**The Unconscious Civilization** John Ralston Saul, 1999-05 John Ralston Saul argues that while Fascism was defeated in World War II its corporatist doctrines powerfully influence our own society today Saul explores how these corporatist priorities have now become so woven into our social fabric that they threaten the practice of Western democracy Our civic order Saul argues has been remade to serve the needs of business managers and technocrats In turn other parts of society have come to mimic this arrangement as they themselves fracture into competing interest groups and ethnic blocs virtually eliminating the role of the citizen This largely unseen social order has deep and vexing roots in Western thought Saul examines how this structure is bolstered today by political and intellectual charlatans who misleadingly describe it as a common sense arrangement rather than what it is an insidious war of attrition against the individual as citizen and the delicate system of open dialogue and doubt that alone guarantees the future of democracy

**Bibliography of Robertson Davies** Carl Spadoni, Judith Skelton Grant, 2014-08-01 Robertson Davies 1913 1995 one of Canada s most distinguished authors of the twentieth century was known for his work as a novelist playwright critic journalist and professor This descriptive bibliography is dedicated to his writing career covering all publications from his first venture into print at the age of nine to works published posthumously to 2011 Entries include each of Davies signed publications and those pseudonymous or anonymous writings he acknowledged having written Included are his plays novels journalism academic writing translations interviews speeches lectures unsigned articles and editorials films audio recordings and multimedia editions Also listed is a generous sampling of unsigned articles and editorials Using Davies archives and the archives of other authors organizations and publishers Carl Spadoni and Judith Skelton Grant present A Bibliography of Robertson Davies to serve the research demands of Canadian literature and book history scholars **John Ralston Saul Reimagines Canada (4-Book Bundle)** John Ralston Saul, 2017-05-16 Canada has no greater interpreter and champion than John Ralston Saul who for years has been challenging our common notions of Canada These four books examine our history and myths our relationships and modern reality and together brilliantly portray a unique and remarkable country Reflections of a Siamese Twin In Reflections of a Siamese Twin Saul turns his eye to an examination of Canada itself Caught up in crises political economic and social Canada continues to flounder unable to solve or even really identify its problems Instead we assert absolute differences between ourselves we are English or we are French Natives or Europeans early immigrants or newly arrived from the east or from the west Or we bow to ideologies and deny all differences in the name of nationalism unity or equality In a startling exercise in reorientation John Ralston Saul makes sense of Canadian myths real false denied and reconciles them with the reality of today s politics culture and economics A Fair Country In this startlingly original vision of Canada John Ralston Saul argues that Canada is a M tis nation heavily influenced and shaped by Aboriginal ideas Egalitarianism a proper balance between individual and group and a penchant for negotiation over violence are all Aboriginal values that Canada absorbed An obstacle to our progress Saul argues is that Canada has an increasingly ineffective elite a colonial non intellectual business elite that doesn t believe in Canada It is critical that we recognize these aspects of the country in order to rethink its future The Comeback Historic moments are always uncomfortable Saul writes in this

impassioned argument calling on all of us to embrace and support the comeback of Aboriginal peoples This he says is the great issue of our time the most important missing piece in the building of Canada The events that began late in 2012 with the Idle No More movement were not just a rough patch in Aboriginal relations with the rest of Canada What is happening between Aboriginals and non Aboriginals is not about guilt or sympathy or failure or romanticization of the past It is about citizens rights It is about rebuilding relationships that were central to the creation of Canada These relationships are just as important to its continued existence Wide in scope but piercing in detail The Comeback presents a powerful portrait of modern Aboriginal life in Canada illustrated by a remarkable selection of letters speeches and writings by Aboriginal leaders and thinkers showcasing the extraordinarily rich moving and stable indigenous point of view across the centuries Louis Hippolyte LaFontaine and Robert Baldwin Here Saul argues that modern Canada did not begin in 1867 rather its foundation was laid years earlier by two visionary men Louis Hippolyte LaFontaine and Robert Baldwin Opposites in temperament and driven by intense experiences of love and tragedy together they developed principles and programs that would help unite the country After the 1841 union the two leaders of Lower and Upper Canada worked to create a reformist movement for responsible government run by elected citizens instead of a colonial governor During the Great Ministry of 1848 to 1851 despite violent opposition they set about creating a more equitable nation They revamped judicial institutions established a public education system made bilingualism official and designed a network of public roads Writing with verve and deep convictions Saul restores these two extraordinary Canadians to rightful prominence *The Unconscious Civilization* John Ralston Saul, 2005 Governor General's Award Winner Tenth Anniversary Edition with a new preface Our society John Ralston Saul argues in his 1995 CBC Massey Lectures is only superficially based on the individual and democracy Increasingly it is conformist and corporatist a society in which legitimacy lies with specialist or interest groups and decisions are made through constant negotiations between these groups The paradox of our situation is that knowledge has not made us conscious Instead we have sought refuge in a world of illusion where language is cut off from reality Reconnecting language to reality clarifying what we mean by individualism and democracy making these realities central to the citizen's life identifying ideologies in order to control them these are among the first elements of equilibrium which Saul proposes in these lectures **The Confessions of an English Opium-eater** Thomas De Quincey, 1901 *Confessions of an English Opium-Eater* Thomas De Quincey, 2009-02-23 Confessions of an English Opium Eater remains its author's most famous and frequently read work and one of the period's central statements about both the power and terror of imagination De Quincey describes the intense pleasures and harrowing pains of his opium use in lyrical and dramatic prose A notorious success since its 1821 publication the work has been an important influence on philosophers theorists and psychologists as well as literary writers of the nineteenth and twentieth centuries But Confessions is only one part of a larger confessional project conceived by De Quincey over the course of his writing career Gathered together in this edition these texts provide a fascinating

glimpse of early nineteenth century British aesthetic medical psychological political philosophical social racial national and imperialist attitudes This edition includes the 1821 text of *Confessions* its important sequel *Suspiria de Profundis* 1845 and its sequel *The English Mail Coach* 1849 as well as extensive appendices
