scientific studies that changed my consideration of some of these concepts and led me to the discovery of these secrets It is literary and social in the light of opinions the great philosophers theories the writers words and the psychologists ideas about concepts and explains them I tried to understand and comprehend the wide knowledge base about how to behave better and find more wealth of realism and much happiness in life **Understanding Rosenstock-Huessy** Norman

Dutiful Love Elizabeth L. Hinson-Hasty,2021-08-17 Elizabeth L. Hinson Hasty pursues places where care for people with serious mental illness and their families is unraveled in the United States She picks up threads of empowerment from the Christian tradition to address the distinctive circumstances of individuals and families affected by mental illness and draws upon her own experiences as the sibling of someone with serious mental illness SMI As a scholar of theology and Christian ethics the author challenges the traditional theological explanations of disability and madness and the public policies that try to fit people with SMI into boxes and checklists made for those with minds and bodies society values as ideal *Dutiful Love* explores the distinctive relationship between self sacrificial love and caregiving when that duty to care extends over the

course of an entire lifetime because of social limitations placed upon people with mental illness Hinson Hasty investigates how the Christian theological tradition shapes our Western understanding of normal and abnormal minds and bodies This approach to mental and physical impairment associates healing with curing but neglects the empowerment thread that is part of the gospel narrative The author encourages caregivers whether professionals friends or families to think about the concept of self giving as an alternative to self sacrifice In the context of families impacted by mental illness or degenerative disease healing is more synonymous with presence Intentional presence involves self giving listening contemplation prophetic truth telling and walking with another so that isolation stigma and shame no longer define the social realities of people with mental illness their siblings or their larger families The book includes discussion questions making it an ideal resource for individual reflection church study groups and college seminary and university classrooms

Love's Grateful Striving M. Jamie Ferreira, 2001-06-07 Soren Kierkegaard s Works of Love 1847 a series of deliberations on the commandment to love one s neighbor has often been condemned by critics Here Ferreira seeks to rehabilitate Works of Love as one of Kierkegaard s most important works He shows that Kierkegaard s deliberations on love are highly relevant to some important themes in contemporary ethics including impartiality duty equality mutuality reciprocity self love sympathy and sacrifice Ferreira also argues that Works of Love bears on issues peculiar to a religious ethic such as the role of God as middle term and the possibility of preserving the aesthetic dimensions of love in a religious ethic of relation

God's Demonstrated Expressive Love Dr. Thomas L. Driver, Ph.D., DMIN, 2025-10-03 God s Demonstrated Expressive Love explores the profound nature of God s love as it is revealed through Scripture and demonstrated vividly through the life death and resurrection of Jesus Christ This concept underscores that God s love is not merely distant or theoretical but is active personal and sacrificial in nature It emphasizes that God s love involves deliberate actions personal sacrifice and a dedication to humanity s well being making it understandable and relatable to believers The passage aims to deepen our understanding of God s steadfast love and how it manifests in both divine and personal situations The story from creation to Calvary demonstrates God s intentional and visible love Readers are encouraged to consider how divine love can heal restore hope and change lives More than just a theological account this book offers a devotional journey

Unfading Light Sergius Bulgakov, 2012-12-12. With its scholarly discussions of myth, German idealist philosophy, negative theology and mysticism, shot through with reflections on personal religious experiences, *Unfading Light* documents what a life in Orthodoxy came to mean for Sergius Bulgakov on the tumultuous eve of the 1917 October Revolution. Written in the final decade of the Russian Silver Age, the book is a typical product of that era of experimentation in all fields of culture and life. Bulgakov referred to the book as *miscellanies*, a patchwork of chapters articulating in symphonic form the ideas and personal experiences that he and his entire generation struggled to comprehend. Readers may be reminded of St Augustine's *Confessions* and *City of God* as they follow Bulgakov through the challenges and opportunities presented to Orthodoxy by modernity.
