast contribute to the severity of the disaster Investigate the disaster from a cause and effect perspective and find out

Woods, Michael Woods, 2008-01-01 A winter snowfall can be beautiful But if conditions call for dense snow freezing temperatures and bone chilling wind you are in for a dangerous blizzard These blinding swirling storms can shut down roads and damage buildings Violent winds can thrash vehicles driving on icy roads Snowdrifts can pile up to block streets or even cover houses Blizzards can knock out power and threaten the lives of people stranded inside for days or worse those caught outside in the storm With dramatic images and first hand survivor stories plus the latest facts and figures this book shows you blizzard disasters up close **New York in the Blizzard**, 1888 *The Children's Blizzard* David Laskin, 2004 The gripping story of an epic prairie snowstorm that killed hundreds of newly arrived settlers and cast a shadow on the promise of the American frontier January 12 1888 began as an unseasonably warm morning across Nebraska the Dakotas and Minnesota the weather so mild that children walked to school without coats and gloves But that afternoon without warning the atmosphere suddenly violently changed One moment the air was calm the next the sky exploded in a raging chaos of horizontal snow and hurricane force winds Temperatures plunged as an unprecedented cold front ripped through the center of the continent By Friday morning January 13 some five hundred people lay dead on the

drifted prairie many of them children who had perished on their way home from country schools In a few terrifying hours the hopes of the pioneers had been blasted by the bitter realities of their harsh environment Recent immigrants from Germany Norway Denmark and the Ukraine learned that their free homestead was not a paradise but a hard unforgiving place governed by natural forces they neither understood nor controlled With the storm as its dramatic heartbreaking focal point The Children s Blizzard captures this pivotal moment in American history by tracing the stories of five families who were forever changed that day Drawing on family interviews and memoirs as well as hundreds of contemporary accounts David Laskin creates an intimate picture of the men women and children who made choices they would regret as long as they lived Here too is a meticulous account of the evolution of the storm and the vain struggle of government forecasters to track its progress The blizzard of January 12 1888 is still remembered on the prairie Children fled that day while their teachers screamed into the relentless roar Husbands staggered into the blinding wind in search of wives Fathers collapsed while trying to drag their children to safety In telling the story of this meteorological catastrophe the deadliest blizzard ever to hit the prairie states David Laskin has produced a masterful portrait of a tragic crucible in the settlement of the American heartland

Jacqueline A. Ball,2005 Describes the blizzard known as the White Hurricane and discusses the changes brought about for safer living including better sanitation efforts underground electrical and telephone wires and the development of the subway system
