Sacred Words:

Blodgett, Harold Coward, 2010-10-30 The result of a dialogue between poets and scholars on the meaning and making of the sacred this book endeavours to determine how the sacred emerges in sacred script as well as in poetic discourse It ranges through scholarship in areas as apparently disparate as postmodernism and Buddhism The perspectives developed are various and without closure locating the sacred in modes as diverse as patristic traditions feminist retranslations of biblical texts and oral and written versions of documents from the world's religions The essays cohere in their preoccupation with the crucial role language plays in the creation of the sacred particularly in the relation that language bears to silence In their interplay language does not silence silence by rather calls the other as sacred into articulate existence *Key Words in Multicultural Interventions* Patricia Arredondo, Harold E. Cheatham, Jeffery Scott Mio Ph.D., David Sue, Joseph E. Trimble, 1999-11-30 An essential resource for those interested in multicultural issues this dictionary presents common terms used in multicultural counseling and research The terms are not only denotatively defined but connotations are also included as well as historical information and important writings about the terms The dictionary is thus not only a straightforward compendium of definitions but also a resource for further investigation This is intended to be a resource for those interested in the area of multiculturalism Important publications investigating and or explicating these terms are also discussed and referenced Moreover authors define these terms with a point of view many terms are defined in a manner that connects them with perspectives commonly expressed by scholars and practitioners in the field Thus

connotations are included as well as denotations of the terms *Binding Words* Don C. Skemer,2010-11-01 In the Middle Ages textual amulets short texts written on parchment or paper and worn on the body were thought to protect the bearer against enemies to heal afflictions caused by demonic invasions and to bring the wearer good fortune In *Binding Words* Don C Skemer provides the first book length study of this once common means of harnessing the magical power of words Textual amulets were a unique source of empowerment promising the believer safe passage through a precarious world by means of an ever changing mix of scriptural quotations divine names common prayers and liturgical formulas Although theologians and canon lawyers frequently derided textual amulets as ignorant superstition many literate clergy played a central role in producing and disseminating them The texts were in turn embraced by a broad cross section of Western Europe Saints and parish priests physicians and village healers landowners and peasants alike believed in their efficacy Skemer offers careful analysis of several dozen surviving textual amulets along with other contemporary medieval source materials In the process *Binding Words* enriches our understanding of popular religion and magic in everyday medieval life Textual Magic Katherine Storm Hindley,2023-08-16 An expansive consideration of charms as a deeply integrated aspect of the English Middle Ages Katherine Storm Hindley explores words at their most powerful words that people expected would physically change the world Medieval Europeans often resorted to the use of spoken or written charms to ensure health or fend off danger Hindley draws on an unprecedented archive of more than a thousand such charms from medieval England more than twice the number gathered transcribed and edited in previous studies and including many texts still unknown to specialists on this topic Focusing on charms from 1100 to 1350 CE as well as previously unstudied texts in Latin French and English Hindley addresses important questions of how people thought about language belief and power She describes seven hundred years of dynamic shifting cultural landscapes where multiple languages alphabets and modes of transmission gained and lost their protective and healing power Where previous scholarship has bemoaned a lack of continuity in the English charms Hindley finds surprising links between languages and eras all without losing sight of the extraordinary variety of the medieval charm tradition a continuous deeply rooted part of the English Middle Ages Traditional Magic Spells for Protection and Healing Claude Lecouteux,2017-11-07 An in depth collection of ancient spells and magic practices drawn from rare and newly discovered texts Presents more than 600 magical prescriptions for healing and protection from both pagan and Christian sources Examines the practice of diagnosing illness through magic and explores ancient beliefs about curses and other evil spells and about devils demons and ghosts Includes spells from the heavily guarded gypsy tradition of magic and healing drawn from newly discovered materials Since the beginning of history people have sought remedies for the many ills that have beset them from illnesses afflicting the body to threats posed by evil and hostile individuals In many folk healing and pagan traditions it was believed that one must gain the assistance of the guardian spirit of a healing plant or substance through prayers or offerings before its chemical properties would be effective The Church decried these spells and practices

as pagan superstition but did not seek to exterminate these beliefs instead transferring the responsibility for their healing powers to the apostles and saints Drawing on his extensive knowledge of ancient texts Claude Lecouteux presents more than 600 magical prescriptions from both pagan and Christian sources from the last 2 000 years covering everything from abscesses and shingles to curses and healing animals He examines the practice of diagnosing illness through magic and looks at the origins of disease according to the evolving beliefs of magic practitioners over the centuries He explores ancient beliefs about curses and about devils demons and ghosts and provides an in depth look at protection magic including protection of health animals and cultivated land protection against curses witchcraft bad weather and beasts protection of a home and protection while traveling He includes spells from the heavily guarded gypsy tradition of magic and healing drawn from newly discovered materials collected by two Romanian ethnologists who lived and traveled with gypsies in Transylvania in the mid 19th century The author also reproduces rare texts on magic healing from the 14th and 15th centuries Revealing the vitality of these practices in the remoter areas of Eastern Europe Lecouteux shows how the influence of this pagan worldview is still detectable in the work of modern folk healers in France and Scandinavia He also shows how the condemnation of unorthodox methods of healing has not vanished from the contemporary world the medieval legislation against healing by wizards and bonesetters is echoed in modern health codes that challenge the authority of naturopaths and faith healers
