Divine Words, Female Voices Jerusha Tanner Lamptey, 2018-08-10 The relationship between Islam and feminism is complex There are many Muslim

scholars who fervently promote women's equality At the same time there is ambivalence regarding the general norms terminology and approaches of feminism and feminist theology This ambivalence is in large part a product of various hegemonic androcentric and patriarchal discourses that seek to dictate legitimate and authoritative interpretations These discourses not only fuel ambivalence they also effectively obscure valuable possibilities related to interreligious feminist engagement *Divine Words Female Voices* is the follow up to Jerusha Lamptey's 2014 book *Never Wholly Other* in which she introduced the idea of Muslima theology and applied it to the topic of religious diversity In this new book she extends her earlier arguments to contend that interreligious feminist engagement is both a theologically valid endeavor and a vital resource for Muslim women scholars She introduces comparative feminist theology as a method for overcoming challenges associated with interreligious feminist engagement reorients comparative discussions to focus on the two *Divine Words* the Qur'an and Jesus and feminist theology and uses this reorientation to examine intersections discontinuities and insights related to diverse theological topics This book is distinctive in its responsiveness to calls for new approaches in Islamic feminist theology its use of the method of comparative theology its focus on Muslim and Christian feminist theology in comparative analysis and its constructive articulation of Muslima theological perspectives **deCODE** Alessandro

Boccaletti, 2020-04-09 When God delivered his message to an Aramaic nomad named Aram the key to understanding the origin of mankind was revealed in ancient times The few elected to see God's message grouped in the Constantine Order which pledges in eternity to preserve the universal knowledge of the secrets The privileged knowledge of the mysteries in the centuries were passed to the Roman Emperors and to some charismatic Knights across Europe until Leonardo da Vinci mastered the comprehensive decoding of the universal truth In his secret voyage financed by the Knight Order in the Middle East he revealed the perfect geometrical codes hidden in the deep core of the Egyptian pyramids and the prohibited and forbidden Muslim controlled grounds of King Solomon Temple ruins in Jerusalem *deCODE* is a historical thriller that expands the known history of hermetism to describe the impact of a powerful ancient international military order on world history The book tells an epic tale that crosses continents and spans thousands of years But at its heart it's a story of heroic adventure and spiritual awakening that has shaped human mankind from its birth by the engineers thousands of years ago *Thoth Hermes, Scribe of Eternity* AJ Carmichael, 2025-10-04 To speak of Thoth is to enter the mind of Ancient Egypt Scribe of eternity master of words guardian of cosmic balance no other god so deeply embodied the Egyptian vision of order and truth Worshiped as Djehuty the ibis headed deity of writing and wisdom Thoth was at once cosmic principle and personal guide mediator between Horus and Set companion of the dead in judgment and architect of rituals that bound heaven and earth together His symbols the ibis the baboon the scales the lunar disc were not mere icons but living hieroglyphs of a universe sustained by word memory and measure This book is a journey through three millennia of Egyptian theology tracing Thoth's presence in myth ritual and philosophy From the Pyramid Texts to the magical papyri from the temples of Hermopolis Magna

to the halls of the dead Thoth appears as creator healer judge and scribe The exploration continues beyond Egypt into Greece and Rome where he became Hermes Trismegistus thrice great inspiring Hermeticism Neoplatonism Gnosticism and the mystical sciences of alchemy and astrology Through these transformations his essence endured the conviction that the world is intelligible because it is written ordered and remembered More than a study of a single god this book opens a window onto the Egyptian imagination itself a worldview where truth could be weighed justice inscribed and immortality secured through memory Rich in myth history and symbolism it restores Thoth to his place as the silent architect of civilization and the eternal scribe of divine mysteries *Great Thoughts from Master Minds* ,1890 *The Ancient Allan* Henry Rider Haggard,1920
