Papyri Bodleianae 1:

Papyri Bodleianae I R.P. Salomons, 2023-10-16 This book consists of three parts 1 A full edition of 53 unpublished biblical and documentary papyri taken from the stock mentioned in part 3 2 Descripta In this part only a description of the physical condition of the papyrus and a transcription of the text together with short notes are given of all those fragments that may be expected to yield more results on a closer inspection and study or after some restoration of the papyrus in question 3 A catalogue or short description of the papyrological stock of the Bodleian Library in Oxford including the biblical the literary and documentary Greek and Latin papyri in strict shelf mark order **Lexicon of Jewish Names in Late**

Antiquity Tal Ilan, Thomas Ziem, 2002 In this lexicon Tal Ilan collects all the information on names of Jews in lands west of Palestine in which Greek and Latin was spoken and on the people who bore them between 330 BCE a date which marks the Hellenistic conquest of East and 650 CE approximately the date when the Muslim conquest of East and the southern Mediterranean basin was completed The corpus includes names from literary sources but those mentioned in epigraphic and papyrological documents form the vast majority of the database This lexicon is an onomasticon in as far as it is a collection of all the recorded names used by the Jews of the western Diaspora in the above mentioned period Tal Ilan discusses the provenance of the names and explains them etymologically given the many possible sources of influence for the names at that time In addition she shows the division between the use of biblical names and the use of Greek Latin and other foreign names and points out the most popular names This book is also a prosopography since Ilan analyzes the identity of the persons mentioned therein The lexicon is accompanied by a lengthy and comprehensive introduction that scrutinizes the main trends in name giving current at the time A large part of it is devoted to the question of how one can identify a Jew in a mostly non Jewish society **Latin Loanwords in Ancient Greek** Eleanor Dickey, 2023-06-15 Why when and how did speakers of

ancient Greek borrow words from Latin Which words did they borrow Who used Latin loanwords and how Who avoided them and why How many words were borrowed and what kind of word How long did the loanwords survive Until now attempts to answer such questions have been based on incomplete and often misleading evidence but this study offers the first comprehensive collection of evidence from papyri inscriptions and literature from the fifth century BC to the sixth century AD That collection included in the book as a lexicon of Latin loanwords is examined using insights from linguistic work on modern languages to provide new answers that often differ strikingly from earlier ones The analysis is accessibly presented and the lexicon offers a firm foundation for future work in this area **Slavery in the Late Roman World, AD 275-425** Kyle Harper, 2011-05-12 Capitalizing on the rich historical record of late antiquity and employing sophisticated methodologies from social and economic history this book reinterprets the end of Roman slavery Kyle Harper challenges traditional interpretations of a transition from antiquity to the Middle Ages arguing instead that a deep divide runs through late antiquity separating the Roman slave system from its early medieval successors In the process he covers the economic social

and institutional dimensions of ancient slavery and presents the most comprehensive analytical treatment of a pre modern slave system now available By scouring the late antique record he has uncovered a wealth of new material providing fresh insights into the ancient slave system including slavery s role in agriculture and textile production its relation to sexual exploitation and the dynamics of social honor By demonstrating the vitality of slavery into the later Roman empire the author shows that Christianity triumphed amidst a genuine slave society

DGE 12 Francisco Rodríguez Adrados,Elvira Gangutia Elícegui,Consejo Superior de Investigaciones Científicas (Spain),2008 *Checklist of Editions of Greek, Latin, Demotic, and Coptic Papyri, Ostraca, and Tablets* John F. Oates,2001 The primary purpose of the Checklist is to provide for scholars and librarians a ready bibliography of all monographic volumes both current and out of print of Greek Latin Demotic and Coptic texts on papyrus parchment ostraca or wood tablets A secondary purpose of the original checklist first published in 1974 was to establish a standard list of abbreviations for editions of Greek texts Now this has been largely achieved this edition aims to expand standardized abbreviations to cover Coptic and Demotic material In general this volume offers more complete coverage of Demotic material than ever attempted before it is especially valuable since this is a growing area of study that lacks bibliographic resources and standard notations

Studia Amstelodamensia Ad Epigraphicam, Ius Antiquum Et Papyrologicam Pertinentia ,1996 Ptolemaic and Early Roman Egypt John S. Kloppenborg, 2020-08-10 Private associations organized around a common cult occupation ethnic identity neighborhood or family were among the principal means of organizing social and economic life in the ancient Mediterranean. They offered opportunities for sociability cultic activities mutual support and contexts in which to display and recognize virtuous achievement. This volume collects 140 inscriptions and papyri from Ptolemaic and early Roman Egypt along with translations notes commentary and analytic indices. The dossier of association related documents substantially enhances our knowledge of the extent activities and importance of private associations in the ancient Mediterranean since papyri unavailable from most other locations in the Mediterranean preserve a much wider range of data than epigraphical monuments. The dossier from Egypt includes not only honorific decrees membership lists bylaws dedications and funerary monuments but monthly accounts of expenditures and income correspondence between guild secretaries and local officials price and tax declarations records of legal actions concerning associations loan documents petitions to local authorities about associations letters of resignation and many other papyrological genres. These documents provide a highly variegated picture of the governance structures and practices of associations membership sizes and profiles and forms of interaction with the State *DGE* Francisco Rodríguez Adrados, Elvira Gangutia Elícegui, 1986 Esta obra es fruto de un proyecto llevado a cabo por el Consejo Superior de Investigaciones Científicas en el año 1962 para redactar en unión de un grupo de colaboradores un Diccionario Griego Español DGE que superara en amplitud a los diccionarios existentes y tuviera en cuenta el estado actual de nuestros conocimientos sobre la Literatura griega y la ciencia lexicográfica. Los objetivos primeros eran más modestos que los que actualmente tiene planteado el equipo del diccionario y que debido al disponer de un equipo más numeroso se ha planteado una meta más alta. Los objetivos actuales no son solo hacer un diccionario más pensado solo para los helenistas de lengua española sino dar un paso adelante en la lexicografía griega y hacer una obra destinada también al público de otros países **Miscellaneous Texts from the Judaean Desert** James H.
