that legally mandated segregation of public schools was unconstitutional the Brown decision demolished the southerners argument Mitchell then launched the decisive stage of the struggle to pass modern civil rights laws The passage of the Civil Rights Act of 1957 was the first comprehensive lobbying campaign by an organization dedicated to that purpose since Reconstruction Coming on the heels of the Brown decision the 1957 law was a turning point in the struggle to accord Black citizens full equality under the Constitution The act s passage however was nearly derailed in the Senate by southern opposition and Senator Strom Thurmond s record setting filibuster which lasted more than twenty four hours Congress later weakened several provisions of the act but crucially it broke a psychological barrier to the legislative enactment of such measures The Papers of Clarence Mitchell Jr is a detailed record of the NAACP leader s success in bringing the legislative branch together with the judicial and executive branches to provide civil rights protections during the twentieth century

Goluboff, 2010-03-30 By uncovering the challenges workers and their lawyers launched against Jim Crow in the 1940s when civil rights were legally conceptually and constitutionally up for grabs Goluboff shows how Brown v Board of Education only partially fulfilled the lost promise of civil rights Papers of the NAACP National Association for the Advancement of Colored People, 1982

Racial Integration in Corporate America, 1940-1990 Jennifer Delton, 2009-09-21 In the space of about thirty years from 1964 to 1994 American corporations abandoned racially exclusionary employment policies and embraced some form of affirmative action to diversify their workforces It was an extraordinary transformation which most historians attribute to civil rights activists federal legislation and labor unions This is the first book to examine the role of corporations in that transformation Whereas others emphasize corporate obstruction this book argues that there were corporate executives and managers who promoted fair employment and equal employment opportunity long before the federal government required it and who thereby helped prepare the corporate world for racial integration The book examines the pioneering corporations that experimented with integration in the 1940s and 1950s as well as corporate responses to the civil rights movement and urban crisis in the 1960s and 1970s and the widespread adoption of affirmative action in the 1980s and 1990s
