

ELEMENTS OF PANTHEISM

A Spirituality of Nature
and the Universe
Third edition

Richard Dawkins has called pantheism "sexed-up atheism." At the heart of modern scientific pantheism is reverence for Nature and the Universe. It offers a challenging alternative, beyond theism and atheism, with a joyful approach to our lives and a caring concern for all life on this earth. Pantheism is a 2,500 year-old belief system espoused by many famous thinkers and artists including Lao Tzu, Heraclitus, Spinoza, Wordsworth, Whitman, Emerson, Eliot and Carl Sagan.

Today pantheism is seeing a revival as the underlying world view of many environmentalists, of leading scientists, of nature-revering pagans, and of non-theists looking for a more embracing perspective. This accessible and authoritative handbook is the only available introduction to the history, theory and practice of pantheism.

Olson,2013-11-01 In this major revision and expansion of the

classic 20th Century Theology 1992 coauthored with Stanley J Grenz Roger Olson tells the full story of modern theology from Descartes to Caputo from the Kantian revolution to postmodernism now recast in terms of how theologians have accommodated or rejected modernity **Systematic Theology** Charles Hodge,1871 **Systematic Theology** John Miley,1892 **Recent Religious Psychology** Albert Rudolph Uren,1928 *Jürgen Moltmann and Evangelical Theology* Sung Wook Chung,2012-04-23 Jürgen Moltmann is now regarded as one of the most influential theologians since Karl Barth However evangelical engagement with Moltmann has been hesitant and deficient This book fills the gap Ten respected evangelical theologians engage with Moltmann s theology in a mature dynamic and critical manner seeking to appropriate from it in a discerning manner The contributors include Sung Wook Chung Kurt Anders Richardson Veli Matti Karkainen Stephen N Williams and Timothy Bradshaw This book is an excellent demonstration of intellectual confidence and respectability of robust evangelical theology *Comparative Theology and the Problem of Religious Rivalry* Hugh Nicholson,2011-04-08 In theological discourse argues Hugh Nicholson the political goes all the way down One never reaches a bedrock level of politically neutral religious facts because all theological discourse even the most sublime edifying and spiritual is shot through with polemical elements Liberal theologies from the Christian fulfillment theology of the nineteenth century to the pluralist theology of the twentieth have assumed that religious writings attain spiritual truth and sublimity despite any polemical elements they might contain Through his analysis and comparison of the Christian mystical theologian Meister Eckhart and his Hindu counterpart aSkara Nicholson arrives at a very different conclusion Polemical elements may in fact constitute the creative source of the expressive power of religious discourses Wayne Proudfoot has argued that mystical discourses embody a set of rules that repel any determinate understanding of the ineffable object or experience they purport to describe In *Comparative Theology and the Problem of Religious Rivalry* Nicholson suggests that this principle of negation is connected perhaps through a process of abstraction and sublimation with the need to distinguish oneself from one s intra and or inter religious adversaries Nicholson proposes a new model of comparative theology that recognizes and confronts one of the most urgent cultural and political issues of our time namely the return of the political in the form of anti secular and fundamentalist movements around the world This model acknowledges the ineradicable nature of an oppositional dimension of religious discourse while honoring and even advancing the liberal project of curtailing intolerance and prejudice in the sphere of religion **Pollution and the Death of Man** Francis A. Schaeffer,2022-03-21 Francis A Schaeffer s Timeless Assessment of a Modern Ecological Crisis From the time of creation God placed the earth in our care Since then humans have had a strained relationship with the ecosystem We have often misused resources and polluted the water air and land But if God s plan for redemption includes the earth we must be good stewards of his creation now With environmental threats increasing how should Christians respond This classic work by Francis A Schaeffer looks at modern ecological crises through the lens of theology and Scripture Renowned for his work in applied philosophy and theology Schaeffer answers

serious philosophical questions about creation and ecology He concludes that we must return to a profoundly and radically biblical understanding of God's relationship to the earth and of our divine mandate to exercise godly dominion over it A Christian Classic Written by renowned philosopher Francis A Schaeffer Cultural Analysis from a Biblical Perspective Looks at modern ecological threats through the lens of theology and Scripture Educational Includes appendices on The Historical Roots of Our Ecologic Crisis by the late American historian Lynn White Jr and Why Worry About Nature by the late sociologist Richard L Means
