The Caribbean

A man and a woman are shown in a romantic embrace on a beach. The woman, on the left, is wearing a blue and white floral off-the-shoulder top. The man, on the right, is wearing a white short-sleeved shirt with a blue and black pattern. They are both looking towards the camera. The background features a vibrant sunset over the ocean, with a palm tree frond visible in the upper left corner. The sky is a mix of orange, pink, and purple.

Written by scholars of various disciplines the essays in this volume dig beneath the veneer of Hawai i s myth as a melting pot paradise to uncover historical and complicated cross racial dynamics Race is not the primary paradigm through which Hawai i is understood Instead ethnic difference is celebrated as a sign of multicultural globalism that designates Hawai i as the crossroads of the Pacific Racial inequality is disruptive to the tourist image of the islands It ruptures the image of tolerance diversity and happiness upon which tourism business and so many other vested transnational interests in the islands are based The contributors of this interdisciplinary volume reconsider Hawai i as a model of ethnic and multiracial harmony through the lens of race in their analysis of historical events group relations and individual experiences and humor among other focal points Beyond Ethnicity examines the dynamics between race ethnicity and indigeneity to challenge the primacy of ethnicity and cultural practices for examining difference in Hawai i while recognizing the significant role of settler colonialism This original and thought provoking volume reveals what a racial analysis illuminates about the current political configuration of the islands and in doing so challenges how we conceptualize race on the continent Recognizing the ways that Native Hawaiians or K naka Maoli are impacted by shifting violent and hierarchical colonial structures that include racial inequalities the editors and contributors explore questions of personhood and citizenship through language land labor and embodiment By admitting to these tensions and ambivalences the editors set the pace and tempo of powerfully argued essays that engage with the various ways that K naka Maoli and the influx of differentially racialized settlers continue to shift the social political and cultural terrains of the Hawaiian Islands over time White Lens on Brown Skin Matthew B.

Locey, 2023-02-21 From the earliest accounts of contact with Europeans Polynesians have been perceived as sensual and sexual beings By the late 1800s publications lectures and stage plays about the Pacific became popular across Europe and often contained exotic and erotic components This book details the fusion of truth and fiction in the representation of Pacific Islanders focusing on the sexualization of Polynesians in American cinema and other forms of mass communications and commercial entertainment With messaging almost subliminal to American audiences the Hollywood media machine produced hundreds of tropical film titles with images of revealing grass skirts scanty sarongs female toplessness and glistening exposed male pectorals This critical filmography demonstrates how the concept of sex sells especially when applied on a

large scale shaped American social views on Polynesian people and their culture Chapters document this phenomenon and an annotated filmography of sexualized tropes and several appendices conclude the book including a glossary of Polynesian terms and a film index
