Someone Else's Music Alexandra Wilson,2025-07-02 Someone Else's Music reveals a hidden history of popular opera going in Britain which defies the opera elitism stereotype At the same time the book traces how when and why that stereotype arose *The Official Index to the Times* ,1968 **Stirling's Desert Triumph** Gavin Mortimer,2015-04-20 The night of July 26 1942 saw one of the most audacious raids of World War II just as the outcome of that conflict hung in the balance In North Africa a convoy of 18 Allied jeeps carrying Special Air Service personnel appeared out of the early morning darkness and drove onto the Axis landing strip at Sidi Haneish in the Egyptian desert Within the space of a few savage minutes 18 Axis aircraft were ablaze a dozen more were damaged and scores of guards lay dead or wounded The men responsible for the raid then vanished into the night as swiftly as they had arrived prompting the Germans to dub the enemy leader David Stirling The Phantom Major Featuring full colour artwork gripping narrative and incisive analysis this engaging study recounts the origins planning execution and aftermath of the daring raid that made the name of the SAS at the height of World War II *A Shooting Star* Richard Fox,2009-06 A chance event prompts psychoanalyst Richard Fox to join the Gerson Racing Stable and live a life's dream buying and selling claiming horses and racing them *Authority and Displacement in the English-Speaking World (Volume I)* Florence Labaune-Demeule,2016-01-14 Whether one thinks of the modern world or of more remote times both seem to have been affected if not moulded by the interaction between the concepts of authority and displacement Indeed political and social sources of authority have often been the causes of major geographical displacements as can be illustrated by the numerous waves of migration which have been observed in the past

and which are still present today such as the transportation of slaves from African to American coasts in colonial times If displacement can often be understood as spatial displacement it can also be synonymous with psychological social and even aesthetic displacement for instance through different artistic means or through the use of stylistic discursive devices Displacement also entails displacement as well as dislocation or chaos This suggests that the etymological meaning of the term authority auctoritas has to be highlighted thus referring to the author of a particular work and to the different manifestations of the authorial persona in a work of art This collection of essays in two volumes examines the relationships between the concepts of authority and displacement in the English speaking world without restricting the analysis to a particular area or to the field of literature Some essays do indeed deal with literature from different spatial areas and temporal eras while others look into these concepts from a more cultural or aesthetic point of view Volume One Exploring Europe from Europe includes essays on Shakespeare's Measure for Measure John Ross's Second Exploration Voyage Thomas Hardy's Jude the Obscure in addition to investigations of Rose Tremain's novels Disguise by Hugo Hamilton and the cinematic adaptation of Conrad's Almayer's Folly by Chantal Akerman The volume concludes with a study of two novels by the Anglo Sudanese writer Jamal Mahjoub
