Public Health In The Town Of Boston 1630:

Public Health in the Town of Boston, 1630-1822 John Ballard Blake, 1959 Blake takes a detailed look based almost exclusively on original source material at the public health history of the town of Boston A significant part of this study is the insight it offers into early attitudes toward disease and death as well as other basic political social and economic questions

Public Health and the Modernization of China, 1865-2015 Liping Bu, 2017-07-14 This book based on extensive original research traces the development of China's public health system showing how advances in public health have been an integral part of China's rise It outlines the phenomenal improvements in public health for example the increase in life expectancy from 38 in 1949 to 73 in 2010 relates developments in public health to prevailing political ideologies and discusses how the drivers of health improvements were unlike in the West modern medical professionals and intellectuals who understood that whatever the prevailing ideology China needs to be a strong country The book explores how public health concepts policies programmes institutions and practices changed and developed through social and political upheavals war and famine and argues that this perspective of China's development is refreshingly different from China's development viewed purely in political terms

The English Atlantic, 1675-1740 Ian K. Steele, 1986-09-18 Exploding the curious myth that the ocean is a barrier rather than a highway for communication this unusual interdisciplinary study examines the English Atlantic context of early American life From the winterless Caribbean to the ice locked Hudson Bay maritime communications in fact usually met the legitimate expectations for frequency speed and safety while increased shipping new postal services and newspapers hastened the exchange of news These changes in avenues of communications reflected and in turn enhanced the political economic and social integration of the English Atlantic between 1675 and 1740 As Steele deftly describes the influence of physical technological socioeconomic and political aspects of seaborne communication on the community he suggests an exciting new mode of analyzing Colonial history

The Speckled Monster Jennifer Lee Carrell, 2004-01-27 The Speckled Monster tells the dramatic story of two parents who dared to fight back against smallpox After barely surviving the agony of smallpox themselves they flouted eighteenth century medicine by borrowing folk knowledge from African slaves and Eastern women in frantic bids to protect their children From their heroic struggles stems the modern science of immunology as well as the vaccinations that remain our only hope should the disease ever be unleashed again Jennifer Lee Carrell transports readers back to the early eighteenth century to tell the tales of Lady Mary Wortley Montagu and Dr Zabdiel Boylston two iconoclastic figures who helped save London and Boston from the deadliest disease mankind has known

The Contagion of Liberty Andrew M. Wehrman, 2022-12-06 The author argues that a demand for public solutions during smallpox epidemics of the eighteenth century especially broad access to inoculation influenced revolutionary politics and changed the way that Americans understood their health and governmental responsibilities to protect it

Mary Moody Emerson and the Origins of Transcendentalism Phyllis Cole, 2002 Mary Moody Emerson has long been a New England legend the eccentric Calvinist aunt of Ralph Waldo Emerson wearing a death shroud as her daily garment This exciting new study based on the first reading of all her known letters and diaries reveals a complex human voice and powerful forerunner of American Transcendentalism From the years of her famous nephew s infancy in both private and published writings she celebrated independence solitude in nature and inward communion with God Mary Moody Emerson inherited both resources and constraints from her family a lineage of Massachusetts ministers who had earlier practiced spiritual awakening and political resistance against England Cole discovers a previously unexamined Emerson tradition of fervent piety in the ancestors own writing and Mary s preservation of their memory She also examines the position of a woman in this patriarchal family Barred from the pulpit and university by her sex she also refused marriage to become a reader writer and religious seeker Cole s biography explores this reading and writing as both a woman s vocation and a gift to Ralph Waldo Emerson Helping to raise her nephews after their father s death Mary Moody Emerson urged Waldo the college student to seek solitude in nature and become a divine poet Cole s pioneering study tracing crucial lines of influence from Mary Emerson s heretofore unknown texts to her nephew s major works establishes a fresh and vital source for a central American literary tradition

After the Siege Jacqueline Barbara Carr, 2005 During the late 1770s Boston s townspeople were struggling to rebuild a community devastated by British occupation the ensuing siege by the Continental Army and the Revolutionary war years After the British attacked Lexington and Concord on April 19 1775 Boston s population plummeted from 15 000 civilians to less than 3 000 property was destroyed and plundered and the economy was on the verge of collapse How the once thriving colonial seaport and its

demoralized inhabitants recovered in the wake of such demographic physical and economic ruin is the subject of this compelling and well researched work Drawing on extensive primary sources including ward tax assessors Taking Books church records census records birth and marriage records newspaper accounts and town directories Jacqueline Barbara Carr brings to life Boston s remarkable rebirth as a flourishing cosmopolitan city at the dawn of the nineteenth century She examines this watershed period in the city s social and cultural history from the perspective of the town s ordinary men and women both white and African American re creating the determined community of laborers artisans tradesmen mechanics and seamen who demonstrated an incredible perseverance in reshaping their shattered town and lives Filled with fascinating and dramatic stories of hardship conflict continuity and change the engaging narrative describes how Boston rebounded in less than twenty five years through the efforts of inhabitants who survived the ordeal of the siege those who fled British occupation and returned after the war and the influx of citizens from many different places seeking new opportunities in the growing city Carr explores the complex forces that drove Boston s transformation taking into consideration such topics as the built environment and the town s neighborhoods the impact of town government on peoples lives the day to day trials of restoring and managing the community the effect of the postwar economy on work and daily life and forms of leisure and theater entertainment

Driven by Fear Guenter B Risse,2015-12-30 From the late nineteenth century until the 1920s authorities required San Francisco s Pesthouse to segregate the diseased from the rest of the city Although the Pesthouse stood out of sight and largely out of mind it existed at a vital nexus of civic life where issues of medicine race class environment morality and citizenship entwined and played out Guenter B Risse places this forgotten institution within an emotional climate dominated by widespread public dread and disgust In *Driven by Fear* he analyzes the unique form of stigma generated by San Franciscans Emotional states like xenophobia and racism played a part Yet the phenomenon also included competing medical paradigms and unique economic needs that encouraged authorities to protect the city s reputation as a haven of health restoration As Risse argues public health history requires an understanding of irrational as well as rational motives To that end he delves into the spectrum of emotions that drove extreme measures like segregation and isolation and fed psychological ideological and pragmatic urges to scapegoat and stereotype victims particularly Chinese victims of smallpox leprosy plague and syphilis Filling a significant gap in contemporary scholarship *Driven by Fear* looks at the past to offer critical lessons for our age of bioterror threats and emerging infectious diseases

City Water, City Life Carl Smith,2022-12-22 A city is more than a massing of citizens a layout of buildings and streets or an arrangement of political economic and social institutions It is also an infrastructure of ideas that are a support for the beliefs values and aspirations of the people who created the city In *City Water City Life* celebrated historian Carl Smith explores this concept through an insightful examination of the development of the first successful waterworks systems in Philadelphia Boston and Chicago between the 1790s and the 1860s By examining the place of water in the nineteenth century consciousness Smith

illuminates how city dwellers perceived themselves during the great age of American urbanization But City Water City Life is more than a history of urbanization It is also a refreshing meditation on water as a necessity as a resource for commerce and industry and as an essential and central part of how we define our civilization
