Russian Resurrection:

Russian Resurrection Michael Rowe, 1994 **Russian Baptists and Spiritual Revolution, 1905-1929** Heather J. Coleman, 2005-04-20 a fascinating read for everyone interested in Russia religion and modernity Nadieszda Kizenko In the early 20th century Baptists were the fastest growing non Orthodox religious group among Russians and Ukrainians Heather J Coleman traces the development of Baptist evangelical communities through a period of rapid industrialization war and revolution when Russians found themselves asking new questions about religion and its place in modern life Baptists faith helped them navigate the problems of dissent of order and disorder of modernization and westernization and of national and social identity in their changing society Making use of newly available archival material this important book reveals the ways in which the Baptists own experiences and the widespread discussions that they generated illuminate the emergence of new social and personal identities in late Imperial and early Soviet Russia the creation of a public sphere and a civic culture and the role of religious ideas in the modernization process **The New Russian Documentary** Anastasia Kostina, Masha Shpolberg, 2025 Investigates the recent expansion in Russian documentary film and its relationship to politics the media industries and the public sphere **Russian Baptists and Orthodoxy, 1960-1990** Constantine Prokhorov, 2014-01-14 Russian Baptists and the Orthodox Church have had a difficult and at times dramatic relationship over the past century and a half However the purpose of this thesis is to examine certain internal connections between these two Christian bodies Despite the evident dissimilarity in theology church practice and traditions there is common ground which has been largely unexplored A number of features inevitably brought them together such as living in the same country over a long period of time sharing a history and national roots responding to the same civic concerns and finally until recently using the same Russian Synodal translation of the Bible This thesis explores first of all the roots of the issue of Orthodox Baptist similarities and dissimilarities in the nineteenth century The remainder of the thesis focuses on 1960 to 1990 There is a chapter analyzing the way in which in significant areas Russian Baptist theology resembled Orthodox thinking This is followed by a study of church and sacraments which again shows that Russian Baptist approaches had echoes of Orthodoxy The thesis then explores Baptist liturgy showing the Orthodox elements that were present The same connections are then explored in the area of Russian Baptist communal spiritual traditions The examination of the Bible beliefs and behaviour also indicates the extent to which Russian Baptists mirrored Orthodoxy Finally there is an analysis of the popular piety of the Russian Baptists and the way in which they constructed an alternative culture The basic views of Russian Baptists between the 1960s and 1990 have been drawn from periodicals of the Russian Baptist communities and from interviews with pastors presbyters and church members who were part of these communities This often yields insights into primary theology which in relation to many issues differs from official Baptist declarations that tend to stress the more Protestant aspects of Russian Baptist life The aim of the thesis is to show that in a period in the history of the USSR when the division between the Western world and

the Soviet bloc was marked there was a strong Eastern orientation among Russian Baptists This changed when the USSR came to an end Over a number of years there was mass emigration of Russian Baptists and in addition pro Western thinking gained considerable ground within the Russian Baptist community During the period examined here however it is possible to uncover a great deal of evidence of Russian Baptists participating in Orthodox theology spiritual mentality and culture

Journeys through the Russian Empire William Craft Brumfield,2020-06-12 At the turn of the twentieth century the photographer Sergey Prokudin Gorsky undertook a quest to document an empire that was undergoing rapid change due to industrialization and the building of railroads Between 1903 and 1916 Prokudin Gorsky who developed a pioneering method of capturing color images on glass plates scoured the Russian Empire with the patronage of Nicholas II Intrepidly carrying his cumbersome and awkward camera from the western borderlands over the Volga River to Siberia and central Asia he created a singular record of Imperial Russia In 1918 Prokudin Gorsky escaped an increasingly chaotic violent Russia and regained nearly 2 000 of his bulky glass negatives His subsequent peripatetic existence before settling in Paris makes his collection's survival all the more miraculous The U S Library of Congress acquired Prokudin Gorsky's collection in 1948 and since then it has become a touchstone for understanding pre revolutionary Russia Now digitized and publicly available his images are a sensation in Russia where people visit websites dedicated to them William Craft Brumfield photographer scholar and the leading authority on Russian architecture in the West began working with Prokudin Gorsky's photographs in 1985 He curated the first public exhibition of them in the United States and has annotated the entire collection In Journeys through the Russian Empire Brumfield who has spent decades traversing Russia and photographing buildings and landscapes in their various stages of disintegration or restoration juxtaposes Prokudin Gorsky's images against those he took of the same buildings and areas In examining the intersections between his own photography and that of Prokudin Gorsky Brumfield assesses the state

of preservation of Russia's architectural heritage and calls into question the nostalgic assumptions of those who see Prokudin Gorskii's images as the recovery of the lost past of an idyllic pre-Soviet Russia. This lavishly illustrated volume, which features some 400 stunning full-color images of ancient churches and mosques, railways and monasteries, towns and remote natural landscapes, is a testament to two brilliant photographers whose work prompts and illuminates monument by monument questions of conservation, restoration, and cultural identity and memory. Service Book of the Holy Orthodox-Catholic Apostolic (Greco-Russian) Church, Orthodox Eastern Church, 1906. *The Development of Russian Evangelical Spirituality* Gregory L. Nichols, 2011-11-09. Today many evangelicals in the Russian-speaking world emphasize sanctification as a distinctive mark of their Christian faith. This is a unique characteristic, particularly in the European context. Their historic tapestry has been woven from a number of threads that originated in the second half of the nineteenth century. Missionary efforts of the German Baptists, a revival sparked by a British evangelist, and a pietistic awakening among the Mennonites in the South converged to form a tapestry that displays Protestant Baptist and Anabaptist heritage. Ivan Kargel uniquely participated in the formation and ministry of each of these threads. His life spans from Tsarist Russia to the Soviet Union. Kargel refused to adhere to a systematic view of theology. Instead, he urged believers to go to Scripture and draw from the riches of a life united with Christ. Kargel's influence today is keenly felt across the Russian-speaking evangelical world as they seek to identify the roots of their spiritual identity. This book examines the influences on Ivan Kargel and offers insights into how his life and work are expressed in the tapestry of Russian evangelical spirituality. D. H. Lawrence's response to Russian literature. *The American YMCA and Russian Culture* Matthew Lee Miller, 2012-12-14. In *The American YMCA and Russian Culture*, Matthew Lee Miller explores the impact of the philanthropic activities of the Young Men's Christian Association (YMCA) on Russians during the late imperial and early Soviet periods. The YMCA, the largest American service organization, initiated its intense engagement with Russians in 1900. During the First World War, the Association organized assistance for prisoners of war and, after the emigration of many Russians to central and western Europe, founded the YMCA Press and supported the St. Sergius Theological Academy in Paris. Miller demonstrates that the YMCA contributed to the preservation, expansion, and enrichment of Eastern Orthodox Christianity. It therefore played a major role in preserving an important part of pre-revolutionary Russian culture in Western Europe during the Soviet period until the repatriation of this culture following the collapse of the USSR. The research is based on the YMCA's archival records, Moscow and Paris archives, and memoirs of both Russian and American participants. This is the first comprehensive discussion of an extraordinary period of interaction between American and Russian cultures. It also presents a rare example of fruitful interconfessional cooperation by Protestant and Orthodox Christians. **'For those who've come across the seas...'** Andrew Jakubowicz, Christina Ho, 2014-02-15. **Chugach National Forest (N.F.), Kenai Winter Access**, 2007. **The Ways of Russian Theology -**

Hans Urs von Balthasar and the Critical Appropriation of Russian Religious Thought Jennifer Newsome Martin,2015-09-15 In Hans Urs von Balthasar and the Critical Appropriation of Russian Religious Thought Jennifer Newsome Martin offers the first systematic treatment and evaluation of the Swiss Catholic theologian s complex relation to modern speculative Russian religious philosophy Her constructive analysis proceeds through Balthasar s critical reception of

Vladimir Soloviev Nikolai Berdyaev and Sergei Bulgakov with respect to theological aesthetics myth eschatology and Trinitarian discourse and examines how Balthasar adjudicates both the possibilities and the limits of theological appropriation especially considering the degree to which these Russian thinkers have been influenced by German Idealism and Romanticism Martin argues that Balthasar's creative reception and modulation of the thought of these Russian philosophers is indicative of a broad speculative tendency in his work that deserves further attention In this respect Martin consciously challenges the prevailing view of Balthasar as a fundamentally conservative or nostalgic thinker In her discussion of the relation between tradition and theological speculation Martin also draws upon the understudied relation between Balthasar and F W J Schelling especially as Schelling's form of Idealism was passed down through the Russian thinkers In doing so she persuasively recasts Balthasar as an ecumenical creatively anti nostalgic theologian hospitable to the richness of contributions from extra magisterial and non Catholic sources

Russian Society and the Orthodox

Church Zoe Knox, 2004-06-02 Russian Society and the Orthodox Church examines the Russian Orthodox Church's social and political role and its relationship to civil society in post Communist Russia. It shows how Orthodox prelates, clergy and laity have shaped Russians' attitudes towards religious and ideological pluralism, which in turn have influenced the ways in which Russians understand civil society, including those of its features pluralism and freedom of conscience that are essential for a functioning democracy. It shows how the official church, including the Moscow Patriarchate, has impeded the development of civil society, while on the other hand the non official church, including nonconformist clergy and lay activists, has promoted concepts central to civil society.
