Sade And The Narrative Of Transgression:

Sade and the Narrative of Transgression David B. Allison, 1995-03-30 A major collection of critical essays on the work of the Marquis de Sade first published in 1995

The Erotics of Grief Megan Moore, 2021-09-15 The Erotics of Grief considers how emotions propagate power by exploring whose lives are grieved and what kinds of grief are valuable within and eroticized by medieval narratives Megan Moore argues that grief is not only routinely eroticized in medieval literature but that it is a foundational emotion of medieval elite culture Focusing on the concept of grief as desire Moore builds on the history of the emotions and Georges Bataille's theory of the erotic as the conflict between desire and death one that perversely builds a sense of community organized around a desire for death The link between desire and death serves as an affirmation of living communities Moore incorporates literary visual and codicological evidence in sources from across the Mediterranean from Old French chansons de geste such as the Song of Roland and La mort le roi Artu and romances such as Erec et Enide Philomena and Floire et Blancheflor to Byzantine and ancient Greek novels to Middle English travel narratives such as Mandeville's Travels In her reading of the performance of grief as one of community and remembrance Moore assesses why some lives are imagined as mattering more than others and explores how a language of grief becomes a common language of status among the medieval Mediterranean elite

Sade's Sensibilities Kate Parker, Norbert Sclippa, 2014-11-20 Sade's Sensibilities tells a new story of one of the most enduring and controversial figures in European literature Blending ideas about subjectivity identity and natural philosophy with politics and pornography D A F de Sade has fascinated writers and readers for two hundred years and his materialist account of the human condition has been widely influential in post structuralism nihilism and feminism This new collection of essays considers Sade's Enlightenment legacy both within and beyond the narratives of radicalism and aberration that have historically marked the study of his oeuvre From different points of view these essays argue that Sade engaged with and influenced traditional Enlightenment paradigms particularly those related to sensibility subjectivity and philosophy as much as he resisted them They thus recover a Sade more relevant even foundational to our twenty first century understanding of modernity selfhood and community In Sade's Sensibilities Sade is no longer a solitary peripheral radical but an Enlightenment philosopher in his own right

Le Gothic Avril Horner, 2015-12-17 This new collection of essays by major scholars in the field looks at the ways in which cross fertilization has taken place in Gothic writing from France Germany Britain and America over the last 200 years and argues that Gothic writing reflects international exchanges in theme and form

Die Wende Von Der Aufklärung Zur Romantik 1760-1820 Horst Albert Glaser, György Mihály Vajda, 2000 This volume is the twelfth to date in a series of works in French or English presenting the epochs and movements of a Comparative History of Literatures in European Languages Histoire Compar e des Litt ratures de Langues Europ ennes The original intention of the editors was to publish a four volume history of European literature from 1760 1820 and the first of these volumes Des Lumi res au Romantisme Genres en Vers appeared

as long ago as 1982 The volumes *Genres en Prose* and *Th tre* are still awaited In their absence the present volume *Epoche im _berblick* attempts a more comprehensive and rigorous treatment of the period and its historiographical problems than was initially planned providing the reader with an overview of sixty eventful years of European literary history years in which German Classicism coincided with the birth initially in Germany and England of Romanticism And at the centre of this turbulent period of European intellectual and literary history stands the French Revolution *The Horrid Looking Glass: Reflections on Monstrosity*, 2020-09-25 From the fictional world of vampires zombies and invaders from other worlds to the very real world of revolutionary France and in between the nature of the monster encompasses the very quality that makes them so believable that which we perceive as other While there is a commonality in this otherness the monster lurking in the shadows concealed in darkness or conjured with a few lines from a horror novel suggests the monster as one onto which we are free to project the most distorted and un human features In each chapter of this volume you will discover that the way in which we project what is monstrous is not a singular other but is in fact a part of our own self identity The greatest horror of the monster is not that it stands apart but that once we pull it from the shadow of our own projected imagination we discover that that the monster we fear is also bound to our own mirror image To look at the monster to name that which must never be named is to look upon a reflection and embrace a part of our nature we do not wish to see **Bodily Pain in Romantic**

Literature Jeremy Davies, 2014-03-14 Shortlisted for the University English Early Career Book Prize 2016 Shortlisted for the British Association for Romantic Studies First Book Prize 2015 When writers of the late eighteenth and early nineteenth centuries explored the implications of organic and emotional sensitivity the pain of the body gave rise to unsettling but irresistible questions Urged on by some of their most deeply felt preoccupations and in the case of figures like Coleridge and P B Shelley by their own experiences of chronic pain many writers found themselves drawn to the imaginative scrutiny of bodies in extremis *Bodily Pain in Romantic Literature* reveals the significance of physical hurt for the poetry philosophy and medicine of the Romantic period This study looks back to eighteenth century medical controversies that made pain central to discussions about the nature of life and forward to the birth of surgical anaesthesia in 1846 It examines why Jeremy Bentham wrote in defence of torture and how pain sparked the imagination of thinkers from Adam Smith to the Marquis de Sade Jeremy Davies brings to bear on Romantic studies the fascinating recent work in the medical humanities that offers a fresh understanding of bodily hurt and shows how pain could prompt new ways of thinking about politics ethics and identity

Seducing the Eighteenth-century French Reader Paul J. Young, 2008 Considering canonical and lesser known works by authors that include Rousseau Sade Bastide Laclos Cr billon fils and the writers of two widely read libertine novels Paul Young suggests that narratives of seduction function as a master plot for eighteenth century French literature How authors reacted to a cultural discourse that coded literature and solitary reading as dangerous seductive practices sheds light on the history of authorship especially the development of the novel **The Other Rise of the Novel in Eighteenth-Century**

French Fiction Olivier Delers, 2015-09-01 The rise of the novel paradigm and the underlying homology between the rise of a bourgeois middle class and the coming of age of a new literary genre continues to influence the way we analyze economic discourse in the eighteenth century French novel Characters are often seen as portraying bourgeois values even when historiographical evidence points to the virtual absence of a self conscious and coherent bourgeoisie in France in the early modern period Likewise the fact that the nobility was a dynamic and diverse group whose members had learned to think in individualistic and meritocratic terms as a result of courtly politics is often ignored The Other Rise of the Novel calls for a radical revision of how realism the language of self interest and commercial exchanges and idealized noble values interact in the early modern novel It focuses on two novels from the seventeenth century Furetiere's Roman bourgeois and Lafayette's Princesse de Clèves and four novels from the eighteenth century Prevost's Manon Lescaut Graffigny's Lettres d'une Puvienne Rousseau's La Nouvelle Héloïse and Sade's Les infortunes de la vertu It argues that eighteenth century French fiction does not reflect material culture mimetically and that character action is best analyzed by focusing on the social and discursive exchanges staged by the text rather than by trying to create parallels between specific behavior and actual historical changes The novel produces its own reality by transforming characters and their stories into alternative social models different articulations of how individuals should define their economic relations to others The representation of interpersonal relations often highlights personal conceptions of private interest that cannot be easily reconciled with the traditional narrative of a transition towards economic modernity Realism then is not only about verisimilar storytelling and psychological depth it is an epistemological questioning about the type of access to reality that a particular genre can give its readers

The Queer God Marcella Althaus-Reid, 2004-06 In *The Queer God* Marcella Althaus Reid reflects on Latin American spiritual traditions and considers the need for a Queer concept of holiness and a theology of grace outside colonial parameters

Unnatural Horizons Allen S. Weiss, 1998 *Unnatural Horizons* presents a selective history of the last five centuries of landscape architecture at the intersection of poetics and science rhetoric and technology and philosophy and politics It investigates the relations between garden aesthetics and metaphysics discussing issues similar to those raised by Weiss's critically acclaimed *Mirrors of Infinity* The Western garden has always served as a setting for music dance theater sculpture and architecture as well as the minor arts of meditative contemplation and erotic seduction The history of landscape architecture is therefore inextricable from the histories of the other arts and must be studied from an interdisciplinary and polycultural point of view Some of the topics included in this book are the influence of neo Platonic philosophy on the Italian Renaissance garden erotic fantasies and the 18th century libertine garden the contrast between Thoreau's romantic notion of virgin nature and changes in perception due to increasing speed and mechanization and the limits of landscape architecture as art form in 20th century gardens

Gender and Utopia in the Eighteenth Century Brenda Tooley, 2016-04-15 Focusing on eighteenth century constructions of symbolic femininity and eighteenth century women's

writing in relation to contemporary utopian discourse this volume adjusts our understanding of the utopia of the Enlightenment placing a unique emphasis on colonial utopias These essays reflect on issues related to specific configurations of utopias and utopianism by considering in detail English and French texts by both women Sarah Scott Sarah Fielding Isabelle de Charri re and men Paltock and Montesquieu The contributors ask the following questions In the influential discourses of eighteenth century utopian writing is there a place for woman and if so what or where is it How do women disrupt confirm or ground the utopian projects within which these constructs occur By posing questions about the inscription of gender in the context of eighteenth century utopian writing the contributors shed new light on the eighteenth century legacies that continue to shape contemporary views of social and political progress **Without End** William S. Allen, 2017-12-28 The reputation of the Marquis de Sade is well founded The experience of reading his works is demanding to an extreme Violence and sexuality appear on almost every page and these descriptions are interspersed with extended discourses on materialism atheism and crime In this bold and rigorous study William S Allen sets out the context and implications of Sade s writings in order to explain their lasting challenge to thought For what is apparent from a close examination of his works is the breadth of his readings in contemporary science and philosophy and so the question that has to be addressed is why Sade pursued these interests by way of erotica of the most violent kind Allen shows that Sade s interests lead to a form of writing that seeks to bring about a new mode of experience that is engaged in exploring the limits of sensibility through their material actualization In common with other Enlightenment thinkers Sade is concerned with the place of reason in the world a place that becomes utterly transformed by a materialism of endless excess This concern underlies his interest in crime and sexuality and thereby puts him in the closest proximity to thinkers like Kant and Diderot but also at the furthest extreme in that it indicates how far the nature and status of reason is perverted It is precisely this materialist critique of reason that is developed and demonstrated in his works and which their reading makes persistently excessively apparent Laughter and Power John Phillips, 2006 Laughter and power are here examined in a variety of contexts ranging from the satires of Renaissance Humanism through to the polemics of contemporary journalism How do the powerful use laughter as a cultural weapon which reinforces their position How do the powerless use laughter as a last resort in their self defence Sixteenth century intellectuals applied their satires to a campaign against intolerance Seventeenth century absolutism demanded of comedy that it serve its interests Yet subversive humour survived even at the court and led through the Enlightenment to its apogee in the black humour of Sade Twentieth century experimental fiction owes that trend a conscious debt Meanwhile an aesthetic tradition represented here by Flaubert Beckett and Queneau incites a laughter which releases tension rather than raising awareness As humour theorists Bergson Freud and Koestler help focus these concerns *Beyond Contractual Morality* Julia Simon, 2001 *Beyond Contractual Morality* looks at current debates over the meaning of liberalism by reexamining their roots in eighteenth century texts which demonstrate the historical intertwining of

political legal and moral problems in their extension of social contract theory into various realms of public and private lives Writers such as Rousseau Voltaire Sade and Montesquieu are discussed In light of contemporary debates over liberalism and informed by the problems of contemporary democratic pluralistic culture Beyond Contractual Morality reexamines the roots of these current discussions in eighteenth century texts Enlightenment texts demonstrate the historical intertwining of political legal and moral problems in their extension of social contract theory into various realms of private and public life Specifically these texts point to an over reliance on the notion of contract to resolve ethical dilemmas A range of issues and authors is discussed including the historical development of social contract theory from Hobbes to Rousseau conflicting conceptions of education in Rousseau s writings the rise of professional ethics the concept of tolerance as discussed by Montesquieu Voltaire and Rousseau the divide between the public and private realms in the writings of Charriere and Sade Beyond Contractual Morality concludes with a reemphasis on the contemporary context of debate and proposes a defense of a revised version of liberalism that can take account of positive duties without sacrificing individual autonomy Julia Simon is Associate Professor of French at the Pennsylvania State University The Films of Jess Franco Antonio Lázaro-Reboll, Ian Olney, 2018-08-20 The Films of Jess Franco seeks to address the scholarly neglect of this legendary cult director and to broaden the conversation around the director s work in ways that will be of interest to fans and academics alike

Surrealism and the Gothic Neil Matheson, 2017-08-07 Surrealism and the Gothic is the first book length analysis of the role played by the gothic in both the initial emergence of surrealism and at key moments in its subsequent development as an art and literary movement The book argues the strong and sustained influence not only of the classic gothic novel itself Ann Radcliffe Charles Maturin Matthew Lewis etc but also the determinative impact of closely related phenomena as with the influence of mediumism alchemy and magic The book also traces the later development of the gothic novel as with Bram Stoker s Dracula and its mutation into such works of popular fiction as the Fant mas series of Marcel Allain and Pierre Souvestre enthusiastically taken up by writers such as Apollinaire and subsequently feeding into the development of surrealism More broadly the book considers a range of motifs strongly associated with gothic writing as with insanity incarceration and the accursed outsider explored in relation to the personal experience and electroshock treatment of Antonin Artaud A recurring motif of the analysis is that of the gothic castle developed in the writings of Andr Breton Artaud Sade Julien Gracq and other writers as well as in the work of visual artists such as Magritte Sadian Reflections Yoav Rinon, 2005 This study encompasses many aspects of Sade s work the role of the gaze and its importance food in Sade s world connections between literary genres and the Sadian worldview interrelations of writing and masturbation the link between sexuality and philosophy especially in homosexual and lesbian contexts the Sadian chain of violence liberty and happiness and finally a discussion of love and its place in the savage and free world that Sade tried to create In addition the book bridges the gap between Sade s world and ours in a discussion of works by Lacan and Derrida thus expressing hidden strata

of Sadian notions and their critical role in shaping and constructing contemporary thought BOOK JACKET *Feminist Philosophy of Religion* Pamela Sue Anderson, Beverley Clack, 2004 Feminist Philosophy of Religion Critical Readings brings together key new writings in this growing field **Aesthetic Sexuality** Romana Byrne, 2013-11-28 To understand why the concept of aesthetic sexuality is important we must consider the influence of the first volume of Foucault's seminal *The History of Sexuality* Arguing against Foucault's assertions that only *scientia sexualis* has operated in modern Western culture while *ars erotica* belongs to Eastern and ancient societies Byrne suggests that modern Western culture has indeed witnessed a form of *ars erotica* encompassed in what she calls aesthetic sexuality To argue for the existence of aesthetic sexuality Byrne examines mainly works of literature to show how within these texts sexual practice and pleasure are constructed as having aesthetic value a quality that marks these experiences as forms of art In aesthetic sexuality value and meaning are located within sexual practice and pleasure rather than in their underlying cause sexuality's *raison d'être* is tied to its aesthetic value at surface level rather than beneath it Aesthetic sexuality Byrne shows is a product of choice a deliberate strategy of self creation as well as a mode of social communication
