Par Ici Les Souris

Emile Blémont, Henry Carnoy

Par Ici Les Souris:

Alice around the World : The multilingual edition of Lewis Carroll's Alice's Adventures in Wonderland (English - French - German - Italian) Lewis Carroll, 2017-01-18 Lewis Carroll's classics around the World is proud to present with this edition the first multilingual edition of the 1865 Lewis Carroll's masterpiece for the first time available in four languages English French German Italian This edition includes the unabridged versions of 1 Alice's Adventures in Wonderland English 2 Les Aventures d'Alice au pays des merveilles French 3 Alices Abenteuer im Wunderland German 4 L'Avventura di Alice nel Paese delle Meraviglie Italian Alice's Adventures in Wonderland commonly shortened to Alice in Wonderland is an 1865 novel written by English mathematician Charles Lutwidge Dodgson under the pseudonym Lewis Carroll It tells of a girl named Alice falling through a rabbit hole into a fantasy world populated by peculiar anthropomorphic creatures The tale plays with logic giving the story lasting popularity with adults as well as with children It is considered to be one of the best examples of the literary nonsense genre Its narrative course and structure characters and imagery have been enormously influential in both popular culture and literature especially in the fantasy genre Dodgson's tale was published in 1865 as Alice's Adventures in Wonderland by Lewis Carroll with illustrations by John Tenniel The first print run of 2 000 was held back because Tenniel objected to the print quality A new edition was quickly printed released in December of the same year but carrying an 1866 date The text blocks of the original edition were removed from the binding and sold with Dodgson's permission to the New York publishing house of D Appleton Company The binding for the Appleton Alice was virtually identical to the 1866 Macmillan Alice except for the publisher's name at the foot of the spine The title page of the Appleton Alice was an insert cancelling the original Macmillan title page of 1865 and bearing the New York publisher's imprint and the date 1866 The entire print run sold out quickly Alice was a publishing sensation beloved by children and adults alike Among its first avid readers were Queen Victoria and the young Oscar Wilde The book has never been out of print Alice's Adventures in Wonderland has been translated into at least 174 languages

Le catalogue de la chanson folklorique française Conrad Laforte, 1977 **La Tradition**, 1902 **La distinction entre noms massifs et noms comptables** David Nicolas, 2002 Cet ouvrage est consacré à l'étude de la distinction linguistique entre noms massifs (lait, mobilier, désordre, amour) et noms comptables (chat, équipe, combat, chose). Les premiers sont normalement invariables tandis que les seconds s'emploient librement au singulier et au pluriel. Après avoir établi qu'il s'agit bien d'une distinction morpho-syntaxique, l'ouvrage discute la possibilité de caractériser sémantiquement cette distinction. Les recherches existantes ne tiennent compte essentiellement que des noms s'appliquant au domaine matériel. Ce travail, au contraire, examine en détail aussi bien les noms concrets qu'abstraits. Il propose de redéfinir les propriétés souvent attribuées aux noms massifs (références distributive et cumulative) grâce notamment à une nouvelle notion de partie. Concernant les noms comptables, il montre qu'aucune propriété purement sémantique n'est nécessaire pour qu'un nom soit de ce type. L'ouvrage se termine par

l analyse des conversions emplois massifs des noms comptables et vice versa et du role qu y jouent les facteurs pragmatiques
