God, Honor, Fatherland Thomas McGuirl, Remy Spezzano, 1997 Panzergrenadier Division Grossdeutschland was one of Germany's most celebrated military formations of the Second World War Formed in 1942 by the expansion of Infantry Regiment motorized Grossdeutschland the new division quickly earned its reputation on the Eastern Front of being the elite of the German Army Twice the size of most other divisions it was an immensely powerful and hard hitting mechanized formation that cut a large swath through the Red Army whether in the attack or on the defense Its carefully selected officer and non commissioned officer corps ensured that no matter what the odds the division would always give a good account of itself in battle and would possess an esprit de corps enjoyed by few other comparable divisions including those of the Waffen SS The thousands of volunteers from every land and province in Germany who fought and died while serving in the ranks of Panzergrenadier Division Grossdeutschland represented a cross section of German society a radical departure from the manner in which most German divisions of the era were created Now for the first time the faces of these men at rest and in battle can be seen through the images gleaned from hundreds of photographs taken by the division's war correspondents or Kriegsberichters This outstanding selection of photographs which until recently remained unseen for decades in a European archive have been recovered and painstakingly researched by authors Remy Spezzano and Thomas McGuirl Together with the assistance of the division's Veterans association they identified hundreds of men living and dead as well as dozens of combat vehicles items of equipment and specific engagements the division took part in from April 1942 to September 1944 Accompanied by a detailed narrative that ties each of the photos within the context of the war on the Eastern Front *God Honor Fatherland* represents a milestone in the study of the war in the East and shows the face of the German soldier as he has never been shown before *Grossdeutschland Division 1937-45* Michael Manning, 2013-01-12 Grossdeutschland Division the premier German WW2 formation fought on the Eastern Front from 1941 45 with campaigns against the Red Army at Moscow Rzhev Dnieper Kursk Belgorod East Prussia Memel and Pillau where the Division was decimated **The History of the Panzerkorps Grossdeutschland** Helmuth Spaeter, 1992 Denne enhed spillede ogs en rolle ved attentatet p Hitler den 20 juli 1944 Panserkorps Grossdeutschland fik navn efter de ovenn vnte stamenheder Korpset blev oprettet

The 'Grossdeutschland' Division in World War II James F. Slaughter,2024-02-15 Investigates the history and evolving appearance of the Grossdeutschland Division the German Army's premier combat unit during World War II Featuring eight pages of original artwork and carefully chosen photographs depicting personalities uniforms insignia and personal equipment this is the absorbing story of the German Army's elite fire brigade during 1939 45 The unit began its life as an elite guard detachment expanded to regimental size in 1939 it saw action in France in 1940 and Yugoslavia in 1941 before participating in the Axis invasion of the Soviet Union Reinforced to divisional status Grossdeutschland fought on the Eastern Front in 1942 44 notably at Rzhev in late 1942 and Kharkov in early 1943 Refitted and redesignated a Panzergrenadier Division Grossdeutschland played a key role in the battle of Kursk in July 1943 before acting as the Wehrmacht's fire brigade in 1943 44 In late 1944 Grossdeutschland was expanded to Panzerkorps status with Panzergrenadier Division Brandenburg also taking the field Further units joined the order of battle the F hrerbegleit Brigade fighting in the Ardennes in 1944 45 before also being redesignated a division All of these campaigns are covered in this book which charts the evolving appearance of this elite formation over nearly six years of brutal warfare *The Combat History of the 23rd Panzer Division in World War II* Ernst Rebentisch,2012-03-21 Complete history of a German tank division that fought exclusively on the Eastern Front *German Order of Battle: Panzer, Panzer Grenadier, and Waffen SS divisions in World War II* Samuel W. Mitcham,2007 Narrative histories highlighting organization combat experiences and casualties of each division Lists of constituent units and division commanders Sources for further reading on each division The final volume of Samuel Mitcham's trilogy on the German Army in World War II focuses on panzer panzer grenadier motorized and Waffen SS divisions Among these units are the 1st SS Leibstandarte Adolf Hitler Division whose members included tank ace Michael Wittmann the notorious 12th SS Hitler Youth Division that fought the Allies in Normandy the 3rd SS Totenkopf Division that wreaked havoc on the Eastern Front and the panzer divisions that spearheaded the German blitzkrieg in the East and West Hitler's Tanks Chris McNab,2020-02-20 A fully illustrated and expertly researched guide to the tanks of Hitler's formidable war machine The Panzers that rolled over Europe were Germany's most famous fighting force and are some of the most enduring symbols of World War II However at the start of the war Germany's tanks were nothing extraordinary and it was operational encounters such as facing the Soviet T 34 during Operation Barbarossa which prompted their intensive development Tactical innovation gave them an edge where technological development had not making Hitler's tanks a formidable enemy Hitler's Tanks details the development and operational history of the light Panzer I and II developed in the 1930s the medium tanks that were the backbone of the Panzer Divisions the Tiger and the formidable King

Tiger the heaviest tank to see combat in World War II Drawing on Osprey's unique and extensive armour archive Chris McNab skilfully weaves together the story of the fearsome tanks that transformed armoured warfare and revolutionised land warfare forever German Army Elite Units 1939-45 Gordon Williamson,2012-03-20 In World War II a number of German Army units and divisions were classed as elites and were distinguished by special insignia of various kinds For some this status was simply a matter of lineage e.g. the Infantry Regiment List which traced its identity to the Bavarian unit with which Hitler had served in World War I Some like the Grossdeutschland and Panzer Lehr divisions were raised from particularly high grade personnel Other titles honoured extraordinary battlefield exploits or heroic sacrifice like the Brandenburg and Hoch und Deutschmeister divisions This fact packed introduction to these famous units is illustrated with rare photographs and detailed colour plates German Ground Forces of World War II William T. McCroden,Thomas E. Nutter,2019-05-09 A groundbreaking and comprehensive order of battle for German ground troops in WWII from the invasion of Poland to the final defeat in Berlin An indispensable reference work for Second World War scholars and enthusiasts German Ground Forces of World War II captures the continuously changing character of Nazi ground forces throughout the conflict For the first time readers can follow the career of every German division corps army and army group as the German armed forces shifted units to and from theaters of war Organized by sections including Theater Commands Army Groups Armies and Corps Commands it presents a detailed analysis of each corresponding order of battle for every German field formation above division This innovative resource also describes the orders of battle of the myriad German and Axis satellite formations assigned to security commands throughout occupied Europe and the combat zones as well as those attached to fortress commands and to the commanders of German occupation forces across Europe An accompanying narrative describes the career of each field formation and includes the background and experience of many of their most famous commanding officers *The Eastern Front, 1941-45, German Troops and the Barbarisation of Warfare* O. Bartov,2001-07-30 Based largely upon unpublished sources Omer Bartov's study looks closely at the background of the German army on the Eastern Front during the Second World War He describes the physical hardship the discipline and morale at the front and analyses the social educational and political background of the junior officers who formed the backbone of the German army Only with these factors in mind together with the knowledge of the extent of National Socialist indoctrination can we begin to explain the criminal activities of the German army in Russia and the extent of involvement of the army in the execution of Hitler's brutal policies **Hitler's Panzers** Anthony Tucker-Jones,2020-02-05 Anthony Tucker Jones traces the evolution of the panzers from their modest beginnings to the most powerful German tanks used in World War II Often it is assumed that Hitler's panzers stormed into action perfectly formed driving through the armies of the Poles in 1939 and the French in 1940 and defeating them The dramatic blitzkrieg victories won by the Wehrmacht early in the Second World War in which the panzers played a leading role tend to confirm this impression But as Anthony Tucker Jones demonstrates in this illustrated

comprehensive and revealing history of the panzers this is far from the truth As armored fighting vehicles the early panzers were no better than sometimes inferior to those of their opponents but their tactics rather than their technology gave them an advantage Later on German tank designers developed technically superior tanks but these could not be built fast enough or in sufficient numbers For all their excellence they were overwhelmed by the American Shermans and Soviet T 34s that were produced in their tens of thousands This is the story Anthony Tucker Jones relates as he traces the evolution of the panzers from the modest beginnings in the 1930s to the Panzer IVs Panthers and Tigers which were the most formidable German tanks of the war Not only does he cover their design and production history he also assesses their combat performance and gives a fascinating insight into the decision making at the highest level which directed German tank design

Panzers Forward Robert Edwards,2018-10-01 Panzers Forward collects photos of all varieties of German armor from the smaller tanks of the early war to the gigantic Tigers that came later on all fronts North Africa Sicily and Italy France and of course the Eastern Front Written by a trio of experts who have lived and breathed panzers for decades the captions identify vehicles as well as their location and units explain markings and camouflage and give background information on the vehicles and their battles

Mortar Gunner on the Eastern Front Volume II Hans Heinz Rehfeldt,2019-10-30 This second volume of a Nazi soldier s WWII diary continues the chronicle of his experiences on the Eastern Front A member of the Hitler Youth before the outbreak of World War II Hans Heinz Rehfeldt volunteered for the Grossdeutschland s panzer arm in 1940 and fought with them for nearly the entire war He was decorated with the Iron Cross First and Second Class the Eastern Front Medal the Close Combat Clasp and the Infantry Assault Badge His diaries offer a historically significant chronicle of German military actions on the Eastern Front as well as a rare look inside the mind of a committed Nazi soldier This second volume of Rehfeldt s wartime diary covers his experience as a platoon commander in Romania East Prussia and Lithuania during 1944 After being transferred by ship from Memel to Königsberg later that year he took part in the battles for Ostpreussen Fleeing Russian imprisonment he traveled west where he fell into American captivity on May 3rd 1945 In July he was released and returned home
