Sacraments Encountering The Risen Lord:

The Sacraments Paul A. Feider, 1986 Demonstrates the scriptural basis of the sacraments outlines their historical development and discusses their renewal since Vatican II Back cover **Christ the Sacrament of the Encounter with God** Edward Schillebeeckx, 1987-06 A reprinting of Schillebeeckx's classic work A standard in understanding the relationship between Christ Sacrament and the Church A positive and constructive ecclesial theology Sacraments Ray Robert Noll, 1999 Firmly rooted in the tradition of the Church and some of the best scholarship of the past 40 years Noll explores the sign meaning and experience of each of the seven sacraments in the church Included is a CD ROM containing articles and passages by some of today's key sacramental theologians **Faith and the Sacraments** Thomas G. Weinandy, 2022-10-11 In September of 2014 thirty new members were appointed for a five year term to the Vatican's International Theological Commission These theologians clerical and lay were chosen from twenty six different countries and from five continents The commission was charged with composing three documents of contemporary theological importance one of which was that of the relationship between faith and the sacraments This finished document was published with the approval of the Congregation for the Doctrine of the Faith and by Pope Francis in Spanish in early 2020 under the title *La Reciprocidad entre Fe y Sacramentos en la Economía Sacramental* A subsequent English translation was published thereafter under the title *The Reciprocity Between Faith and Sacraments in the Sacramental Economy* This present volume contains the text of the English translation There follows an introduction by a member of the ITC Thomas G Weinandy OFM Cap and subsequently followed by six explanatory and interpretive commentaries on various chapters of the document Dr John Yocum considers the contemporary relevance of the topic Dr Christopher Ruddy examines the dialogical nature of the sacramental economy of salvation Dr Jennifer Holmes Martin discusses the relationship between faith and the sacraments of initiation There are two commentaries for section four concerning faith and the sacrament of marriage Professor John Grabowski treats the strictly theological issues relating to faith and marriage Canonist Timothy Cavanaugh takes up the canonical issues regarding faith and its relationship to enacting a valid sacramental marriage Dr Daniel Keating rounds off the commentaries by surveying the conclusion of the document that is the present need for evangelization so as to enliven the faith of the faithful and the present relevance of the new ecclesial movements within the Church today These commentaries are aimed at aiding priests and seminarians as they address or prepare to address the pastoral and theological concerns they encounter or will encounter on a daily basis This volume could also be used in parish adult education groups as well wherein the laity could better understand the relationship between faith and the sacraments **The Collected Works of Edward Schillebeeckx Volume 1** Edward Schillebeeckx, 2014-09-25 This is a new edition of the 1963 classic which gave Christological thought a new direction As far back as his first major book Schillebeeckx propounded an anthropological approach to the sacraments In *Christ the Sacrament of the Encounter with God* he draws on theologically fruitful work by phenomenological anthropologists

like Merleau Ponty Buytendijk and Binswanger That makes Schillebeeckx s distinctive idiom and modern approach appealing even today He rediscovers as it were from within the notions forged by scholastic theology and thus restores to us a theology of the sacraments rooted in the biblical and patristic soil from which they first sprang Schillebeeckx s speculative synthesis of this quest still has a fresh ring to it He describes Christ as the primordial sacrament in a reflection on his public ministry death and resurrection inspired by the universal human search for such a sacrament He concludes that the church s sacraments have to be an earthly extension of the liberation brought by Christ s story Schillebeeckx ends by describing sacraments as grace made visible that gives crowning moments in Christian life a mystical quality Edward Schillebeeckx Collected Works bring together the most important and influential works of the Dutch Dominican and theologian Edward Schillebeeckx 1914 2009 in a reliable edition All translations have been carefully checked or revised some texts are presented in English for the first time The page numbers of earlier editions are included Each volume carries a foreword by an internationally renowned Schillebeeckx expert This edition makes Schillebeeckx available for a new generation of scholars and students

Catholic Sacraments John Francis Baldovin, David Farina Turnbloom, 2015 A collection of essays by some of today s most respected liturgists and sacramental theologians that offers wisdom and insight into the meaning and practice of Catholic sacraments

No Irrelevant Jesus Gerhard Lohfink, 2014 Is Jesus relevant for today If you think not don t bother with this book But if you think that Jesus might have something to say to today s world which Jesus comes to mind Is he the gentle Jesus meek and mild offering individual salvation but with no message for a suffering world Is he to be remembered as a Zealot fighting for a hopeless cause or as an outstanding rabbi Was he a prophet in the long series of Israel s prophets or a religious founder like Muhammad or Gautama Or was Jesus unique a man utterly consumed by zeal for the reign of God by the fierce urgency of now the leader of a movement dedicated to God s cause but committed to nonviolence and living for others If we seek him can we find him in the churches In No Irrelevant Jesus Gerhard Lohfink author of the acclaimed Jesus of Nazareth explores these questions and offers a resounding yes to the relevance of Jesus today

The World Transparent Nina Butorac, 2021-05-04 The World Transparent examines the spiritual themes that have populated our Western and Christian tradition for many centuries From a sacramental standpoint and using forty well loved films as illustrations The World Transparent endeavors to guide the reader through a process of formation and towards a mature understanding of the Christian faith not only as an intellectual exploration but as a spiritually lived experience Its focus is on the virtues as they help to form us to live purposeful lives and attain happiness on conscience as it directs our judgment and moral actions on grace as it lifts up our nature and works to perfect it on the sacraments as they confer the graces that enable us to meet life s struggles and on the theological virtues of faith hope and love as they immerse us in the order of grace and direct us to the source of our redemption in Christ Each of these sacred themes is augmented by beauty and by the sacramental qualities found in great art in powerful stories and shot through eminently by classic masterful film

Pope Francis and the Event of

Encounter John C. Cavadini, Donald Wallenfang, 2018-01-19 Since being elected to the Chair of St Peter on March 13 2013 Pope Francis has given unique shape to the meaning of the new evangelization With his emphasis on the concept of encounter and his stunning expression of pastoral ministry in *Evangelii gaudium* the present pontiff has breathed new life into the Christian vocation to evangelize This book brings together the voices of fifteen American Catholic scholars around the theme of Pope Francis and the Event of Encounter Inaugurating the new series *Global Perspectives on the New Evangelization* this book incorporates a variety of approaches and questions in order to amplify the theology behind the pontificate of Pope Francis and the most recent developments in the new evangelization Among the topics treated in the book are mercy ecology doctrine culture and the life and ministry of Jorge Mario Bergoglio The reader will be delighted with an array of perspectives that promise to give inspiration for embarking on further frontiers of the new evangelization *Jesus Our Redeemer* Gerald O'Collins, 2007-01-11 *Jesus Our Redeemer* examines what it means when Christians call Jesus their Redeemer or Saviour It tackles such questions as How can redemptive events in the past Christ's life death and resurrection bring about saving effects in the present Why do human beings need redemption both individually and collectively What images of God are implied by the saving action of God and by human needs Gerald O Collins SJ draws on the scriptures Christian hymns and texts for worship literature the visual arts and other sources He examines four major models of how redemption through Christ has been thought to work theories of deliverance penal substitution sacrifice and transforming love He concludes by considering the outworking of salvation in the life of the Church the situation of non Christians and the final consummation of human life and the created world at the end of time Baptismal Ecclesiology and the Order of Christian Funerals Stephen S. Wilbricht, csc, 2019-06-14 Throughout this e book Fr Stephen S Wilbricht csc emphasizes the link between Baptism and death assisting Christians in grasping who we are called to be in this life as disciples and who we are promised to become in eternal life as saints As the author points out the centrality of baptismal identity to the funeral liturgy he makes apparent that the union established at Baptism continues until all reach Christ Such an appreciation for life in the Body of Christ will help the community recognize both their responsibilities at the death of a member and the union that remains with that member as all journey to the divine Wilbricht explores the Church's theology of Baptism and death and provides pastoral suggestions that will encourage communities to carry out their commitment to care for the grieving and bury the dead Jesus, Son of God, Son of Mary, Immanuel Donald J. Goergen, 2003-09-04 **God Matters** Herbert McCabe, 2005-01-01 Seldom have God matters been treated with such verve sense rigour and humour as in this collection of writings by Herbert McCabe The book demonstrates the depth and clarity of his theology and philosophy of God his appetite for controversy both political and theological as well as a traditional Catholic concern for prayer liturgy Mary and St Dominic The articles which range widely and represent over twenty years of characteristically dominican enterprise reveal a personality that is itself clear evidence that God matters Introduction to Sacramental Theology Jose Granados, 2021-06-18

Introduction to Sacramental Theology presents a complete overview of sacramental theology from the viewpoint of the body. This viewpoint is supported in the first place by Revelation for which the sacraments are the place where we enter into contact with the body of the risen Jesus. It is a viewpoint secondly which is firmly rooted in our concrete human bodily experience thus allowing for a strong connection between faith and life, creation and redemption. From this point of view the treatise on the sacraments occupies a strategic role. For the sacraments appear not as the last of a series of topics after dealing with Creation, Christ, the Church but as the original place in which to stand in order to contemplate the entire Christian mystery. This point of view of the body which resonates with contemporary philosophy sheds fruitful light on classical themes such as the relationship of the sacraments with creation, the composition of the sacramental sign, the efficacy of the sacraments, the sacramental character, the role of the minister or the relationship of the sacrament with the Church as a sacrament. As a result of this approach the Eucharist takes on a central role since this is the sacrament where the body of Jesus is made present. The rest of the sacraments are seen as prolongations of the eucharistic body so as to fill all the time and space of the faithful. This foundation of the theology of the sacraments in eucharistic theology is supported by an analysis of the patristic and medieval tradition. In order to support its conclusions Introduction to Sacramental Theology examines the doctrine of Scripture especially St John and St Paul, the main patristic and medieval authors St Augustine, Hugh of St Victor, St Bonaventure, St Thomas Aquinas, the response of Trent to the protestant challenges up to modern authors such as Scheeben, Rahner, Ratzinger or Chauvet including the teaching of Vatican II about the Church as a kind of sacrament.

Christ the Sacrament of the Encounter with God, **T&T Clark Handbook of Sacraments and Sacramentality**

Martha Moore-Keish, James Farwell, 2022-12-29. Introducing readers to the contemporary field of sacramental theology, this volume covers the biblical and historical foundations, a survey of the state of the discipline and a collection of constructive essays representing major themes, practices and approaches to sacraments and sacramentality in the contemporary world. The volume starts with a set of foundational essays that offer broad introduction to the field of sacramental theology from contemporary scholars analysing a number of historical figures in order to illumine and inform contemporary sacramental theology. The second part of the volume is dedicated to a series of essays on sacramentality and includes attention to elements of space, time, ritual, action, music and word all as aspects of what Christians have termed sacramental reality. The third set of essays includes attention to each of the seven practices that have most commonly been termed sacraments in Christian traditions: baptism, eucharist, Lord's Supper, confirmation, confession, forgiveness and reconciliation, marriage, ordination and anointing. The final part of this volume features scholars who are working on sacraments in conversation with contemporary academic disciplines: critical race theory, queer theory, comparative theology and disability studies. *Signs of Freedom*. German Martinez, 2003. Modern secular culture has severely eroded the religious foundations on which traditional sacramental practice was based. Built upon the sacramental bedrock, the very Christian identity and mission were affected.

German Martinez looks at this challenge from the perspective of freedom as an opportunity to develop a sacramental worldview relevant to the new millennium To this effect he applies a series of methodologies and fresh pastoral approaches to the highly complex sacramental reality and to each individual sacrament Beginning with ten key interpretative elements he offers a coherent synthesis of the remarkable development of sacramental theology in our time Envisioned for both scholarly research and pastoral ministry this book presents the key issues of a renewed sacramentality rooted in ordinary life and celebrated in the liturgical mystery This theology is grounded in a biblical patristic historical and theological background It tries to articulate especially the Christological ecclesial individual and social aspects of the celebration of the sacraments as a dynamic and organic whole emphasizing their spirituality The material is organized into four parts the Sacramental Way of Life the Initiation and Foundational Church the Healing Church the Church at the service of Communion Highlights scholarly yet pastorally sensitive perfect text for courses on the sacraments solid one volume comprehensive text

Encounter Jesus! Peter M. Doane, 2019-12-02 His Eminence Robert Cardinal Sarah prefect of the Congregation for Divine Worship and the Discipline of the Sacraments recently commented on the fire at Notre Dame cathedral He said the Church is only of interest because she allows us to encounter Jesus She is only legitimate because she passes on Revelation to us When the Church becomes overburdened with human structures it obstructs the light of God shining out in her and through her The Church should be like a cathedral Everything in Her should sing to the glory of God She must unceasingly direct our gaze toward him like the spire of Notre Dame pointed toward heaven *Encounter Jesus Transforming Catholic Culture in Crisis* is a call to rebuild a Catholic culture that has wandered from her spiritual root system In the West and the United States the light that shined starting in the Acts of the Apostles has become dim and in some places extinguished The specifics to what apostolic spirituality embodies will convict challenge and call the clergy consecrated religious and laity to take seriously what it means to be a catholic Christian Just as architects design the rebuilding of the Notre Dame Cathedral may this book serve as a blueprint for transformation in the culture of the church **Serving the People of God's Presence**

Terry L. Cross, 2020-10-27 Leading theologian Terry Cross articulates the doctrine of the church's ministry from a Pentecostal perspective demonstrating how Pentecostals can contribute to and learn from the church catholic This companion volume to Cross's previous book *The People of God's Presence* proposes a radical revision of the structural framework of the local church within the often overlooked corporate priesthood of all believers Cross explores principles for leadership and ministry from the New Testament and the early church helping all believers to do the work of ministry

The Authentic Doctrine of the Eucharist Teresa Whalen, 1993 At the heart of Roman Catholicism lies the celebration of the Eucharist as it both expresses and renews the living faith of Catholics Each new generation accepts the tradition even as it articulates its own authentic understanding and expression of the Eucharistic doctrine *The Authentic Doctrine of the Eucharist* documents the rich heritage of this living tradition
