Sacreds Of Confucius Other Confuc:

The Sacred Books of Confucius, and Other Confucian Classics Confucius,1965 The Sacred Books of Confucius, and Other Confucian Classics Confucius,1965 **Confucianism and Sacred Space** Chin-shing Huang,2020-12-01 Temples dedicated to Confucius are found throughout China and across East Asia dating back over two thousand years These sacred and magnificent sanctuaries hold deep cultural and political significance This book brings together studies from Chin shing Huang s decades long research into Confucius temples that individually and collectively consider Confucianism as religion Huang uses the Confucius temple to explore Confucianism both as one of China s three religions with Buddhism and Daoism and as a cultural phenomenon from the early imperial era through the present day He argues for viewing Confucius temples as the holy ground of Confucianism symbolic sites of sacred space that represent a point of convergence between political and cultural power Their complex histories shed light on the religious nature and character of Confucianism and its status as official religion in imperial China Huang examines topics such as the political and intellectual elements of Confucian enshrinement how Confucius temples were brought into the imperial ritual system from the Tang dynasty onward and why modern Chinese largely do not think of Confucianism as a religion A nuanced analysis of the question of Confucianism as religion Confucianism and Sacred Space offers keen insights into Confucius temples and their significance in the intertwined intellectual political social and religious histories of imperial China **The Varieties of Confucian Experience** Sébastien Billioud,2018-07-17 Although the development of a popular brand of Confucianism in China is today a massive phenomenon research on the topic remains scarce Based on fieldwork carried out by a team of scholars in different parts of the country the ambition of The Varieties of Confucian Experience is to contribute to the limited body of ethnographic accounts that aim to document and understand the diversity of phenomena encapsulated under the label Confucian revival in the first two decades of the 21st century Sacred Writings in Two Volumes: Confucian, Hebrew, Christian Part I. The sayings of Confucius ,1910 **Confucian Perfectionism** Joseph Chan,2013-12-22 Since the very beginning Confucianism has been troubled by a serious gap between its political ideals and the reality of societal circumstances Contemporary Confucians must develop a viable method of governance that can retain the spirit of the Confucian ideal while tackling problems arising from nonideal modern situations The best way to meet this challenge Joseph Chan argues is to adopt liberal democratic institutions that are shaped by the Confucian conception of the good rather than the liberal conception of the right Confucian Perfectionism examines and reconstructs both Confucian political thought and liberal democratic institutions blending them to form a new Confucian political philosophy Chan decouples liberal democratic institutions from their popular liberal philosophical foundations in fundamental moral rights such as popular sovereignty political equality and individual sovereignty Instead he grounds them on Confucian principles and redefines their roles and functions thus mixing Confucianism with liberal democratic institutions in a way that strengthens both Then he explores the implications of this

new yet traditional political philosophy for fundamental issues in modern politics including authority democracy human rights civil liberties and social justice Confucian Perfectionism critically reconfigures the Confucian political philosophy of the classical period for the contemporary era **New Confucian Horizons** Jonathan Keir, Peter C. Phan, Young-chan Ro, 2024-10-08 New Confucian Horizons Essays in Honor of Tu Weiming represents both a sustained reflection on Tu Weiming's legacy from those who have worked with him and an original contribution to the field of intercultural dialogue that Tu himself spent a lifetime cultivating The importance of Sino American intellectual relations in an era of mounting geopolitical rivalry between the United States and China scarcely requires explanation Tu Weiming's work has significantly deepened Sino American cultural relations and continues to provide a vital antidote to those who would sow division between the two worlds This book deals with Confucianism and New Confucianism and Tu Weiming's contribution to both of these Chinese philosophical traditions studies how Confucianism has been received especially in Asia and considers Confucianism in connection with contemporary challenges Those new to Tu Weiming will sense by the end of the volume just how vast his influence as a teacher scholar and public intellectual has been Those more familiar with Tu's work will uncover lacunae in their understanding of his legacy and new angles from which to savour the value of Confucian intellectual resources

Classics and Interpretations Ching-i Tu, In recent years in the West scholars have attempted to unravel old constructs of interpretation and understanding using the discipline of hermeneutics or the scientific study of textual interpretation Borrowed from students of the ever growing body of biblical interpretive literature that originated in the early Christian era theoretical hermeneutics has given many contemporary scholars potent tools of textual interpretation *Classics and Interpretations* applies this method to Chinese culture Several essays focus on hermeneutic traditions of Neo Confucianism Others move outside of these traditions to attempt an understanding of the role of hermeneutics in Taoist and Buddhist textual interpretation in Chinese poetics and painting and in contemporary Chinese culture This volume makes a concerted effort to remedy our ignorance of the Chinese hermeneutical tradition

Part 1 *The Great Learning and Hermeneutics* demonstrates the use of commentary to define how the individual creates his social self and discusses differing interpretations of the Ta hsueh text and its treatment as either canonical or heterodox

Part 2 *Canonicity and Orthodoxy* considers the philosophical touchstones employed by Neo Confucian canonical exegetes and polemicists and discusses the Han canonization of the scriptural Five Classics while illuminating a double standard that existed in the hermeneutical regime of late imperial China

Part 3 *Hermeneutics as Politics* discusses the transformation of both the classics and scholars and explores the dominant hermeneutic tradition in Chinese historiography the scriptural tradition and reinterpretation of the Ch un ch iu and reveals the pragmatism of Chinese hermeneutics through comparison of the Sung debates over the Mencius The concluding sections include essays on Chu Hsi and Interpretation of Chinese Classics Hermeneutic Traditions in Chinese Poetics and Non Confucian Contexts Reinterpretation of Confucian Texts in the Ming Ch ing Period and Contemporary Interpretations of Confucian Culture Through these literate and brilliantly written essays the reader witnesses not merely the great breadth and depth of Chinese hermeneutics but also its continuity and evolutionary vigor This volume will excite scholars of the Confucian Buddhist and Taoist systems of thought and belief as well as students of history and hermeneutics

Neville,2016-09-30 Presents a twenty first century progressive liberal Confucianism Building on his long standing work in metaphysics and Asian philosophy Robert Cummings Neville presents a series of essays that cumulatively articulate a contemporary progressive Confucian position as a global philosophy Through analysis of the metaphysical and moral traditions of Confucianism Neville brings these traditions into the twenty first century According to Confucianism rituals define most of our relations with other individuals social institutions and nature and while rituals make possible the positive institutions of high human civilization they may also lead to harmful behaviors including racism xenophobia and sexism Neville argues that the amendment of rituals that institutionalize oppression is a positive task which should be undertaken from within a skillfully ritualized life rather than in the form of external criticism Confucianism in Neville s hands is a left wing progressive liberal political philosophy one that can address institutionalized oppression and suggest a path for moving forward

Understanding the Unknown Laura Thursby,2019-07-22 This volume was first published by Inter Disciplinary Press in 2016 The supernatural that which exists beyond the scope of science or the laws of nature has long captivated our attention The supernatural upsets our understandings of the rational and forces upon us a recognition that there exists something more something beyond the veil that we cannot quite grasp A critical reflection of this category raises some very serious questions for interdisciplinary research which are explored throughout this volume How do experiences of the supernatural function temporally and cross culturally How have ideas about the supernatural influenced well known historical figures How has the supernatural been used in fiction as a literary or narrative device What happens to the supernatural in the supposedly rational and disenchanted modern experience How does it shape the beliefs and practices of actual people And why is it important to devote energy to its study if it remains a category forever beyond our realm of comprehension
