an active campaign The Squadron played a significant role in the Punitive Expedition but in dramatic contrast to how an air force functions today it served as a means of communication and observation not as a combatant arm Originally published by the Air Force History and Museums Program Proceedings ... of the State Historical Society of Wisconsin State Historical Society of Wisconsin,1921 Civil War Cavalry Earl J. Hess,2025-08-13 The Civil War produced the largest cavalry force ever raised in American history In Civil War Cavalry Earl J Hess examines that force comprehensively and from new perspectives challenging standard views of the war s mounted arm Hess surveys the organization training administration arming and mounting of cavalry units and examines mounted troops tactical formations and maneuvers He addresses the nature of cavalry operations discussing the mounted charge dismounted fighting long distance raids the varied types of weapons used by troopers and the difficulty of supplying horses Hess also brings concepts from the burgeoning field of animal history to argue that cavalry mounts exercised a degree of agency in shaping their role in the large military machine Civil War Cavalry is a sweeping and innovative history establishing a new criterion for understanding how Americans waged mounted warfare in the mid nineteenth century Allies at War Tim Bouverie,2025-06-10 A revelatory The Guardian political history of World War II that opens a window onto the difficulties of holding together the coalition that ultimately defeated Hitler by the critically acclaimed author of Appeasement A fine reassessment of Allied politics and diplomacy during the Second World War impeccably researched elegantly written and compellingly argued The Times UK After the fall of France in June 1940 all that stood between Adolf Hitler and total victory was a narrow stretch of water and the defiance of the British people Desperate for allies Winston Churchill did everything he could to bring the United States into the conflict drive the Soviet Union and Nazi Germany apart and persuade neutral countries to resist German domination By early 1942 after the German invasion of Russia and the Japanese attack on Pearl Harbor the British Soviet American alliance was in place Yet it was an improbable and incongruous coalition divided by ideology and politics and riven with mistrust and deceit Churchill Franklin D Roosevelt and Joseph Stalin were partners in the fight to defeat Hitler but they were also rivals who disagreed on strategy imperialism and the future of liberated Europe Only by looking at their areas of conflict as well as cooperation are we able to understand the course of the war and world that developed in its aftermath Allies at War is a fast paced narrative history based on material drawn from more than a hundred archives Using vivid firsthand accounts and unpublished diaries Bouverie invites readers into the rooms where the critical decisions were made and goes beyond the confines of the Grand Alliance to examine among other topics the doomed Anglo French partnership and fractious relations with General Charles de Gaulle and the Free French and interactions with Poland Greece Francoist Spain and neutral Ireland Yugoslavia and Nationalist China Ambitious and compelling revealing the political drama behind the military events Allies at War offers a fresh perspective on the Second World War and the origins of the Cold War War, State, and Society in Mid-Eighteenth-Century Britain and Ireland Stephen Conway,2006-01-05 The middle of the 18th century was a period of
