Plachno, 2015-05-02 This book is a humor book intended to make you smile It is set an undisclosed distance in the future in the USA in order to try and not conflict with any political parties or people or issues of today In this future USA the political parties are now the Bulls and the Bears And for the sake of humor they are even more extreme than today and to say the least do not get along But fortunately the rules for becoming a US president are now easier A very nice man and his family had just emigrated to the US from Asia India in particular and this nice man and his family wish to help out their new country the US And so Rajak Gandhi Patel the 35th manages to become president But can he deal with the craziness he sees Is the family really prepared for what they find Will anyone help him I realize that a person could ask me the author if I have any political bent in this book And that answer would be no I do not belong to any political party I do not even go to all birthday parties that I am invited to And more to the point I made both parties so extreme that I certainly would not want to belong to either of these parties and my guess is that the reader will feel the same way But that is getting too serious The purpose of this book is simply humor And my goal is to make you smile If this book has any point at all other than humor it might be the good that just a few good
