Psychic Self-defense Dion Fortune, 2024 **Psychic Self Defense (annotated)** Dion Fortune, 2017-09-29 It is with a sense of the seriousness of the issues involved that I set myself to the task of writing a book on psychic attack and the best methods of defence against it The undertaking is beset with pitfalls It is hardly possible to give practical information on the methods of psychic defence without at the same time giving practical information on the methods of psychic attack It is not without reason that initiates have always guarded their secret science behind closed doors To disclose sufficient to be adequate without disclosing sufficient to be dangerous is my problem But as so much has already been made known concerning the esoteric teachings and as the circle of students of the occult is becoming rapidly wider every day it may well be that the time has now come for plain speaking The task is not of my seeking but as it has come into my hands I will do my best to discharge it honourably making available the knowledge which has come to me in the course of many years experience of the strange by ways of the mind which the mystic shares with the lunatic This knowledge has not been attained without cost nor I suspect will the divulging of it be altogether free from cost either [Protected by the Light](#) Bruce Goldberg, 1998 Each day we are exposed to psychic attacks which can result in neuroses as well as a barrage of physical ailments accidents and bad luck Renowned clinical hypnotist Dr Bruce Goldberg explores the various types of psychic
