Quantifying Science and Engineering Research Facilities at Higher Education Institutions in the United States

The Survey of Science and Engineering Research Facilities

Throughout the United States, many higher education institutions have dedicated facilities for science and engineering (S&E) research. These spaces provide academics with the resources they need to make breakthroughs in their fields. Having space for specialty fields can help universities attract students, faculty members, and funding, all while fostering innovation.

What is the Survey of S&E Research Facilities?

The Survey of S&E Research Facilities is a biennial, congressionally mandated survey of research space at higher education institutions. This survey is a census of all research-performing colleges and universities in the United States that expended at least \$1 million in S&E research and development (R&D) funds in the prior fiscal year. It is conducted by the National Center for
